As you know, fourth graders will be taking the **NYS Science Exam**, which has two parts. The performance portion will be administered on **Wednesday, May 23** and the written portion of the test takes place **Monday, June 4**. The *Performance Test* consists of hands-on tasks, which will be completed at three activity stations. The *Written Test* consists of both multiple choice and short answer questions. Additionally, there will be a Science Field Test given on May 15. This exam is 30 minutes and takes place in the classroom.
