

South Florence High School Parent and Family Engagement Policy 2024-2025

August 2024

Parents of South Florence High School are involved in formulating the Parent and Family Engagement Policy through Parent Input Forms and Title I/School Improvement Council Committee meetings. The Parent and Family Engagement Policy is discussed at Title 1 Annual meetings and Title I/ School Improvement Council meetings held throughout the year. Parents and Guardians can find a Title I Input Form on the school's website in order to provide the school with any changes they would like to see to the policy. The Title I Committee, which includes parents, is involved in the planning, review, and improvement of the Parent and Family Engagement Policy. Parent Surveys are used to gather information regarding needed workshops, barriers that may hinder parents from attending workshops/meetings, most convenient time/day for workshops, and knowledge of Title I. All parents will receive school and district Parent and Family Engagement policies as a hardcopy and through the school's SMORE Newsletter, as well as on the South Florence High School website.

The Title I Program Plan is discussed at the Title 1 Annual Meeting. Parents may ask for further discussion or they may view a copy upon request. Parents are informed of program requirements and their right to be involved. The plan is also discussed at the Title 1 committee meetings and at the monthly School Improvement Council Meetings. All parent suggestions and comments are taken into consideration.

To encourage parent and family engagement, South Florence High School will provide parents with timely information about current programs and activities. Our school website is kept current so that parents can see what is going on at our school, and SMORE newsletters with Title I updates are on the school web page. SMORE reminders are sent out regarding important dates and upcoming events sponsored by either South Florence High School or Florence One Schools.

South Florence High School will give parents a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure students' progress, and the proficiency levels students are expected to meet. This is achieved through parent-teacher conferences, the school website, and information given at parent orientation and Title I/School Improvement Council meetings. Meetings and conferences will be held at various times during the day to accommodate the work schedules of our parents

South Florence High School will, if requested by parents, give opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children and respond to any suggestions as soon as possible. This can be accomplished at APTS meetings, appointments made with grade level teachers and/or administrators, or at parent-teacher conferences.

If the school-wide program plan is not satisfactory to the parents of the participating children, the comments and suggestions will be submitted to the Title I Committee. South Florence High School may use Title 1 funds to pay reasonable and necessary expenses associated with parent and family engagement activities to enable parents to participate in school-related meetings and training sessions (parent workshops).

South Florence High School will provide materials and training through Title 1 Parent Meetings (workshops). The workshops are planned from requests on the Title 1 parent surveys. The workshops may include training in study skills, using technology, and other pertinent information to help parents. Parent Workshops will be held at various times during the day and year.

The South Florence High School Compact will be jointly developed with parents, school staff and students and will outline how parents, school staff, and students will share in the responsibility for improved student achievement. Parents are also involved in the planning (Title I Committee Planning Meeting), review, and improvement of the school's Title I Program.
