However, Federal law generally does not prohibit the birth parent's or newborn's attending provider, after consultation with the birth parent, from discharging the birth parent or newborn earlier than forty-eight (48) hours (or ninety-six (96) hours as applicable). ## COBRA Continuation Coverage General Notice

### Introduction

You are getting this notice because you recently gained coverage under this group health **Plan**. This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the **Plan**. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under this **Plan** and under federal law, you should contact the **plan administrator**.

**You may have other options available to you when you lose group health coverage.** For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept **late enrollees**.

### What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of **Plan** coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your **dependent** children could become qualified beneficiaries if coverage under this **Plan** is lost because of the qualifying event. Under this **Plan**, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an **employee**, you'll become a qualified beneficiary if you lose your coverage under this **Plan** because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an **employee**, you'll become a qualified beneficiary if you lose your coverage under this **Plan** because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than gross misconduct;
- Your spouse becomes entitled to **Medicare** benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your **dependent** children will become qualified beneficiaries if they lose coverage under this **Plan** because of the following qualifying events:

- The parent-**employee** dies;
- The parent-**employee's** hours of employment are reduced;
- The parent-**employee's** employment ends for any reason other than gross misconduct;
- The parent-**employee** becomes entitled to **Medicare** benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under this **Plan** as a "**dependent** child."

### **When is COBRA continuation coverage available?**

This *Plan* will offer COBRA continuation coverage to qualified beneficiaries only after the *plan administrator* has been notified that a qualifying event has occurred. The *employer* must notify the *plan administrator* of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the *employee*; or
- The *employee's* becoming entitled to *Medicare* benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the *employee* and spouse or a *dependent* child's losing eligibility for coverage as a *dependent* child), you must notify the *plan administrator* within 60 days after the qualifying event occurs. You must provide this notice to the *plan administrator* (or its designee).

### **How is COBRA continuation coverage provided?**

Once the *plan administrator* receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered *employees* may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

#### **Disability extension of 18-month period of COBRA continuation coverage**

If you or anyone in your family covered under this *Plan* is determined by Social Security to be disabled and you notify the *plan administrator* in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. The disabled person (or the disabled person's representative) must submit written proof of the Social Security Administration's disability determination to the *plan administrator* (or its designee) within the initial eighteen (18) month period of continuation coverage and no later than sixty (60) days after the latest of:

- (i.) The date of the disability determination by the Social Security Administration;
- (ii.) The date of the 18-Month Qualifying Event;
- (iii.) The date on which the person loses (or would lose) coverage under this *Plan* as a result of the 18-Month Qualifying Event; or
- (iv.) The date on which the person is furnished with a copy of this Plan Document.

#### **Second qualifying event extension of 18-month period of continuation coverage**

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and *dependent* children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if this *Plan* is properly notified about the second qualifying event. This extension may be available to the spouse and any *dependent* children getting COBRA continuation coverage if the *employee* or former *employee* dies; becomes entitled to *Medicare* benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the *dependent* child stops being eligible under this *Plan* as a *dependent* child. This extension is only available if the second qualifying event would have caused the spouse or *dependent* child to lose coverage under this *Plan* had the first qualifying event not occurred.

### **Are there other coverage options besides COBRA Continuation Coverage?**

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, *Medicare*, Medicaid, Children’s Health Insurance Program (CHIP) or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [www.healthcare.gov](http://www.healthcare.gov).

Can I enroll in *Medicare* instead of COBRA Continuation Coverage after my group health plan coverage ends?

In general, if you don’t enroll in *Medicare* Part A or B when you are first eligible because you are still employed, after the *Medicare* initial enrollment period, you have an 8-month special enrollment period to sign up for *Medicare* Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don’t enroll in *Medicare* and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in *Medicare* Part A or B before the COBRA continuation coverage ends, this *plan* may terminate your continuation coverage. However, if *Medicare* Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of *Medicare* entitlement, even if you enroll in the other part of *Medicare* after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and *Medicare*, *Medicare* will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to *Medicare*, even if you are not enrolled in *Medicare*.

### **If you have questions**

Questions concerning this *Plan* or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA) in your area or visit [www.dol.gov/ebsa](http://www.dol.gov/ebsa). (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA’s website.) For more information about the Marketplace, visit [www.HealthCare.gov](http://www.HealthCare.gov).

### **Keep your Plan informed of address changes**

To protect your family’s rights, let the *plan administrator* (or its designee) know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the *plan administrator* (or its designee).

