UCC Forestry A.S. - Forest Engineering A.S.

Our Forestry programs provides students with an education in fundamental forestry knowledge, applied field-based skills, and professional and ethical behavior to be successful professionals assisting in the management of forested ecosystems that promote environmental, social, and economic values. The forestry degree will prepare students to engage in the following transfer programs: Forest Management, Forest Operations, and Forest Restoration Fire. The UCC Forestry program is a Degree Partnership Program with Oregon State University. The Forestry curriculum is intended to meet the requirements for the first two years of course work necessary for application to the Forestry Professional Program at OSU.
