Standards for English Language Arts K-12 and Math K-12, Discalcula and Dyslexia for early learning intervention, the Danielson evaluation tool, and literacy, math, science, social studies, and virtual instructional best practices. These topics have been chosen based on identified local needs and state mandates.

No Title II, Part A funds will be used to address this Area of Focus. If this box is checked then the LEA does not need to complete the next question or the budget section for this Area of Focus.

B. Describe the funded activities that will be implemented to address Area of Focus 1.

Costs associated with vehicle maintenance and gasoline may be incurred for professional learning activities requiring teachers and other school leaders to travel in and out of the county. The total cost for this activity is \$1,250.00.
Activity 13	Teachers are paid a stipend for participating in after-hours and summer professional learning. The stipend is \$35 after hours and \$200 per day during the summer. To receive the stipend, teachers must complete the follow-up activity. Teachers may receive a stipend for attending Learning-Focused, NEFEC, and other training through Title I or other funding sources.
Activity 14	We will continue to offer reading endorsement training. We found that it is more cost-efficient to develop our own courses to provide to our teachers using our own in-house instructor. By developing our own courses, we could reduce the costs associated with supporting our teachers in obtaining their reading endorsement.
Activity 15	When teachers are out of their classrooms to attend training or conferences in the areas of best instructional practices, ELA, math, science, social studies, leadership, WIDA, UDL, the use of data, early childhood education, behavior management, Advanced Placement, Cambridge AICE, and International Baccalaureate studies, substitute teachers are provided.
Activity 16	Materials and Supplies are needed when providing professional learning opportunities whether they occur after school, over the summer, or as job-embedded training.
Activity 17	Teachers who are identified by their principals as needed to become certified in a new field are reimbursed for the subject area exam and the certification application fees upon proof of passing and payment, as allowed by the budget. This helps to ensure that teachers are teaching in the field. Subject area exams reimbursement = \$150 plus an additional \$75 certification application fee, for a total of \$225 per teacher.