## **PREFERRED PROVIDER OR NONPREFERRED PROVIDER**

*Covered persons* have the choice of using either a *preferred provider* or a *nonpreferred provider*.

### ***PREFERRED PROVIDER***

A *preferred provider* is a *physician, hospital* or ancillary service provider which has an agreement in effect with the *Preferred Provider Organization* (PPO) to accept a *negotiated rate* for services rendered to *covered persons*. In turn, the PPO has an agreement with the *plan administrator* or *claims processor* to allow access to *negotiated rates* for services rendered to *covered persons*. The PPO's name and/or logo is shown on the front of the *covered person's* ID card. The *preferred provider* cannot bill the *covered person* for any amount in excess of the *negotiated rate* for *covered expenses*. *Covered persons* should contact the *employer's* Human Resources Department, contact the *claims processor*, or review the PPO's website for a current listing of *preferred providers*.

### ***NONPREFERRED PROVIDER***

A *nonpreferred provider* does not have an agreement in effect with the *Preferred Provider Organization*. Except as explained below, the *Plan* will allow only the *customary and reasonable amount* as a *covered expense*. The *Plan* will pay its percentage of the *customary and reasonable amount* for the *nonpreferred provider covered expenses*. The *covered person* may be responsible for the remaining balance, which may result in greater out-of-pocket expenses to the *covered person* except as explained below.

1. If a *nonpreferred provider* has not satisfied the Notice and Consent Criteria described under number 6. below, for certain items and services, *covered expenses* for such services rendered at a *preferred provider facility* will be:
  - a. Paid in accordance with the *preferred provider cost sharing*;
  - b. Subject to the *preferred provider* out-of-pocket expense limit; and
  - c. Paid based on the lesser of the *qualifying payment amount* or the *nonpreferred provider's* actual charge, or when applicable:
    - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
    - ii. In a State that has an all-payer model agreement that applies to this *Plan*, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The *covered person's cost sharing* will be calculated based on the *recognized amount* and *nonpreferred providers* may not balance bill for amounts in excess of the *covered person's cost sharing*. If the *out-of-network rate* exceeds the *recognized amount*, the difference will not be subject to the deductible.

The following types of services provided in a *preferred provider facility* by a *nonpreferred provider* will be covered as explained in this section, regardless of whether the *nonpreferred provider* satisfies the Notice and Consent Criteria described in section 6. below:

- d. Ancillary services, including:
  - i. Items and services related to emergency medicine, anesthesiology, pathology, radiology, neonatology (whether provided by a *physician* or non-*physician* practitioner);
  - ii. Items and services provided by assistant surgeons, hospitalists, and intensivists;
  - iii. Diagnostic services including radiology and laboratory services; and

## BlueCross BlueShield of Illinois

- iv. Items and services provided by a **nonpreferred provider** if there is no **preferred provider** who can furnish such item or service at such **facility**; and
    - e. Items and services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished.
2. **Covered expenses** for **emergency services** furnished by a **nonpreferred provider** will be:
  - a. Paid in accordance with the **preferred provider cost sharing**;
  - b. Subject to the **preferred provider** out-of-pocket expense limit; and
  - c. Paid based on the lesser of the **qualifying payment amount** or the **nonpreferred provider's** actual charge:
    - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
    - ii. In a State that has an all-payer model agreement that applies to this **Plan**, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The **covered person's cost sharing** will be calculated based on the **recognized amount** and **nonpreferred providers** may not balance bill for amounts in excess of the **covered person's cost sharing**. If the **out-of-network rate** exceeds the **recognized amount**, the difference will not be subject to the deductible.

3. **Covered expenses** for air ambulance services furnished by a **nonpreferred provider** will be:
  - a. Paid in accordance with the **preferred provider cost sharing**;
  - b. Subject to the **preferred provider** out-of-pocket expense limit; and
  - c. Paid based on the lesser of the **qualifying payment amount** or the **nonpreferred provider's** actual charge, or when applicable:
    - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
    - ii. In a State that has an all-payer model agreement that applies to this **Plan**, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The **covered person's cost sharing** will be calculated based on the lesser of the **qualifying payment amount** or the billed amount, and **nonpreferred providers** may not balance bill for amounts in excess of the **covered person's cost sharing**. If the **out-of-network rate** exceeds the lesser of the **qualifying payment amount** or the billed amount, the difference will not be subject to the deductible.

