

Cardinal Health Innovative Delivery Solutions

With over 45 years of experience in helping hundreds of hospital and outpatient pharmacies, we provide access to best practice strategies and tactics to control costs, improve workflow and enhance safety. Cardinal Health Innovative Delivery Solutions is one of the largest employers of acute-care pharmacist in the United States. Cardinal Health is the employer of choice for pharmacists because we offer a variety of career opportunities in pharmacy leadership, clinical specialties, remote order entry, business management, medication therapy management and more.

Community Health Center Retail Pharmacy Technician

Cardinal Health Community Health Center programs are designed and created specifically for healthcare facilities. Our comprehensive suite of pharmaceutical solutions, allows us to address population health management needs across the continuum of care, from HRSA compliance to medication adherence. Serving the patient is our main priority, and that's why our solutions improve patient access and increase quality of care.

Cardinal Health is looking for a highly motivated technician to work in a company owned retail contract pharmacy. Our technicians play an important role in delivering medication and pharmaceutical care in communities that are most in need. This includes developing close relationships with patients in communities we serve and assisting the pharmacists in accurately preparing and delivering prescription medication.
