To the Board of Education  
Braymer C-4 School District

We have audited the modified cash basis financial statements of the governmental activities and each major fund of Braymer C-4 School District for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 9, 2021. Professional standards also require that we communicate to you the following information related to our audit.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Braymer C-4 School District are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper accounting period.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

During this year's audit, we discussed with management of Braymer C-4 School District that their cash balances in their General Ledger report should match their fund balances on the Annual Secretary of the Board Report. We recommend that the District takes action and corrects the balances going forward.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated November 10, 2021.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

We did not audit the other information and do not express an opinion or provide any assurance on the other information. With respect to the other information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the modified cash-basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the other information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on introductory and statistical sections, which accompany the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### Restriction on Use

This information is intended solely for the use of the administration and the Board of Education of Braymer C-4 School District and is not intended to be, and should not be, used by anyone other than these specified parties.

## **Reporting on the District as a Whole**

### *The Statement of Net Position and the Statement of Activities*

The District's financial transactions as a whole for the year are summarized on the Statement of Net Position and the Statement of Activities. The statements include all assets and liabilities using the modified cash basis of accounting.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. The financial statements are presented on the modified cash basis of accounting, under which revenues are recorded when received rather than when susceptible to accrual, and expenditures are recorded when paid rather than when the fund liability is incurred, except for teachers' salaries as explained in Note A to the financial statements.

These two statements report the District's change in net position. The change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, facility conditions, required educational programs, and other factors.

In the Statement of Net Position and the Statement of Activities, the District reports governmental activities. Governmental Activities are the activities where most of the District's programs and services are reported including, instruction, support services, operation and maintenance of plant, pupil transport, food service, and student activities.

## **Reporting the District's Most Significant Funds**

Fund financial reports provide detailed information about the District's major funds. District resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. The following types of funds are used by the District:

General Fund – Accounts for and reports all financial resources not accounted for and reported in another fund.

Special Revenue Fund – Accounts for and reports the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Fund – Accounts for and reports financial resources that are restricted, committed, or assigned to expenditures for capital outlay, including the acquisition or construction of capital facilities and other capital assets.

### The District as a Whole

The Statement of Net Position provides the perspective of the District as a whole. Table 1 provides a summary and comparison of the District’s net position for 2021 and 2020:

**The District's Funds**

The District's funds are accounted for using the modified cash basis of accounting. All governmental funds had total revenues of \$3,836,498 and total expenditures of \$3,826,207. The net change in fund balance for the year was \$10,291.

**General Fund Budgetary Highlights**

During the course of the year, the District amended the annual operating budget as the Board approved changes. The primary reason for the amendments were minimal fluctuations in actual expenditures made and due to uncertainty of revenues from the State of Missouri Department of Elementary and Secondary Education.

**Economic Factors and Next Year's Budget**

The budget for the year ended June 30, 2022 has been prepared and approved by the Board of Education. This budget includes the assumption of several economic conditions that will play a significant role in the financial health of the District:

The following major assumptions drive the FY22 budget:

**\*\*Pre-School**

We have a Title I preschool, which is funded through federal money. The district offers 2 preschools. The first preschool is made up of 10 students that come in the morning. The teacher has half of her salary paid for using the title I federal programs money. The other half of her salary is paid through local funds, where she is the elementary PE teacher in the afternoon. The second preschool is also a morning preschool and is funded by local money and sometimes funded with ECSE money depending on our students. The 2020-2021 school year will be funded through ECSE money.

P. 660-645-2284, F. 660-645-2780

## **\*\*Elementary School**

The estimated elementary enrollment will be around 170 students, which is very close to where we have been for a few years. The student/staff ratios will remain comparable to last year. The goal each year is to keep Kindergarten and 1st grade split and have two teachers at each of those levels. We have one large class of 34 students going to the Middle School so we will have one less Elementary staff member then the previous year.

## **\*\*Summer School**

The district supports the summer school program. We offer a free breakfast/lunch program called Summer Food Service Program through Department of Health and Senior Services. We offer all elementary classes and a high school have a credit recovery option.

## **\*\*Middle School**

We have one large class of 34 students going through and they will be 7th graders this upcoming school year. Their size has required us to keep them split. This has forced us to add a staff member to accommodate this larger group. We are able to meet the needs of our students and fulfill DESE requirements.

## **\*\*High School**

Student enrollment will remain virtually the same. Staff ratios will also remain the same. We are able to meet the needs of our students and fulfill DESE requirements. We monitor our programs as well as outside programs in order to provide as many upper level courses as possible.