4. Open Negotiation Period
  - a. A **nonpreferred provider** may initiate an open negotiation period with this **Plan** regarding **covered expenses** as described above. This open negotiation period must be initiated during the thirty (30) business day period beginning on the day the **nonpreferred provider** receives an initial payment or a notice of denial of payment for **covered expenses** as described above. To initiate the open negotiation period, the **nonpreferred provider** must send notice, consistent with applicable regulations, to this **Plan** on a standard form developed by Federal regulators.
  - b. The day on which the open negotiation notice is sent by the **nonpreferred provider** is the date the thirty (30) business day open negotiation period begins. Any additional payment amount agreed upon during the open negotiation period must be made by this **Plan** within thirty (30) days of such agreement and will not be subject to additional **cost sharing**.

5. Independent Dispute Resolution
  - a. In the case of failed negotiations, the **nonpreferred provider** or this **Plan** may initiate the Federal independent dispute resolution (IDR) process established under the No Surprises Act. The IDR process must be initiated, consistent with applicable Federal regulations, within four (4) business days beginning on the thirty-first (31) business day after the start of the open negotiation period.
  - b. Within thirty (30) days after the date a **certified IDR entity** is selected, such entity must select a payment amount and notify this **Plan** and the **nonpreferred provider** of the determination. In the absence of a fraudulent claim or evidence of intentional misrepresentation of material facts presented to the **certified IDR entity**, the decision by such entity is binding on all involved parties.
  - c. Any additional payment amount due from this **Plan** resulting from the decision of the **certified IDR entity**:
    - i. Will not be subject to additional **cost sharing**;
    - ii. Must be paid within thirty (30) days of such determination; and
    - iii. Will result in this **Plan** being responsible for payment of all fees properly charged by the **certified IDR entity**.
  - d. If the **certified IDR entity** determines that no additional payment is due to the **nonpreferred provider** by this **Plan**, such provider will be responsible for payment of the **certified IDR entity** fee. This **Plan** and the **nonpreferred provider** will each be responsible for the Federal IDR administrative fee.
  - e. The **nonpreferred provider** and this **Plan** may agree on a payment amount for an item or service during the independent dispute resolution process but before the date on which the **certified IDR entity** makes a final payment determination. Such amount will be treated as the **out-of-network rate** and to the extent this amount exceeds the initial payment amount and any **cost sharing** amount, the **Plan** must pay the additional amount to the **nonpreferred provider** within thirty (30) business days from the date the agreement is reached. This **Plan** will be responsible for payment of half of all fees charged by the **certified IDR entity**, unless this **Plan** and the **nonpreferred provider** otherwise agree in writing.
6. Notice and Consent Criteria
  - a. In order to satisfy the Notice and Consent Criteria, a **nonpreferred provider** must provide the **covered person** with a written notice in paper or electronic form, as selected by the **covered person**, that is physically separate from other documents and contains the following information:
    - i. Notification that the health care provider is a **nonpreferred provider**;
    - ii. Notification of the good faith estimate amount that the **nonpreferred provider** may charge for the items and services, including a notification that the provision of such estimate does not constitute a contract with respect to the estimated charges;
    - iii. In the case where a **nonpreferred provider** would be furnishing items or services at a **preferred provider facility**, a list of any **preferred providers** at such **facility** who are able to furnish the items or services and notification that the **covered person** may be referred, at their option, to such a **preferred provider**;
    - iv. Information about whether pre-certification or other care management limitations may be required in advance of receiving the items or services.

## BlueCross BlueShield of Illinois

- b. The above information must be provided to a ***covered person***:
  - i. No later than seventy-two (72) hours prior to the date on which the ***covered person*** is furnished the items or services, when the appointment is scheduled at least seventy-two (72) hours prior; or
  - ii. On the date the appointment is scheduled, in the case where the appointment is scheduled within seventy-two (72) hours prior to the appointment. When the ***covered person*** is provided with the notice and consent on the same date that the items or services are to be furnished, the notice must be provided no later than three (3) hours prior to furnishing the items or services to which the notice and consent requirements apply.
- c. The ***nonpreferred provider*** must obtain consent from the ***covered person*** to be treated by the ***nonpreferred provider*** and must provide a signed copy of such consent to the ***covered person*** through mail or email as selected by the ***covered person*** and provide a copy to the ***claims processor***.

