INTRODUCING...

**"LIGHTS, CAMERA, ACTION: SPOTLIGHT ON
LEARNING"**

This month we are focusing on holding ourselves accountable inside and outside of the classroom!

Greetings, EHUE Families,

Our students continue to shine brightly in their educational journey as we enter the second quarter of the school year! They are diving into new learning opportunities, celebrating their success in exceeding RAMS Way expectations, and exploring exciting new interests and pathways for their future!

As we continue to immerse ourselves in our theme, "Lights, Camera, Action! Spotlight on Learning," inspired by the book *Lotte's Magical Paper Puppets* by Brooke Hartman, we would like to highlight our Grade 5 students from Mrs. Tronetti's class who partnered with Pine-Richland High School students to collaborate on a unique art opportunity tied directly to the illustration methods utilized within our theme book. You can read more details about our [Grade 5 art project here!](#)

Our EHUE star students have worked hard to demonstrate the RAMS Way expectations and earn Dojo points, ultimately unlocking our school-wide reward, the Sustainable Confetti Concert! This quarter, we focused on the **R** of RAMS Way—respect. Through neighborhood meetings and school-wide assemblies, we've emphasized the importance of respecting ourselves, others, and our school community. To celebrate reaching 74,000 Dojo points, we held our Sustainable Confetti Concert on October 24. The Pine-Richland High School jazz band and dance team kicked off the event, which culminated in a fun confetti toss using sustainable materials! Thanks to the generous support of our PTO, students also enjoyed a picnic lunch, complete with music from a DJ and a special treat for everyone! We are incredibly grateful for our PTO's continued support in helping us celebrate our students' positive behavior!

In Physical Education, Mr. Kunz and Mrs. Adams have been engaging students in activities designed to build communication skills, teamwork, and sportsmanship. One recent activity challenged students to work together to create a letter or symbol through effective team communication. Afterward, students participated in a variety of fitness exercises, with activities differentiated to cater to students' individual interests and abilities. This approach ensures that all students are supported and encouraged to thrive at their own level.

Some of our Grade 6 students recently participated in a Socratic Seminar, an engaging discussion activity that promotes critical thinking and deepens their understanding of key concepts. This collaborative approach encourages students to engage in meaningful conversations with their peers.

On Halloween, our students enjoyed a fun-filled day thanks to the PTO, who hosted festive parties for each grade level! Our volunteers organized creative games and crafts, allowing students to engage in activities with their peers. The halls were filled with excitement and joy as students participated in these hands-on experiences! We are grateful to all the volunteers who dedicated their time to make these parties special and memorable for our students!

Grade 6 students recently had the opportunity to collaborate with Pine-Richland High School students on a Social Studies writing project. PRHS students visited Eden Hall to work directly with our sixth graders in Aquatics, offering valuable feedback and support. Our students were excited to partner with the high school students and greatly appreciated the insights they received, enhancing their writing skills and fostering a sense of community across grade levels.
