## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Hamilton High School, with a 2022-23 current enrollment of 296 students, is located in Hamilton City, along Highway 32 approximately 10 miles from both Chico and Orland. Our school is a 23-acre campus with five main buildings, including a gymnasium, cafeteria, a 15,000 book capacity modern library, and an agricultural farm and facility with maturing olive and mandarin trees. Over the last three years, our school has added a modern hog barn and a new sheep barn. In November 2018, our community voters passed a \$7 million bond to expand the high school plant and subsequently (2020) purchased approximately 45 acres just north of the current high school. Recently, we celebrated 100 years of providing an exceptional educational experience for the greater Hamilton City community.

As a comprehensive 9-12 high school, we offer a challenging curriculum for our students and enjoy a strong academic record and reputation. Students at Hamilton High School can choose Advanced Placement courses, Career Tech education courses, fine arts and Spanish language courses, Agricultural-based courses in addition to our rigorous core curriculum offerings in Math, English, Science, and the Social Sciences. In Spring 2022, Hamilton High School was awarded a six year accreditation by the Western Association of Schools and Colleges (WASC)- the highest level that can be achieved by a secondary school. We are also expanding our college opportunities by offering Dual Enrollment courses for our students through Butte College.

We are fortunate to offer a varied amount of co-curricular and extra-curricular activities at Hamilton High. Many of our students participate in our Future Farmers of America (FFA) program, which is recognized as one of the finest in the North state area. Additionally, we annually have a theatrical play, a band program, and offer the following sports- volleyball, football, cross country, cheer, basketball, soccer, track & field, baseball, softball, and wrestling. We are pleased to state that our sports teams and student-athletes are recognized as competitive while continuing to exhibit appropriate sportsmanship and exceptional behavior.

School and student safety are paramount for our students and staff at Hamilton High and a priority of the site administrator. The site administrator, with assistance from the two Deans of Students, consistently supervises campus throughout the day and, along with the athletic director, each can be found at most extracurricular events. Periodic drills and training for fire, lockdown, and other emergency situations are conducted to enhance the preparedness and safety of our staff and students.

The Hamilton High School campus is attractive and welcoming with an abundance of trees, shrubs, and grassy areas and a courtyard quad that often serves as a main focal point for student interaction.

## 2022-23 School Overview

The mission of the faculty, staff, and administration of Hamilton High School is to provide a comprehensive educational program for all students so that all may have the skills and the opportunity to realize their full potential and, after graduation, become productive and contributing members of society. Each student, regardless of abilities, socio-economic, or cultural background should develop a sense of self-worth, accountability, responsibility, a desire for life-long learning, and a genuine concern for the welfare and cultural diversity of others.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

With the transition to Common Core State Standards, Hamilton High School will be reviewing and recommending to the HUSD school board California state CDE approved textbooks in the core subject areas. Math adoption occurred in 2014-2015, with state CDE approved textbooks. English Language Arts text book adoptions will occur in the 2016-17 school year. Science textbook adoptions occurred in 2020 in time for the 2020-21 school year. Our Social Science curriculum was updated with new purchases made for the 2018-19 school year.

## School Facility Conditions and Planned Improvements

Hamilton High School, with a current year enrollment of 296 students, is located in Hamilton City on a 23 acre campus. The school library has a 30-station computer lab, two conference rooms, faculty work/copy room, a 30-station computer work area, and a reference area with a capacity of 15,000 books. In Spring 2014, an additional portable classroom was added to our site to provide needed classroom space. Additionally, an upgraded server and technologically updated system were purchased and put into service in 2013-2014. In Spring 2015, the district backup devices were increased from 3TB to 6TB to assist in capacity. Internet and Network speed improvements completed in December 2016 increased network speed to 1,000MB. Our Internet/Network now has 10x faster internet access as well as improved school to school access. Over 300 chromebooks were purchased for student use, with our district now 1:1. As well, nearly each high school classroom in 2022 was outfitted with interactive computerized smart screen monitors for increased technological use.

In the Summer of 2016, HUSD repaired and updated the roofs of the Gym, the cafeteria, the library building, and the industrial technology building. In the winter of 2021-22, our gymnasium receive a facelift paint job. Previously, in September 2005, a \$2.2 million modernization program was completed on Buildings 100, 200, and 300- the gym received newer locker rooms and public restrooms as well as new bleachers and a refinished floor (the gym floor is refinished each summer). In Buildings 100 and 200, the office was expanded and all classrooms were modernized. Over \$150,000 in new furniture and equipment was purchased during the modernization. The Home Economics and Science rooms were modernized in the summer of 2008. Finally, in winter of 2021-22 new state-of-the art fire and communications systems were installed.

In Winter 2018, a new 9,000 square foot hog barn was completed for use beginning in January 2019. This barn will allow our school agricultural department to double the amount of animals we can house on site and increase the number of students participating in our CTE program. In Fall 2020, a new 6,000 square foot sheep barn was erected and used during the Spring 2021 semester.