### 7. Continuity of Care

In certain situations, if a ***preferred provider*** becomes a ***nonpreferred provider***, and the ***covered person*** is a ***continuing care patient***, this ***Plan*** will provide the ***covered person*** with notice and an opportunity to elect continuing care from such provider. This election will allow the ***covered person*** to continue to receive benefits under this ***Plan*** in accordance with the ***preferred provider cost sharing***, beginning on the date of the notice and continuing for a period ending of the earlier of:

- a. Ninety (90) days from the date of the notice; or
- b. The date on which the ***covered person*** is no longer a ***continuing care patient*** with respect to such provider.

## ***REFERRALS***

Referrals to a ***nonpreferred provider*** are covered as ***nonpreferred provider*** services, supplies and treatments. It is the responsibility of the ***covered person*** to assure services to be rendered are performed by ***preferred providers*** in order to receive the ***preferred provider*** level of benefits unless described otherwise under the ***Nonpreferred Provider*** subsection above.

## ***EXCEPTIONS***

The following listing of exceptions represents services, supplies or treatments rendered by a ***nonpreferred provider*** where ***covered expenses*** shall be payable at the ***preferred provider*** level of benefits:

1. ***Medically necessary*** specialty services, supplies or treatments which are not available from a provider within the ***Preferred Provider Organization***.
2. When a covered ***dependent*** resides outside the service area of the ***Preferred Provider Organization***.
3. Treatment rendered at a ***facility*** of the uniformed services.
4. Transportation by a ***nonpreferred provider*** ambulance for a condition that meets the definition of ***emergency medical condition***.
5. Lactation counseling providers.

## ***CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS***

Claim administrator hereby informs you that it has contracts with certain Providers (“Administrator Providers”) in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the claim administrator is a party, including all persons covered under the **Plan**. Under certain circumstances described in its contracts with Administrator Providers, the claim administrator may:

- Receive substantial payments from Administrator Providers with respect to services rendered to you for which the claim administrator was obligated to pay the Administrator Provider, or
- Pay Administrator Providers substantially less than their claim charges for services, by discount or otherwise, or
- Receive from Administrator Providers other substantial allowances under the claim administrator’s contracts with them.

In the case of **hospitals** and other **facilities**, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the claim administrator as described in this **Plan** and the calculation of all required deductible and **coinsurance** amounts payable by you as described in this **Plan** shall be based on the **negotiated rate** or provider’s claim charge for covered services rendered to you, reduced by the Average Discount Percentage (“ADP”) applicable to your claim or claims. Your **employer** has been advised that the claim administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your **employer** and the claim administrator. Neither the **employer** nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the claim administrator’s separate financial arrangements with providers work, please consider the following example:

- a. Assume you go into the **hospital** for one night and the normal, full amount the **hospital** bills for covered services is \$1,000. How is the \$1,000 bill paid?
- b. You personally will have to pay the deductible and **coinsurance** amounts set out in this **Plan**.
- c. However, for purposes of calculating your deductible and **coinsurance** amounts, and whether you have reached any out-of-pocket or benefit maximums, the **hospital’s negotiated rate** would be reduced by the ADP applicable to your claim. In our example, if the applicable ADP were 30%, the \$1,000 **hospital** bill would be reduced by 30% to \$700 for purposes of calculating your deductible and **coinsurance** amounts, and whether you have reached any out-of-pocket or benefit maximums.
- d. Assuming you have already satisfied your deductible, you will still have to pay the **coinsurance** portion of the \$1,000 **hospital** bill after it has been reduced by the ADP. In our example, if your **coinsurance** obligation is 20%, you personally will have to pay 20% of \$700, or \$140. You should note that your 20% **coinsurance** is based on the full \$1,000 **hospital** bill, after it is reduced by the applicable ADP.
- e. After taking into account the deductible and **coinsurance** amounts, the **Plan** will satisfy its portion of the **hospital** bill. In most cases, the claim administrator has a contract with **hospitals** that allows the **Plan** to pay less, and requires the **hospital** to accept less, than the amount of money the **Plan** would be required to pay if the claim administrator did not have a contract with the **hospital**.

So, in the example we are using, since the full **hospital** bill is \$1,000, your deductible has already been satisfied, and your **coinsurance** is \$140, then the **Plan** has to satisfy the rest of the **hospital** bill, or \$860. Assuming the claim administrator has a contract with the **hospital**, the **Plan** will usually be able to satisfy the \$860 bill that remains after your **coinsurance** and deductible, by paying less than \$860 to the **hospital**, often substantially less than \$860. The **Plan** receives, and keeps for its own account, the difference between the \$860 bill and whatever the **Plan** ultimately pays under the claim administrator’s contracts with Administrator Providers, and neither you nor your **employer** are entitled to any part of these savings.

