

Petroleum Service Technician

Epic Environmental Compliance, Inc - East Bay, CA

\$15 an hour

Are you an energetic, reliable individual willing to be paid to protect the environment?

Epic is on a journey to cut down pollution by helping fuel operators avoid leaks into air and water. We provide peace of mind and ON-TIME document management to our customers.

To really shine in this role, we are looking for someone who shares our work ethic, follows through on commitments and is passionate about making long-term positive impact on the environment.

If this is something you are interested in, please take a moment to understand why you are applying for this job and what you wish to accomplish before you submit an application.

Upon applying, you will be asked to take a series of tests to see if you pre-qualify. Followed by a phone interview and in-person session that includes a preliminary mechanical test. This allows us to understand how you work and adopt a career /training program personal to you.

Description

- Starting at 20+ hrs/ week.
- Perform routine maintenance, diagnosis and/or minor repairs and parts replacement for our fuel tank owning customers under the lead technician
- Will train the right candidate(s) for full-time employment and equipment certification.

- Perform maintenance on fuel dispensers including electronic equipment and hardware
- Assist lead tech with tank and line compliance testing
- Collect, record and submit data from testing procedure
- Set up testing and safety equipment
- Removal of manholes lids for underground storage tank access
- Drive regulated commercial motor vehicle
- Frequent lifting up to 55lbs
- Frequent kneeling, bending, handling, reaching, standing, and driving
- Other duties as required

Preferred

- Mechanical aptitude
- Diligent& organized- Military background a plus
- Experience in petroleum industry a plus
- Problem-solving skills and willingness to learn.
- Some familiarity /experience in equipment including Gilbarco, Vaporless, Ronan, Morrison Bros., Vapor Systems

Required

- Clean driving record and ability to pass physical and (random) drug screen
- Good communication and interpersonal skills
- Permitted to work in US

About Epic

Epic Environmental provides inspections, testing services and parts installation services to fuel dispensing sites. We work to ensure Under/Above fuel storage tanks are managed and monitored to prevent releases into the environment. We are an equal opportunity employer.
