The Neurosequential Model of Education: Information for Families on how to support Regulation, Relation, and Reasoning

This session will provide information regarding the Neurosequential Model of Education by Dr. Bruce Perry, author of *Boy Raised as a Dog* and co-author of *What Happened to You?* with Oprah Winfrey. The NME model is a developmentally sensitive and biologically respectful approach that supports families and schools in their work with students. Focus of this session will be an understanding of the NME model as it applies to child development, as well as helpful strategies and methods for families to use to regulate, relate, and reason with their children.

Presenter: Lainie Sgouros

Parking Update

Recently, it was communicated to me, by the City of Tempe Police Department, that the area in front of the wall facing Mariposa is a “No Parking Area.” Please see the black double-sided arrow in the picture below. Previously, that was not my understanding, so please accept my apologies for the inconvenience this may cause some of our families. Please review the map and refrain from parking in this area to avoid the possibility of a parking citation. For student and parent safety, please do not climb the wall and cross the front parking lot as bus and other vehicle traffic can present an unsafe situation. Please use the crosswalk at the west end of the campus to cross the street. Thank you for helping keep our school a safe place for you, your children and our staff.