## ***CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PHARMACY BENEFIT MANAGERS***

Claim administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the claim administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as “Pharmacy Benefit Managers”) to provide, on the claim administrator’s behalf, claim payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the claim administrator. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the *employer* nor you are entitled to receive any portion of such rebates.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the claim administrator, but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of processing late payments). The claim administrator may receive such rebates from Prime. You are not entitled to receive any portion of any such rebates.

## ***INTER-PLAN ARRANGEMENTS***

### **I. Out-of-Area Services**

#### **Overview**

The claim administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area the claim administrator serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the claim administrator’s service area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some providers (“nonparticipating providers”) do not contract with the Host Blue. The claim administrator explains below how the claim administrator pays both kinds of providers.

#### **Inter-Plan Arrangements Eligibility – Claim Types**

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the claim administrator to provide the specific service or services.

#### **A. BlueCard® Program**

Under the BlueCard® Program, when you receive *covered expenses* within the geographic area served by a Host Blue, the claim administrator will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

For *inpatient facility* services received in a *hospital*, the Host Blue's participating providers is required to obtain Preauthorization. If Preauthorization is not obtained, the participating providers will be sanctioned based on the Host Blue's contractual agreement with the provider, and the member will be held harmless for the provider sanction.

When you receive covered services outside the claim administrator’s service area and the claim is processed through the BlueCard Program, the amount you pay for covered services is calculated based on the lower of:

- The billed charges for covered services, or
- The negotiated price that the Host Blue passes on to the claim administrator.

To help you understand how this calculation would work, please consider the following example:

- a. Suppose you receive covered services are received for an *illness* while you are on vacation outside of Illinois. You show your identification card to the provider to let him or her know that you are covered by the claim administrator.
- b. The provider has negotiated with the Host Blue a price of \$80, even though the provider's standard charge for this service is \$100. In this example, the provider bills the Host Blue \$100.
- c. The Host Blue, in turn, forwards the claim to the claim administrator and indicates that the negotiated price for the covered service is \$80. The claim administrator would then base the amount you must pay for the service - the amount applied to the deductible, if any, and the *coinsurance* percentage - on the \$80 negotiated price, not the \$100 billed charge.
- d. So, for example, if your *coinsurance* is 20%, you would pay \$16 (20% of \$80), not \$20 (20% of \$100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The *coinsurance* percentage in the above example is for illustration purposes only. The example assumes that you have met your deductible and that there are no *copayments* associated with the service rendered. Your deductible(s), *coinsurance* and copayment(s) are specified in this *Plan* document.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with the healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price the claim administrator has used for your claim because they will not be applied after a claim has already been paid.

#### **B. Negotiated (non-BlueCard Program) Arrangements**

With respect to one or more Host Blues, instead of using the BlueCard Program, the claim administrator may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to the claim administrator by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available to you, you will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating provider, that amount will be the difference between the provider's billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a provider's billed charge, you will incur no liability, other than any related patient *cost sharing* under this agreement.

#### **C. Special Cases: Value-Based Programs**

##### *BlueCard® Program*

If you receive covered services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the provider incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the claim administrator through average pricing or fee schedule adjustments.

*Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements*

If the claim administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to your **employer** on your behalf, the claim administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

**D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees**

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the claim administrator will include any such surcharge, tax or other fee as part of the Claim Charge passed on to you.

**E. Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area**

1. Member Liability Calculation

When covered services are provided outside of the claim administrator's service area by non-participating providers, the amount(s) you pay for such services will be calculated using the methodology described in this **Plan** document for non-participating providers located inside the service area. You may be responsible for the difference between the amount that the non-participating providers bills and the payment the claim administrator will make for the covered services as set forth in this paragraph.

2. Exceptions

In certain situations, the claim administrator may use other payment methods, such as billed covered charges, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount the claim administrator will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment the claim administrator will make for the covered services as set forth in this paragraph.

**F. Blue Cross Blue Shield Global® Core**

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing covered services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists with accessing a network of **inpatient, outpatient** and **professional providers**, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or **hospital**) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a **physician** appointment or hospitalization, if necessary.

