Hi Mrs Bass.

I don't have that report it was part of Mr. Taylor's Masters Dissertation and it was an on line thing. We never had access to it. I know he is on vacation until August. You could possibly look at it at Chico State Library. I'm sure the data is contained in his Masters Thesis that is in the college library. I would try that. Sorry, I would be glad to share if I had it. CT.

I would like a copy of the Bullying Report that Mr. Taylor put together. I do not know the exact name of his project on bullying. It was compiled a few years ago. I asked Mr. Taylor for a copy, but he referred me to the district office for this request. Can you email it to me? Or, I will pick it up at your earliest convenience.