## **\*\*Project Lead the Way, PLTW**

The district has made continued progress in implementing courses in the areas of Science, Technology, Engineering, Art, Mathematics or STEAM. The district is meeting the STEAM goals with its participation in Project Lead the Way, PLTW. The district has trained and committed resources for all of the Elementary call "Launch". The district has also trained and committed resources for one PTLW class in the High School. Starting in 2019-2020 the district will be adding a second PTLW course in the High School as well as sections in the Middle School called "Gateway". This budget supports this continued program growth.

P. 660-645-2284, F. 660-645-2780

## **\*\*Auxiliary Services**

The district provides Transportation, Custodial/grounds, and Food Service. These areas are monitored for effectiveness and economic benefit. State funding for transportation has continued to decrease over the past several years. Many deferred maintenance projects have been underway and are planned to continue over the next year. The new busses acquired in 2017-2018 will also have the last big payments in this budget.

## **\*\*Technology**

The district technology department will be adding fiber, connecting the switch rooms across the building. This will complete the major infrastructure update starting in the Summer of 2018. The budget will reflect this as well as the continued need to update district technology devices for student faculty and staff.

## **\*\*Federal Funding**

The district federal funding is down from the past but is estimated to maintain at current levels. The education needs will continue for our special need's student. The cost for this student's education gets classified as "High Needs" which will allow the district to be reimbursed for a large portion of the expense incurred. The district is scheduled to receive the 2018-2019 high needs funds starting in the 2019-2020 school year. The issue is that actions taken to services the "High Needs" student, during the 2019-2020 school year, will not be reimbursed until the 2020-2021 school year. Reimbursement is always the year after the expense is accrued. This budget reflects the anticipated funding needs.

## **Contacting the District's Financial Management**

## INDEPENDENT AUDITORS' REPORT

To the Board of Education  
Braymer C-IV School District  
Braymer, Missouri

We have audited the accompanying modified cash basis financial statements of the governmental activities and each major fund of the Braymer C-4 School District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis described in Note A; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of the Braymer C-4 School District as of June 30, 2021, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note A.

**Basis of Accounting**

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

**Other Matters***Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The management's discussion and analysis and budgetary comparison information on pages I–VIII and 20-23, which are the responsibility of management, are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2021, on our consideration of the Braymer C-4 School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Braymer C-4 School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

BRAYMER C-4 SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2021

NOTE A -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District's accounting policies conform to the modified cash basis of accounting which is a characteristic of local governmental units of this type.

Financial Reporting Entity

The District is organized under the laws of the State of Missouri and is a primary government, which is governed by an elected seven-member board. The District is not financially accountable for any other organization, nor is it a component unit of any other primary governmental unit.

Basis of Presentation

*Government-Wide Financial Statements*

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements present governmental activities generally financed through taxes, intergovernmental receipts, and other non-exchange transactions.

*Fund Financial Statements*

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, fund balance, receipts and disbursements. The District has only governmental funds. The governmental funds of the District are all considered major funds by the Department of Elementary and Secondary Education.

The funds presented in the accompanying basic financial statements include all funds established under Missouri Revised Statutes and controlled by the Board of Education. The purpose of each fund is:

General Fund: Accounts for disbursements for non-certified employees, school transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program, and any disbursements not accounted for in other funds.

Special Revenue Fund: Accounts for disbursements for certified employees involved in administration and instruction, and includes receipts restricted by the State for the payment of teacher salaries and taxes allocated to this fund based on the District's tax levy.

Capital Projects Fund: Accounts for taxes and other receipts restricted, committed, or assigned for acquisition or construction of major capital assets and other capital outlay as defined by State of Missouri statutes.

BRAYMER C-4 SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2021

NOTE A -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The government-wide Statement of Net Position and Statement of Activities and the fund financial statements are presented using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position/fund balance, receipts, and disbursements when they result from cash transactions. Also, salaries for teachers are recorded as expenditures paid in the fiscal year in which the obligation under the salary contracts are fulfilled by the teachers, even though a portion of such salaries are not paid until July and August of the following fiscal year. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenditures (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the District utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Capital Outlay

General fixed assets are recorded as disbursements in the Capital Projects Fund at the time the invoice for the capital item is paid.

Compensated Absences

Vacation time, personal days, and sick leave are considered as disbursements in the year paid. Sick leave amounts unused and which are vested in the employee are payable upon termination.

Long-Term Debt

Long-term debt arising from cash transactions of the governmental funds is not reported in the government-wide financial statements or the fund financial statements, which is consistent with the modified cash basis of accounting. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as disbursements.