• **Inpatient Services**

In most cases, if you contact the service center for assistance, **hospitals** will not require you to pay for covered **inpatient** services, except for the **cost-share** amounts/deductibles, **coinsurance**, etc. In such cases, the **hospital** will submit the claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. **You must contact the claim administrator to obtain pre-certification for non-emergency inpatient services.**

- **Outpatient Services**

*Outpatient* services are available for emergency care, *physicians*, urgent care centers and other *outpatient* providers located outside the BlueCard service area and will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for covered services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the claim administrator, the service center or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

## ***YOUR PROVIDER RELATIONSHIPS***

- a. The choice of a provider is solely your choice and the claim administrator will not interfere with your relationship with any provider.
- b. The claim administrator does not itself undertake to furnish health care services, but solely to make payments to providers for the covered services received by you. The claim administrator is not in any event liable for any act or omission of any provider or the agent or employee of such provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a provider are not provided by the claim administrator. Any contractual relationship between a *physician* and an Administrator Provider shall not be construed to mean that the claim administrator is providing professional service.
- c. The use of an adjective such as participating, administrator or approved in modifying a provider shall in no way be construed as a recommendation, referral or any other statement as to the ability or quality of such provider. In addition, the omission, non-use or non-designation of participating, administrator, approved or any similar modifier or the use of a term such as non-administrator or non-participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such provider.
- d. Each provider provides covered services only to you and does not deal with or provide any services to the *employer* (other than as an individual *covered person*) or the *employer's* ERISA health benefit program.

## ***BLUE DISTINCTION OR BLUE DISTINCTION PLUS CENTERS OF TREATMENT (BDCT)***

Blue Distinction is a designation awarded by Blue Cross Blue Shield companies to health care *facilities* that have demonstrated expertise in delivering quality health care. At the core of the program are Blue Distinction and Blue Distinction Plus Centers for Specialty Care. Blue Distinction and Blue Distinction Plus Centers are recognized for providing distinguished care in the following transplant or benefit specialty areas of:

- Bariatric Surgery
- Cardiac Care
- Hip and Knee Replacement surgery
- Spinal Surgery
- Transplants

The goal of Blue Distinction is to help find specialty care while enabling and encouraging health care providers to improve the overall quality and cost of care nationwide. Although your plan may require you to receive treatment at a Blue Distinction or Blue Distinction Plus Center to get the highest level of benefits, you may still be covered at a non-Blue Distinction Center, but your out-of-pocket costs will usually be higher.

## MEDICAL EXPENSE BENEFIT

This section describes the *covered expenses* of the *Plan*. All *covered expenses* are subject to applicable *Plan* provisions including, but not limited to: deductible, *copay*, *coinsurance* and *Essential Health Benefits/non-Essential Health Benefits maximum benefit* provisions as shown on the *Schedule of Benefits*, unless otherwise indicated. Any portion of an expense *incurred* by the *covered person* for services, supplies or treatment that is greater than the *customary and reasonable amount* for *nonpreferred providers*, except as described in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section, or *negotiated rate* for *preferred providers* will not be considered a *covered expense* by the *Plan*. Specified preventive care expenses will be considered to be *covered expenses*.

### **COPAY**

The *copay* is the amount payable by the *covered person* for certain services, supplies or treatment as shown on the *Schedule of Benefits*. The *covered person* selects a *facility* or a *professional provider* and pays the applicable *copay*. The *Plan* pays the remaining *covered expenses* at the *negotiated rate* for *preferred providers* or the *customary and reasonable amount* for *nonpreferred providers*, except as described in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section. The *copay* must be paid each time a treatment or service is rendered.

The *copay* will not be applied toward the benefit period deductible.

### **DEDUCTIBLES**

The deductible is the dollar amount of *covered expenses* which each *covered person* or family must have *incurred* during each plan year before the *Plan* pays applicable benefits. The deductible amount is shown on the *Schedule of Benefits*. If the *out-of-network rate* exceeds the *recognized amount* (or the lesser of the billed charges or the *qualifying payment amount* for purposes of *nonpreferred provider* air ambulance services), the difference will not be subject to the deductible.