School and student safety are very important and a priority at Hamilton High School. The site administrator and Deans of Students actively supervise the campus throughout the school day and are present at all extracurricular activities. Emergency drills are conducted regularly with the following drills held during the year: fire drills and lockdown drill.

Our campus is recognized as one of the most attractive in the area with an abundance of trees, shrubs, and flowers among the courtyards, playing fields, and grassy areas. A 1000-seat football stadium was finished in 2004, funded by a joint venture with the Friends of Athletics. In March 2005, the softball complex was completed. Other outdoor areas include two soccer fields, two baseball fields, an agriculture farm with both olive and mandarin trees, two tennis courts, and two basketball courts. In Summer 2022, safety lighting was added in the south campus area between Ella Barkley and Hamilton High campus.

Two maintenance/custodial workers and one grounds person keep the school clean and well maintained. Custodians are on duty from 7 A.M. until 10:00 P.M. on most school days. Restrooms are cleaned daily and kept in good working order.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Our district allocates at least \$50,000 yearly to this fund.

In the November 2018 election, our community approved a \$7 million bond aimed at the purchase of land located north of Hamilton High School and the construction of new high school facilities, which would include modern classrooms as well as a new gymnasium. Meetings will be held with community stakeholders to assist in the process of design and best ideas for the future facilities.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	53	N/A	23	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	23	N/A	13	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 Career Technical Education Programs

Each year at Hamilton High School, students complete a battery of assessments aimed at assisting the student in choosing possible career paths. Students research a number of careers and the education required for those careers in Career Life Planning (CLP), a required course for all students at Hamilton High School. Approximately 86% of our students are enrolled in Career Technical Education (CTE) classes and these programs provide students with valuable job skills. Similarly, many of the skills taught in CLP are utilized throughout the student's academic career at HHS. Hamilton High has required 10 credits of CTE as a graduation requirement for each student. Each of our special populations receives needed support in all courses, not just CTE.

Because we are a small school and district, our staff works closely to ensure student success. Valuable discussion occurs regularly to assist all student populations and class completion and course effectiveness is measurable. PowerPoint presentations, oral reports, and research skills are examples of some of the skills students are measured upon, in addition to gauging the effectiveness of the our programs. An end-of-course exam is also required and students must achieve a 70% or above to receive college credit. CTE instructors also administer quarterly benchmark assessments.

We have also received additional funding through the CTEIG as well as applied for Strong Workforce Program funding through CDE, which continues into 2022-23. These additional funds will be utilized to enhance the exposure and awareness to CTE through our school pathways.

Most of these courses are articulated with Butte College in 2+2 agreements where students can earn college credit for high school courses. Faculty and staff from HHS also meet with Butte College instructors to ensure course curriculum and standards are aligned. Hamilton High participates in the Youth Employment Skills program where students learn job skills and then are placed in paid work experience positions. Additionally, new state funding will allow for increased dual enrollment as well as potentially courses for Butte College offered on site by HHS staff members. Hamilton High School is committed to encouraging and providing Dual Enrollment courses for our students with Butte College and we expect to offer several more over the next couple of years as currently we have two Dual Enrollment courses for our students.

Career preparation courses and programs include the following: Life Skills, Environmental Horticulture. Courses conducted by Career Tech Education teachers (formerly ROP) include: Horticulture (Floral Design), Ag Careers, Ag Mechanics, Careers with Children, Digital Photography, and Web Design.

## 2021-22 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	250
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	40
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

## Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2021-22 Pupils Enrolled in Courses Required for UC/CSU Admission	100.00
2020-21 Graduates Who Completed All Courses Required for UC/CSU Admission	33.85

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Hamilton High School staff and administration believe that parent involvement is vital to our student's success. Our school offers Back-to-School Night in the fall and Open House in the spring for parents to meet and communicate with their child's teachers as well as viewing the new, exciting, and challenging curriculum students have completed. Parent/Teacher conferences are held once each semester, in September and February each year, one of the few high schools to offer these conferences. At the Open House, samples of student work from throughout the year are also showcased and student success is at the core of the evening.

Parents are welcome to visit our campus, take school tours, or visit with the Principal. A visitor's pass and a school information can be obtained in the school office. Regular school newsletters are produced and shared via AERIES communication, instagram & twitter, and in local business establishments.

Parents have the opportunity to participate in a wide variety of programs including Hamilton High Athletics, Hamilton High School Sports Boosters, HC Future Farmers of America (FFA), and School Site Council, just to name a few. Also, regular invitations to district level meetings, such as LCAP, are made through the auto-dialing system and school mailings. Parents are always welcome at our school and may contact Principal Cris Oseguera at (530) 826-3261 ext. 1008 or [coseguera@husdschools.org](mailto:coseguera@husdschools.org) for more information about getting involved in the school's programs.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Hamilton High School continues to provide a safe and secure campus for students, employees, and visitors. All take pride in ensuring Hamilton High School remains a positive educational environment for all students. Our crime rate remains well below that of other schools in the area and significantly below high schools throughout the State. The District's School Safety Plan details Hamilton High School's policies regarding transportation, student discipline, emergencies and disaster preparedness, dress codes, and child abuse reporting. This plan is available in the office for public inspection.

