

April 12, 2022

Dear BASE (Before and After School Enterprise) Families,

Thank you for choosing our BASE Program, it is always our privilege to serve your family. Our mission is to promote the safety, well-being, and development of every child while partnering with school and community to be the best choice for families. Our programs are primarily self-funded and our main source of revenues comes from tuition payments. All program expenses, including salaries, benefits, equipment and supplies, utilities, transportation, nurse support, and field trip costs are part of the program's operating budget.

As a result of increases in several operating costs, employee compensation and benefits, state licensing, supplies and materials, excursions, transportation, and direct central office support, we are adjusting our rate accordingly:

2022-2023 Activity/field trip fees, effective July 1, 2022

- Activity and/or field trip fee will be charged per child based on cost of activity.

2022-2023 Tuition rates, effective July 1, 2022:

- Before School Program: \$13.00.
- After School Program: \$13.50
- Full Day program: \$35.

These rates align and are comparable with our neighboring BASE programs, and very competitive with private child care providers in the area.

Please know we are also working together to assess our goals and needs for next year and maximize resources effectively while minimizing the impact to children.

We appreciate your support and please feel free to contact me if you have questions or concerns.

Sincerely,

Alicia Elmore
Director, Before and After School Enterprise (B.A.S.E.)
Douglas County School District