### **COINSURANCE**

The *Plan* pays a specified percentage of *covered expenses* at the *customary and reasonable amount* for *nonpreferred providers* except as described in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section, or the percentage of the *negotiated rate* for *preferred providers*. That percentage is specified on the *Schedule of Benefits*. For *nonpreferred providers*, the *covered person* may be responsible for the difference between the percentage the *Plan* paid and one hundred percent (100%) of the billed amount. See the *Nonpreferred Provider* subsection for more details. The *covered person's* portion of the *coinsurance* is applied to the out-of-pocket expense limit.

### **OUT-OF-POCKET EXPENSE LIMIT**

After the *covered person* has incurred an amount equal to the out-of-pocket expense limit listed on the *Schedule of Benefits* for *covered expenses*, the *Plan* will begin to pay one hundred percent (100%) of *covered expenses* for the remainder of the plan year.

#### *Out-of-Pocket Expense Limit Exclusions*

The following items do not apply toward satisfaction of the plan year out-of-pocket expense limit and will not be payable at one hundred percent (100%), even if the out-of-pocket expense limit has been satisfied:

1. Expenses for services, supplies and treatments not covered by the *Plan*, including charges in excess of the *customary and reasonable amount* or *negotiated rate*, as applicable.
2. Expenses incurred as a result of failure to obtain pre-certification.

## ***MAXIMUM BENEFIT***

The **maximum benefit** for all non-**Essential Health Benefits** payable on behalf of a **covered person** is shown on the **Schedule of Benefits**. The non-**Essential Health Benefits maximum benefit** applies to the entire time the **covered person** is covered under the **Plan**, either as an **employee, dependent, alternate recipient** or under COBRA. If the **covered person's** coverage under the **Plan** terminates and at a later date the **covered person** again becomes covered under the **Plan**, the non-**Essential Health Benefits maximum benefit** will include all benefits paid by the **Plan** for the **covered person** during any period of coverage.

The **Schedule of Benefits** may contain separate **maximum benefit** limitations for specified conditions and/or services. Any separate **maximum benefit** will include all such benefits paid by the **Plan** for the **covered person** during any and all periods of coverage under the **Plan**. No more than the **Essential Health Benefits/non-Essential Health Benefits maximum benefit** will be paid for any **covered person** while covered by the **Plan**.

Notwithstanding any provision of the **Plan** to the contrary, all benefits received by an individual under any benefit option, package or coverage under the **Plan** shall be applied toward the applicable **maximum benefit** paid by the **Plan** for any one **covered person** for such option, package or coverage under the **Plan**, and also toward the **maximum benefit** under any other options, packages or coverages under the **Plan** in which the individual may participate in the future.

## ***HOSPITAL/AMBULATORY SURGICAL FACILITY***

**Covered expenses** shall include:

1. **Room and board** for treatment in a **hospital**, including **intensive care units**, cardiac care units and similar **medically necessary** accommodations. **Covered expenses** for **room and board** shall be limited to the **hospital's semiprivate** rate. **Covered expenses** for **intensive care** or cardiac care units shall be the **customary and reasonable amount** for **nonpreferred providers** except as described in the **Nonpreferred Provider** subsection, under the **Preferred Provider or Nonpreferred Provider** section, and the percentage of the **negotiated rate** for **preferred providers**. A full private room rate is covered if the private room is necessary for isolation purposes and is not for the convenience of the **covered person**.
2. Miscellaneous **hospital** services, supplies, and treatments including, but not limited to:
  - a. Admission fees, and other fees assessed by the **hospital** for rendering services, supplies and treatments;
  - b. Use of operating, treatment or delivery rooms;
  - c. Anesthesia, anesthesia supplies and its administration by an employee of the **hospital**;
  - d. Medical and surgical dressings and supplies, casts and splints;
  - e. Blood transfusions, including the cost of whole blood, the administration of blood, blood processing and blood derivatives (to the extent blood or blood derivatives are not donated or otherwise replaced);
  - f. Drugs and medicines (except drugs not used or consumed in the **hospital**);
  - g. X-ray and diagnostic laboratory procedures and services;
  - h. Oxygen and other gas therapy and the administration thereof;
  - i. Therapy services.
3. Services, supplies and treatments described above furnished by an **ambulatory surgical facility**, including follow-up care provided within seventy-two (72) hours of a procedure.

4. Charges for pre-admission testing (x-rays and lab tests) performed within seven (7) days prior to a **hospital** admission which are related to the condition which is necessitating the **confinement**. Such tests shall be payable even if they result in additional medical treatment prior to **confinement** or if they show that **hospital confinement** is not **medically necessary**. Such tests shall not be payable if the same tests are performed again after the **covered person** has been admitted.

