Dear Parents,

As required by the Texas State Board of Education under 19 TAC §74.28(f), we are providing information regarding dyslexia and related disorders for all parents of students enrolled in our district. This includes details about characteristics of dyslexia, the evaluation and identification process, and instructional support for students with dyslexia or related disorders.

Dyslexia is a learning disability that affects reading, writing, and spelling, while related disorders such as dysgraphia can impact written language skills. For more comprehensive information, please refer to the Texas Dyslexia Handbook, available at [TEA's Dyslexia website](#), or contact us for a hard copy.

If you have any questions or need further assistance, please reach out to our Dyslexia Specialist, Karen Rogers, at Lagway Elementary School (kr Rogers@willisd.org).

Warm regards,
Mrs. Wilder
