

CFISD 6th Grade Science

Scope and Sequence 2024-2025

Course Description:

In Grade 6 Science, content is organized into recurring strands. The concepts within each grade level build on prior knowledge, prepare students for the next grade level, and establish a foundation for high school courses. The following concepts will be addressed in each strand: Scientific and Engineering Practices, Matter and Energy, Force, Motion, and Energy, Earth and Space, Organisms and Environments, Nature of Science, Scientific Observations, Inferences, Hypotheses, and Theories, Science and Social Ethics, and Recurring Themes and Concepts.

**The length of each unit is a specific number of days, but it is understood that there is a range of +/- a day. The purpose of the flexibility is to allow teachers to plan for their students' needs and to accommodate re-teaching or review when necessary. If pre-assessment indicates student mastery could be obtained in fewer days, the additional time could be used for extension or carried into the next unit.
