MEET OUR STAFF: ANNAMARIA GAMBERDELLA

Hello! I am Annamaria. I have been teaching music in the Stamford Public Schools for over three decades. I became a professional musician as a teen and have not stopped since! When I am not teaching, my activities often include performing, arranging, composing, doing studio work and teaching music to various theater groups. It is my hope that all people will have the opportunity to learn the value and understand the importance of the vast subject of music!
