July 2022

Warm Summer Greetings from Hamilton High!

As our Summer Break continues, I wish for each of you to have an enjoyable, relaxing, and restorative time away from the hectic school year. Rest now, but rest assured that the 2022-23 school year will be upon soon enough.

We completed this past school year with grand pomp and celebration for our Class of 2022! I am exceptionally proud of all of our students during the past few years with so much that has impacted our lives beyond the educational realm. Our future is bright with the Class of 2022 going out into the world, and it is bright also with our HHS students who will be with us this coming year, including what we expect will be one of our largest Fresh classes.

This summer is full of ongoing activities- athletic workouts, college visits (through GEAR UP), fundraisers, local events (see the flyers in this newsletter), summer school, camps, etc.! All of these help our students stay connected and active before August. Many of our activities planned for next year will continue the theme of growing our students through exploration of colleges, local business entities, and career exploration. We also plan on an Alumni Career Day early in the Second Semester (likely February 2023) for our students! More information will be made available once we return in full.

In the meantime, please continue to enjoy the blessings of family, friends, and life! Take special note of all that we have been granted and give appreciation, love, and respect to those special in our lives! At Hamilton High, we are truly blessed with our community!

Wishing Love, Appreciation & Health,

Cris Oseguera
Principal

Fresh Orientation

Welcome to Hamilton High to all incoming Freshman. We are excited to have you be part of our school.

We will be having an Orientation on August 2nd, from 9am to 12pm. You will have the opportunity to meet your fellow classmates, check out your schedule, get used to lockers, among other activities. We will be sending out flyers in July with more specific information. If you have any questions, please don't hesitate to call the office.

We can't wait to meet you!!! GO BRAVES!!!!

Registration for 2022-23 School Year

To better serve our students and families, registration every year is required so we have the most up to date information on you and your student. This year, we will again be doing online registration through our Aeries Parent Portal. We will also be implementing other online services thru our Parent Portal. With this said, our goal is to get all parents an account and have access to a Parent Portal.

The online registration window will open on **August 1st**. If you already have a parent portal, you don't need to do anything at this time, just please be patient. If you are a new parent and you do not have an Aeries Parent Portal account, we will be providing more information on how to get an account on August 1st so you will be able to do the online registration. We need to wait for our system to rollover before we create new accounts for new incoming students.

If you are an existing parent and have an incoming new student, your current account is will remain active and all you will need to do is add your new student to your existing account. Their information will also be available on Aug 1st.

Free Sport Physicals for HHS Students

We are fortunate to have two doctors volunteer their time and provide free physicals to our HHS Students. It will be on July 21st from 5:30pm-7:30pm in the HHS library. Please call the office to schedule an appointment, (530)826-3261. This is not only for fall sports, if you are playing a winter or spring sport, take advantage of this opportunity and make an apt.

All student/athletes are required to get a physical and complete the sports eligibility every year. You only need to do this once a year. This year, the Sport Eligibility paperwork is being done online thru **athleticclearance.com**. This is an easy process, if you need full instructions please see our website under the Athletics tab or contact the office.

Thank you Dr. Stickney and Dr. Matthews!
