Working in the Classroom

The Mighty 5s enjoyed Spirit Week and Halloween during the last week of October. We went on a building wide Halloween parade and we had a Witch's Brew buffet of treats in the classroom. Thank you for your contributions to our buffet—the Mighty 5s LOVED the treat selection. We have been learning songs and rhymes about falling leaves, turkeys in a tree, and the Gingerbread Man. We have been studying beginning sounds of word and rhyming words. These are literacy skills that support reading development and I hope your child is able to share their work with you at home. Check those backpacks! We also took a hike around the school grounds with the AAPS district naturalist, Mr. Ambrosino. We noticed things that animals need in winter, including food, water, shelter, and a place for offspring. Mr. Ambrosino was impressed with our class in terms of behavior and knowledge!

Costumes, Songs & Learning
