

Subscribing to Calendars: Apple

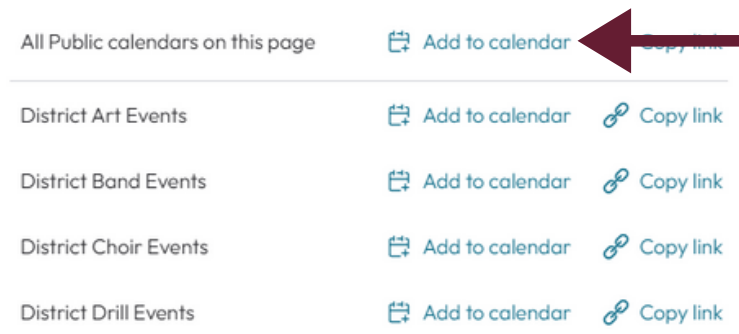

Calendars

Go to a webpage with embedded calendars. Some calendar pages may have tabs to select the calendar of interest.

Click the gray "RSS" button to open the subscription pop-up.

You will see a list of calendars available. The top option "All Public calendars" subscribes you to all listed calendars.

"Add to calendar" only works on Apple and iOS devices and will open the Calendar app. You will be prompted to subscribe and customize your selected calendar.

You will be prompted to subscribe and customize your selected calendar.
