

**MIDDLE SCHOOL LIBRARY MEDIA TECHNICIAN****DEFINITION:**

Under the general direction of the Principal, the Middle School Library Technician is responsible for developing and maintaining all aspects of a multi-media program focused on complementing the curriculum needs of the school; to perform professional library work related to ordering, processing, distribution, maintenance, and storage of a wide variety of print and audio-visual materials and mobile devices/carts; to keep appropriate records, and do related work as required. The Middle School Library Technician assists students and teachers in the use of library facilities, equipment, and materials. The Middle School Library Technician is responsible for the supervision of the library, individually or in conjunction with co-workers.

**QUALIFICATIONS:****Education:**

Equivalent to completion of the twelfth grade and coursework in library science. Completion of minimum requirement for a Library Technician Certificate (21 semester units) is preferred.  
Successful completion of the District Instructional Assistant Proficiency Test.  
Successful completion of the District Computer Competency Test.

**Knowledge of:**

Library terminology and standard library practices and techniques including library filing systems and the Dewey decimal system; the types and uses of media and the literature, publications, and the typical terminology related thereto; standard reference books and other reference and bibliographical tools; budgeting and financial record keeping.

**Experience:**

Two years of increasingly responsible sub-professional library experience, including work in media acquisition, cataloging, reference, audio visual, and compilation of bibliographies.

**Ability to:**

Establish and maintain rapport with students on an individual basis or in groups; pursue work in an organized manner despite numerous interruptions; cope with the varied nature of the tasks in an expedient manner; catalogue and classify typical varieties of library media and locate appropriate media materials to fill the needs of students and staff members; keep accurate records and prepare reports from a variety of information including financial and statistical data, and lists of library media; operate standard office and library equipment; perform responsible clerical work accurately; type at a speed of 40 words per minute; understand and carry out oral and written instructions; establish and maintain cooperative working relationships with students staff and public.

**DISTINGUISHING CHARACTERISTICS:**

Positions in this class are assigned to a middle school. The duties require a practical knowledge of library terminology and standard library practices which can be gained by experience in library technical work or by specialized training. Incumbents are expected to perform a variety of library procedures and materials related technical tasks, demonstrate proficiency in the use of audio-visual and basic standard office equipment. They work under the general supervision of a site administrator and may supervise the work of clerical help, student workers, or volunteers.
