# CAMPUS IMPROVEMENT PLAN

## Site-Based Decision making

Last week was the first meeting of this year's Campus Improvement Plan Committee. This team is made of teachers, non-teaching staff, parents, community members, and business partners. We are working together to review our campus needs and to create a CIP to match our needs. If you'd like to share ideas or input with any of these team members, please do so! Make sure to thank them for their time and energy being put into improving our school!
