At Truepill, we are building the future of healthcare. Through our digital health platform, we empower our partners to deliver world-class patient experiences. With nearly ten million prescriptions shipped, we've been included on Forbes' "Next Billion-Dollar Startup" list and are proud to work with many of the world's largest healthcare organizations. We never settle for how it's done today. We invent how it will be done tomorrow.

None of this is possible without the right team driving us forward. We are committed to creating an environment focused on racial and gender equality, inclusion, empowerment, and respect. We believe that when our teams feel supported and inspired, they turn that creativity into innovation. The type of innovation that benefits all of our people, our partners, and our patients.

We encourage our team members to expand their horizons and bring their passion and curiosity to work, every day. Come join us. Let's build something great together.

#### **What You'll Be Doing:**

- Work under the direct supervision of a Licensed Pharmacist
- Perform the duties assigned to them by the Pharmacist
- Responsible for the staging and compounding of products
- Responsible for ensuring proper inventory levels are maintained
- Maintain compounding records and patient charts
- Aid the Pharmacist in the selection and compilation of infusion supplies
- May request refill authorizations from physician offices via fax or phone
- Dress and act in a manner consistent with the professional representation of the pharmacy
- Maintain patient confidentiality
- Will NEVER educate, train, counsel, or advise a patient concerning his or her medications. The Technician staff shall refer all questions concerning medications to the Pharmacist
- Will ALWAYS identify themselves as a Pharmacy Technician when speaking with Patients, Physicians, Nurses, and other healthcare professionals
- Will ALWAYS wear a name tag identifying themselves as a Pharmacy Technician
- Will pack medication according to company procedures, which abide with medication safety requirements
- Will be required to attend all Continual Quality Assurance Meetings and act as a committee member

**We're Looking For Someone With:**

- Must have an active, valid, and unrestricted Pharmacy Technician license to practice
- Must be in good standing with Board of Pharmacy
- Pharmacy Technician Certification Board (PTCB) certification is preferred
- High school graduate
- Have a good working knowledge of pharmacy practice
- Have excellent interpersonal communication skills
