Subject: Clarification

- 1 When is your contract up for renewal?
 - 2 Is there a process for the community to evaluate your renewal. Yes or No?
 3. An average of ADA is not what I needed. How much per student at the elementary and how much per student at the high school is spent.
 - 4 I await your answers on the inter-district transfers.
 - 5 What reading program is currently being used at the elementary? How long did we have Kevin Clark's program and how much did we spend on it?
- Thank You, Mrs Bass
