

Papa Murphy's Take 'n' Bake Pizza

Pizza Maker Job Description

A Pizza Maker prepares pizza for customer pickup. They also assist with operating some/all kitchen equipment, maintaining the kitchen, and packaging food items.

Pizza Maker Duties and Responsibilities

Prepare Food

Pizza Makers prepare the pizza and other appetizer and side items from the restaurant menu according to standard recipes. They're responsible for maintaining standard quality of the food as well as consistency of the food. Some special customer requests and dietary concerns must be filled properly.

Handle Food

In order to comply with all policies and regulations, the Pizza Maker must be knowledgeable of local and federal food handling laws and regulations, and may be required to obtain a food-handling license. They use this knowledge to ensure that all food preparation is compliant to standards and regulations. They also maintain the cleanliness of the kitchen and personal hygiene standards that adhere to sanitation policies.

Package Food

After preparing the food, the Pizza Maker is responsible for its presentation, making sure it is ready for customer consumption. Packaging and wrapping the item appropriately for pick-up. The Pizza Maker is also responsible for maintaining appropriate temperature and freshness of food.

Pizza Maker Skills

Pizza Makers must be able to work quickly and calmly in a fast-paced environment. Pay attention to detail and ensure the standard operation of the kitchen and efficient production of food.

- Having a flexible, open schedule
- Possessing basic recipe reading and measurement skills
- Showing basic cooking knowledge
- Obtaining relevant food certifications
- Knowledge of safety and sanitation regulations
- Being capable of operating basic kitchen equipment
- Basic knowledge of how to handle cash