Teachers' Salaries

The salary payment schedule of the District for the 2020-2021 school year requires the payment of salaries for a twelve-month period. Consequently, the July and August, 2021, payroll checks are included in the financial statements as disbursements in the month of June. This practice has been consistently followed in previous years.

Pooled Cash and Investments

The District maintains a cash and temporary investment pool that is available for use by all funds. Investments of the pooled accounts may consist primarily of certificates of deposit and U.S. Government securities, carried at cost. Interest income received is allocated to contributing funds based on cash and temporary investment balances.

BRAYMER C-4 SCHOOL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2021

NOTE A -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Classification

In the government-wide financial statements, net position is classified in two components as follows:

*Restricted net position* -- Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisional or enabling legislation.

*Unrestricted net position* -- All other net position that does not meet the definition of "restricted."

It is the District's policy to first use restricted net position prior to the use of unrestricted net position when disbursements are made for purposes for which both restricted and unrestricted net position are available.

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on constraints imposed on the use of these resources as follows:

*Nonspendable fund balance* -- This classification includes amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact.

*Restricted fund balance* -- This classification reflects the constraints imposed on resources either a) externally by creditors, grantors, contributors, or laws and regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislations.

*Committed fund balance* -- These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the Board of Education -- the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board of Education removes the specified use by taking the same type of action imposing the commitment.

*Assigned fund balance* -- This classification reflects the amounts constrained by the District's "intent" to be used for specific purposes, but are neither restricted or committed. Assigned fund balances include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

*Unassigned fund balance* -- This fund balance is the residual classification for the General Fund. It is used to report negative fund balances in other governmental funds.

In circumstances when a disbursement is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

Program Receipts

Amounts reported as program receipts include 1) charges to students or others for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. All other governmental receipts are reported as general receipts. All taxes are classified as general receipts even if restricted for a specific purpose.

NOTE B - TERMINATION BENEFITS

The District does not offer formal early retirement benefits. The Board of Directors from time to time will grant termination benefits to exiting employees of the District on a case by case basis. No such benefits were paid during the year.

BRAYMER C-4 SCHOOL DISTRICT  
 NOTES TO THE FINANCIAL STATEMENTS  
 JUNE 30, 2021

NOTE C - CASH AND CASH EQUIVALENTS

State statutes require that the District's deposits be insured or collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2021, all bank balances on deposit are entirely insured or collateralized with securities.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District has a formal investment policy that minimizes the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operation, thereby avoiding the need to sell securities on the open market prior to maturity and investing operating funds primarily in shorter term securities.

NOTE D - INVESTMENTS

Investments of the District as of June 30, 2021, are as follows:

Investment Type	Maturity	Amount
Certificates of deposit	2/13/2022-11/30/2022	\$ 458,956
Edward Jones	N/A	11,842
Missouri Securities Investment Program (MOSIP) - Cash Management Funds	N/A	1,795,351
		\$ 2,266,149

Missouri Securities Investment Program (MOSIP)

District funds in the Missouri Securities Investment Program are invested in cash management funds in which the District has a pro-rata share. The funds are invested in accordance with Section 165.051 of the Missouri Revised Statutes. The cash management fund has a current rating of AAAM from Standard and Poor's. Fair market value approximates cost.

Certificate of Deposit

Certificates of deposit are classified as investments but are considered deposits for custodial risk determination. State statutes require that the District's deposits be collateralized in the name of the District by the trust department of a bank that does not hold the collateralized deposits. As of June 30, 2021, all certificates of deposit are entirely insured or collateralized with securities.

NOTE E - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The District maintains commercial insurance to protect itself from such risks.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2021

NOTE G - RETIREMENT PLAN (Continued)

General Information about the Pension Plan - The Public School Retirement System of Missouri (PSRS)

*Plan Description* - PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the state of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987, and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member required to contribute to Social Security comes under the requirement of Section 169.070(9) RSMo, known as the "two-thirds statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount. A Comprehensive Annual Financial Report ("CAFR") can be obtained at [www.psr-peers.org](http://www.psr-peers.org).

*Benefits Provided* - PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of 5 years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life Benefit Amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at [www.psr-peers.org](http://www.psr-peers.org).

*PSRS Contributions* - PSRS members were required to contribute 14.5% of their annual covered salary during during fiscal years 2019, 2020, and 2021. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

The statutes place responsibility for the operation of PEERS on the Board of Trustees of the Public School Retirement System of Missouri. A Comprehensive Annual Financial Report ("CAFR") can be obtained at [www.psr-peers.org](http://www.psr-peers.org).