The HUSD and HHS School Safety Plan of Emergency Operations was adopted by the HUSD School Board on April 14, 2014. HHS Staff fully participated in the development of the plan and items are regularly reviewed in HHS Faculty meetings. Even through the coronavirus pandemic, our HHS School Site Council reviewed and updated the HHS School Safety Plan in Late Fall 2020 semester, with regular updates and discussion related to the pandemic and was approved by the HUSD School Board in April 2022.

The site administrator regularly provides timely and necessary in-service training for the purpose of prevention, compliance, and, importantly, awareness of issues that may affect our students, staff, and school culture. In 2020-21, these in-services have largely centered on meetings the health and safety protocols needed to best protect students and staff. In the 2019-20 school year, we were fortunate to have a school resource office assigned to Hamilton High School on a regular rotation basis, a placement beneficial to the safety of our school and this continued for 2020-21 school year. Currently, a school resource officer is not assigned to HHS; however, we work closely with the Glenn County Sheriff Department to ensure the safety of our students and staff. In Fall 2018, we had various informational meetings with the Glenn County Sheriff's Office regarding lockdown training and procedures- with consideration of the "fight or flight" procedures- as well as on the mental health SMART program and on internet postings concerning students. Our school safety coordinator keeps us well informed of new safety policies and procedures. Our school staff is provided with regular safety training on a variety of topics germane to Hamilton High School

Hamilton High School continues to work closely with local law enforcement and the local fire department and we are fortunate that both agencies are attentive to our needs. In 2020-22, due to the coronavirus pandemic, the majority of our meetings, trainings, and discussions have centered on our protocols for student and staff safety. .

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## 2021-22 Types of Services Funded

The following programs and services represent the sources from which funding is secured to assist students at Hamilton High School- these monetary sources are generally either state or federal programs: Title II (Teacher Quality); Title III (LEP & Immigrant); Title IV (Student Support & Academic Enrichment); Title V (Rural & Low Income); Career Tech Education Incentive Grant (CTEIG); Carl Perkins Vocational Education; Agricultural Incentive Grant; College Readiness Block Grant (CRBG), which expired in June 2019.

We have also received additional funding through CTEIG as well through CDE. These additional funds will be utilized to enhance the exposure and awareness to CTE through our school pathways.

Since Fall 2020, HUSD has received significant state and federal funding to assist with covid pandemic related expenditures. Additionally, for the 2022-2028 school years, funding is provided for learning loss, expanded learning opportunities, as well as other potential interventions necessary due to covid related learning issues. We are also receiving GEAR UP funds for a cohort of students (10th & 11th grades currently) to enhance college awareness, college & career opportunities, and general instructional growth.

Funding from these sources allows Hamilton High School to offer support classes, assist new immigrant students, assist our migrant students and families, allow for us to increase the number of agricultural class offerings, and offer nearly a dozen CTE courses. Also, we are able to offer college campus tours, college and financial aid workshops to our students, and cover the costs of Advanced Placement (AP) and PSAT tests for all our students. We have been able to provide ongoing professional development opportunities to our staff.

## Professional Development

In the 2021-22 and 2022-23 school years, HUSD provided Hamilton High School with four full days of professional development/in-service days. Additionally, every Friday is a student minimum day with the afternoons scheduled as a Professional Learning Community (PLC) team opportunity. Focus areas for staff development for our school are safety, especially once the pandemic affected our schools, structured English immersion, common assessments, integrated math implementation, and NGSS implementation. These areas of professional development were selected based on the needs of our students, particularly the structured English immersion trainings which are aimed at improving access to our educational programs for all students. These will continue to be a focus as well as health and safety procedures due to the pandemic. We also focus on

The Math Department teachers have been involved in ongoing training aimed at the implementation of Common Core Math Standards and the varied delivery of curriculum involved in CCSS Math Standards. Implementation is now complete and the Math teachers have weekly collaborative PLC meetings

Beginning with the 2021-22 school year, our master schedule was changed to a modified block schedule, allowing for students and teachers to meet four times a week while still having lengthier periods on two of the schooldays for labs, projects, and presentations. We are looking for the next school year to add back sections to allow for more core classes and more electives. Continued training is provided for the implementation of data analysis and data analysis programs with the intent of improving the teachers use of data to inform and improve instruction to help our students achieve academically. Weekly collaboration time in the schedule on Friday afternoon PD and PLC time is utilized for the structured department collaboration time, work on pacing guides and essential standards and information on CAASPP and other mandated testing. PLC time is a time during which our teachers fully collaborate, discuss, and seek out solutions to better assist instruction, curriculum, and student achievement.
