Hi Mr. Albizo!

You probably don't remember me, but I used to be in your class and graduated with class 2014. I am graduating CSU Chico next week with a degree in Business Information Systems and I want to thank you for impacting me. It was through you I had hands on experience in your class and learned the basics. It was through you I was pushed to join the program, SEMI High Tech U, and participate the Ohlone Computer challenge thing (I forget the name). I am so grateful I was able to experience that and I am very appreciative of everything you have done for me. You are one of the reasons why I decided to pursue a degree related to Tech and I just wanted to thank you. Hope you are well and that you students are behaving! I am so glad to see that you are still teaching. I hope we cross paths again sometime soon.

Take care,
Jessie C [REDACTED]
