Little Leaders lessons are aligned with the North Carolina Foundations for Early Learning and Development and connected to the Core Knowledge Sequence.

The curriculum resources build early literacy and mathematical foundational skills. It addresses all areas of a child's development including: language, literacy, and communication; social and emotional development; mathematics; science and technology; social studies, physical development and health; fine arts; and approaches to learning.

DISCIPLINE AND GUIDANCE

The Little Leaders discipline plan reflects the Little Leaders R.A.I.S.E. values (Respect, Accountability, Integrity, Service, and Excellence.) In addition to our values, we use positive discipline to create an environment conducive to learning. Staff facilitates the development of self-control in children by designing classroom environments which emphasize routine and consistency. Staff use positive guidance techniques such as modeling, natural consequences, encouraging expected behavior, redirecting children to a more acceptable activity, direct teaching of appropriate behavior, positive redirection, setting clear limits and instruction in problem solving skills. Staff help children foster a respect for self, others, and property. Children are taught to develop skills to help them make appropriate choices and resolve conflict. Although our program promotes positive reinforcement and redirection, harmful behaviors are not tolerated. Students who repeatedly display physical or verbal aggression toward other classmates or staff members, may be disenrolled from the program.

SPECIAL NEEDS

Our goal at Little Leaders is to serve as many families and students as possible, including students of all abilities. Our preschool program however, does not offer special education services to our students, though these services may be available when they move into the public charter program, which begins in Kindergarten. If your preschool child requires special education services, we encourage you to work through other local providers, which may include a local district school to ensure your student accesses the services they need.

HEALTH INFORMATION

HAND WASHING

Hand washing is a part of the daily routine in the preschool setting. It not only helps children to remain healthy, but it promotes a healthy lifestyle. At a minimum, children wash their hands when they enter every day, after using the restroom, and before and after eating a meal or snack.

IMMUNIZATIONS

Parents of children entering the preschool program will need to provide verifiable documentation of immunizations required by law. Any immunizations received after school starts will need to be shared with the health aide. If you need help in determining if your child requires immunizations, please contact the school health aide. Exemptions allowed for preschool children are for medical or religious reasons. If your child requires an exemption for either of those reasons, please let the school know so you can fill out the appropriate form.

Before a child may attend the Little Leaders program, their parent/legal guardian must provide the child's immunization record to school staff. The immunization record is typically given to parents/legal guardians by their doctor or clinic, and must show the date each required vaccine dose was received as well as the signature or stamp of the health care provider.

Acceptable forms of immunization records to enter school include:

- A copy of the Lifetime Immunization Record.
- A copy of the vaccine administration record from the health care provider.
- A computer-generated immunization record from the state immunization registry.
- A signed and dated School Immunization Record completed by a school the child has attended (a copy is acceptable).

- An immunization record generated by a school's immunization software system, as long as the school name, school address, school contact person, child's name, child's date of birth, and child's immunization dates are included.
- A signed and dated immunization record or school/child care immunization record from another state.

LITTLE LEADERS IMMUNIZATION REQUIREMENTS

Authorized school personnel must review each child's immunization record(s) prior to the time of enrollment. Children must obtain required immunization(s) or sign a medical or religious exemption form prior to attending school or they may be excluded until (s)he is compliant with the requirements. If a child requires more than one dose of a specific type of vaccine, the child may continue to attend school during the minimum interval between doses. In the event of an outbreak of a vaccine-preventable disease, children who are exempt may be excluded from school until the risk period of exposure ends. Varicella (Chickenpox): Students enrolling for the first time after 9/1/2011 are required to present proof of varicella immunization or a valid exemption for medical reasons, laboratory evidence of immunity or personal beliefs. Parental recall of disease will not be accepted. Please provide proof of completion of these immunizations to your campus health office as soon as possible.

ILLNESS

Children who are ill or who have had a fever or vomiting in the past 24 hours **will not be allowed to remain at school**. If a child becomes sick during the day, the staff will bring the child to the health office and the health aide (or other designated staff) will care for the child. So that the child does not infect other children, he/she will remain in the health office until an authorized adult arrives to take the child home. The school staff will call the parents/guardians to pick up the child. If no one can be reached, the health aide or secretary will call the other authorized persons listed on the emergency card until someone is reached. It is expected that the child will be picked up immediately.
