Pharmacy Technician - Retail Store

Job Description

Do you want to make a difference in someone's life?

Are you ready to have a career with purpose?

At CVS Health, our Pharmacy Technicians are at the forefront of our purpose of helping people on their path to better health. As a Pharmacy Technician in one of our retail stores, you'll use your knowledge and skills to help thousands of people in your community get the medications they need to live healthier lives.

As the first point of contact for our patients and their caregivers, you'll have the opportunity to shape their customer experience and make each interaction outstanding. You'll be empowered to do this through a suite of tools and resources that help you and your team maintain operational excellence and provide custom services that save your patients time and money. As a member of the team, you'll accomplish your goals and contribute to something bigger –impacting patient lives

Whether you're new to pharmacy or an expert technician, we offer full- and part-time positions for all skill levels. We also provide education and training so that you can grow professionally and personally while staying up to date on new products and services, and innovative ways to care for your patients. New technicians are required to complete our extensive training program for Pharmacy Technicians and satisfy all registration, licensing and certification requirements according to your state's Board of Pharmacy guidelines.

The pharmacy is a fast-paced, ever-changing environment, where each interaction has intention and the team works together for a shared purpose. If this excites you, please join our team of dedicated Pharmacy Technicians who demonstrate our core values of Accountability, Caring, Collaboration, Innovation and Integrity in everything they do, every day. We are ready to help you achieve your career goals!

Please note in select markets the collective bargaining agreement rules regarding the Pharmacy Technician would apply.
