

Spousal Attestation for Open Enrollment

We highly recommend you confirm if you need to attest by logging in to [Benefits 24/7](#).

If you cover a spouse or state-registered domestic partner (SRDP) on your medical plan in 2025, you may be required to attest if:

- You currently pay the \$50 monthly spouse or SRDP coverage premium surcharge, or
- Your spouse or SRDP is enrolled under your SEBB coverage instead of their employer-based group medical, but you did not have to pay the surcharge in 2024 because either:
 - Your spouse or SDRP's coverage was not comparable to the PEBB UMP Classic medical plan, or
 - The medical premium for your spouse's or SDRP's employer-based group medical coverage was \$126.36 or more in 2024.

How to attest

If you are required to attest:

1. Log in to Benefits 24/7.
2. Click on the blue 'Open Enrollment' chevron on your dashboard.
3. If you are not adding additional dependents, choose 'No'. The dependent list will display.
4. Choose the 'Edit' link on the right side of the section listing your spouse.
5. Move through the steps for the dependent until you reach the 'Spouse or State Registered Domestic Partner surcharge attestation'.
6. Respond to the questions. If you answer 'Yes' to question number '6' there is a link to the *Spousal Plan Calculator* to compare your spouse or SRDP's plan to PEBB's UMP Classic.
Note: You may need to gather information about their available medical plans.
7. Once the attestation is complete, continue through the wizard making any changes. Be sure to go all the way through the wizard and click 'Submit'.
8. Print a copy of your elections for your records.

Or use the [2025 SEBB Premium Surcharge Attestation Change](#) form. This form must be returned to the district payroll department for processing by November 25, 2024.

You must attest by November 25, 2024. If you do not attest or you attest that the premium surcharge applies, you will be charged the \$50 monthly premium surcharge beginning January 1, 2025. The surcharge will remain in effect for the rest of 2025 unless you have a qualifying event that allows you to change the attestation.