*Benefits Provided* - PEERS is a defined benefit plan providing retirement and disability benefits to its members. Members are vested for service retirement benefits after accruing five years of service. BRAYMER C-4 SCHOOL DISTRICT  
NOTES TO THE BUDGETARY COMPARISON SCHEDULE  
JUNE 30, 2021

Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1 In accordance with Chapter 67, RSMo, the District adopts a budget for each fund.
- 2 Prior to July, the Superintendent submits to the Board of Education a proposed budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated receipts and proposed disbursements for all funds. Budgeted disbursements cannot exceed beginning available monies plus estimated receipts for the year.
- 3 A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- 4 Prior to July 1, the budget is legally enacted by a vote of the Board of Education.
- 5 Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the Board. Adjustments made during the year are reflected in the final budget information included in the financial statements. Budgeted amounts are as originally adopted, or as amended by the Board of Education. Individual amendments were not material to the original appropriations, which were amended.
- 6 Budgets for District funds are prepared and adopted on the modified cash basis (budget basis).

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education  
Braymer C-4 School District  
Braymer, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying modified cash basis financial statements of the governmental activities and each major fund of Braymer C-4 School District as of and for the year then ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued a report thereon dated November 10, 2021.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances, for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings, identified as finding 2021-001 that we consider to be a significant deficiency.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Response to Finding**

The District's response to the finding identified in our audit is described in the accompanying Schedule of Findings. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BRAYMER C-4 SCHOOL DISTRICT  
SUMMARY SCHEDULE OF FINDINGS  
FOR THE YEAR ENDED JUNE 30, 2021

**Section I -- Financial Statement Findings**

SIGNIFICANT DEFICIENCY

2021-001 Segregation of Duties

*Condition:* Because of a limited number of available personnel, it is not always possible to adequately segregate certain incompatible duties so that no one employee of the District has access to both physical assets and the related accounting records, or to all phases of a transaction. The District currently has one full time bookkeeper to handle the accounting needs of the District. There are some mitigating controls in place but it is not possible to have segregation in all areas.

*Criteria:* Duties should be segregated so that no one employee has access to physical assets and the related accounting records, or to all phases of a transaction.

*Effect:* Risk is present that errors or irregularities in amounts that would be material to the basic financial statements may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

*Recommendation:* We realize because of limited resources and personnel, management may not be able to achieve a proper segregation of duties; however, our professional standards require that we bring this lack of segregation of duties to your attention in this report.

*Management Response:* The limited number of available personnel prohibits segregation of incompatible duties and the District does not have the resources to hire additional accounting personnel.

## INDEPENDENT ACCOUNTANTS' REPORT ON MANGEMENT'S ASSERTIONS ABOUT COMPLIANCE WITH SPECIFIED REQUIREMENTS OF MISSOURI LAWS AND REGULATIONS

---

To the Board of Education  
Braymer C-4 School District  
Braymer, Missouri

We have examined management of Braymer C-4 School District's assertions that Braymer C-4 School District complied with the requirements of Missouri Laws and Regulations regarding budgetary and disbursement procedures; accurate disclosure of the District's attendance records of the average daily attendance, standard day length, resident membership on the last Wednesday of September, pupil transportation records of the average daily transportation of pupils eligible and ineligible for state aid, the number of miles eligible and ineligible for state aid and other statutory requirements included in the accompanying Schedule of Selected Statistics during the year ended June 30, 2021. Braymer C-4 School District's management is responsible for its assertions. Our responsibility is to express an opinion on management's assertions about Braymer C-4 School District's compliance with the above specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions about compliance with the specified requirements are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertions are fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions that Braymer C-4 School District complied with the requirements included in the Schedule of Selected Statistics are fairly stated, in all material respects except for the following items:

- 1) A count was not taken the last Wednesday in January for students participating in the lunch program based on eligibility. Instead, a total number of meals was recorded. While the students all received free lunches during the year, the State still required the District to track eligibility and complete a lunch count by student on the appropriate count day and submit that total split by Free and Reduced to DESE.
- 2) The District did not post, at least quarterly, a searchable expenditure and revenue document showing actual income, expenditures, and disbursements for the calendar or fiscal year on the District's website or other form of social media per State requirement. The District has since posted the missing documents and will be doing so going forward.
- 3) The District did not post their previous year audit report within the State required thirty days of receipt.
