who we are

Be An Angel was created in 1986 by a concerned parent attempting to meet the needs of the multiply disabled and profoundly deaf students at T.H. Rogers School in Houston, Texas.

BE AN ANGEL
HELP A CHILD

Although we began as a Christmas program providing gifts to students who otherwise may have not received anything, we have expanded our wings in order to accomplish so much more for our children.

IT IS OUR MISSION to improve the quality of life for children with multiple disabilities or profound deafness by providing needed adaptive equipment and select services.

Be An Angel is a 501(c)3 nonprofit and relies solely on the generosity of our community to support our programs and fundraisers. Please contact our office if you or your company would like to discuss naming rights or unique sponsorship opportunities.

make a difference

Our programs are filled with everyday miracles that aren't possible without the generous support of donors and volunteers. **Our needs are ongoing,** and any contribution, whether of your time or money, brings hope and help to our children in need.

volunteer

Be An Angel relies heavily on volunteers who are committed to our mission. Groups or individuals can assist in fundraising, generating community awareness, or providing support during events. Visit www.beanangel.org for a full list of volunteer opportunities.

donate

Be An Angel receives no federal, state, or local government funding. Our services depend on the generosity of our supporters. With your donations we are able to make a real difference in improving the quality of life for the children we serve. To make a monetary donation, visit our website or mail your check to our office at the address below.

Be An Angel is CFC eligible: CFC# 61425

our *initiatives*

BE AN ANGEL
HELP A CHILD

BE AN ANGEL *has raised more than* **30** YEARS *$23.5 million over*

In 2016, Be An Angel provided **4,686 SPECIAL NEEDS CHILDREN** from 12 Houston, Dallas & Fort Worth area school districts with gifts during *the holiday season*

more than **95%** of the special needs children we serve come from low-income *households*

PERSONAL EQUIPMENT is available by application and considered on an individual basis for needs that address the challenges special needs families face. We provide the following equipment to children from low-income families:

- wheelchairs
- medical strollers
- home and auto ramps
- hearing aids (local and international)
- other adaptive equipment

CAMP BE AN ANGEL is a unique, biannual weekend retreat for children and their families. In a wonderful barrier-free camp experience, siblings and parents are able to participate alongside their special angels during horseback riding, swimming, canoeing and many other activities.

ALTERNATIVES FOR ANGELS is an at-home respite program that provides skilled care for qualified children with extreme medical limitations. Parents are able to leave home to run errands, set appointments, spend time with their other children, or simply to enjoy some much needed leisure time.

SUMMER RESPITE PROGRAM provides skilled care for medically fragile children while reducing stress from the parents during the summer. Here, children who require constant care can continue physical and mental development.

INTERNATIONAL ASSISTANCE provides support to 2 locations in the Dominican Republic - an orphanage, home to medically fragile, abandoned children and also a school for deaf children.

INSTITUTIONAL ASSISTANCE helps schools, communities and other organizations obtain equipment, enabling special needs children to further their physical and mental development. With help from our donors, we are able to install equipment, such as barrier-free playgrounds, which allow children with impairments to play alongside their able-bodied peers.

S.U.C.C.E.S.S. Golf (Students Untertaking Challenging Courses Ensuring Development of Sportsmanship and Skill) is designed to aid development of fine motor skills and muscle control. Impaired children can improve in everyday activities as a result of their participation in this program. These golf events are held at district campuses throughout the school year.

CHRISTMAS PROGRAM provides gifts for thousands of special needs children whose families cannot afford them. Hundreds of teachers from Texas school districts are able to register their qualified students along with an individualized wish list of gifts. Presents are purchased and delivered through the combined efforts of the teachers and our volunteers.
