

"The DeMatha Leadership Institute gets to the heart of the mission of the school. In all aspects of school life we expect students to be servant leaders and responsible followers; to become men who accept and embrace the responsibility of leadership. Those who attend the Institute jump-start the process and become leaders in their school communities."

DeMatha Leadership Institute

Part of educating our students to become Gentlemen and Scholars is expressed in our Mission Statement:

"...to serve students of differing abilities, interests and backgrounds from the culturally rich and diverse greater Washington Metropolitan area."

To prepare these young men for success in the future is to provide them with opportunities in and out of the classroom that they would otherwise not experience.

DMLI provides exposure to and instruction in specific leadership skills, team building and interaction with successful graduates.

Leadership styles are developed and refined through exposure to different leaders and their experiences.

Quotes from former participants

"...it helped me grow as a leader. I learned ways in which I could lead others effectively while still being myself." He also stated that he had never thought of himself as a leader until he was nominated for the program.

-Cory P. '10

"I feel like I am able to better communicate thanks to DMLI."

-Harry R. '24

"What helped me was to always stay positive and there's always another option/way to go about things if it doesn't work out."

Nathan Z. '24