## ***AMBULANCE SERVICES***

**Covered expenses** shall include:

1. Ambulance services for air or ground transportation for the **covered person** from the place of **injury** or serious medical incident to the nearest **hospital** where treatment can be given.
2. Ambulance service is covered in a non-emergency situation only to transport the **covered person** to or from a **hospital** or between **hospitals** for required treatment when such transportation is certified by the attending **physician** as **medically necessary**. Such transportation is covered only from the initial **hospital** to the nearest **hospital** qualified to render the special treatment.
3. **Emergency services** actually provided by an advance life support unit, even though the unit does not provide transportation.

If the **covered person** is admitted to a **nonpreferred hospital** after treatment for an **emergency medical condition**, ambulance service is covered to transport the **covered person** from the **nonpreferred hospital** to a **preferred hospital** after the patient's condition has been **stabilized**, provided such transport is certified by the attending **physician** as **medically necessary**.

## ***EMERGENCY SERVICES/EMERGENCY ROOM SERVICES***

**Covered expenses** for **emergency services** in the emergency department of a **hospital** shall be paid in accordance with the *Schedule of Benefits*. **Emergency services** by a **nonpreferred provider** shall be paid as specified in the section, *Preferred Provider or Nonpreferred Provider*, under the subsection, *Nonpreferred Provider*.

Emergency room treatment for conditions that do not meet the definition of **emergency medical condition** will be considered non-emergency use of the emergency room and will be subject to the terms as shown on the *Schedule of Benefits*.

The emergency room **copay** shall be waived if the patient is admitted directly into the **hospital**.

## ***URGENT CARE CENTER***

Mesquite ISD extends this policy to all insurance benefits (if the *employee* elects to continue their health insurance through August, the *employee* must continue all other insurance through August, too).

## ***EMPLOYEE ENROLLMENT***

An *employee* must file a written application (or electronic, if applicable) with the *employer* for coverage hereunder within thirty-one (31) days of becoming eligible for coverage. The *employee* shall have the responsibility of timely forwarding to the *employer* all applications for enrollment hereunder. If the *employee* failed to make timely enrollment, the *employee* is considered a *late enrollee* and not eligible for coverage under the *Plan* until the next open enrollment period unless the *employee* otherwise qualifies for special enrollment during the plan year.

## ***EMPLOYEE(S) EFFECTIVE DATE***

Eligible *employees*, as described in *Employee Eligibility*, are covered under the *Plan* on the first day of the month coincident with or following completion of thirty (30) days of continuous employment provided the *employee* has enrolled for coverage as described in *Employee Enrollment*.

## ***DEPENDENT(S) ELIGIBILITY***

The following describes *dependent* eligibility requirements. The *employer* will require proof of *dependent* status.

1. The term "spouse" means the spouse of the *employee* under a legally valid existing marriage, as defined by the state in which the *employee* was legally married, unless court ordered separation exists.
2. The *employee's* natural child, stepchild, legally adopted child, child *placed for adoption*, *foster child*, and a child for whom the *employee* has been appointed legal guardian, through the end of the month in which the child reaches twenty-six (26) years of age.

3. A grandchild under age 26 whose primary residence is the household of the employee and who is a dependent of the employee for federal income tax purposes for the reporting year in which coverage of the grandchild is in effect.
4. An eligible child shall also include any other child of an **employee** or their spouse who is recognized in a National Medical Support Notice (NMSN) which has been issued by any court judgment, decree, or order as being entitled to enrollment for coverage under the **Plan**. Such child shall be referred to as an **alternate recipient**. **Alternate recipients** are eligible for coverage only if the **employee** is also covered under the **Plan**. An application for enrollment must be submitted to the **employer** for coverage under the **Plan**. The **employer/plan administrator** shall establish written procedures for determining whether a medical child support order is a NMSN and for administering the provision of benefits under the **Plan** pursuant to a valid NMSN. Within a reasonable period after receipt of a medical child support order, the **employer/plan administrator** shall determine whether such order is a NMSN, as defined in 42 U.S.C.A §666 of the Child Support Performance and Incentive Act of 1998.

The **employer/plan administrator** reserves the right, waivable at its discretion, to seek clarification with respect to the order from the court or administrative agency which issued the order, up to and including the right to seek a hearing before the court or agency.

5. A **dependent** child who was covered under the **Plan** prior to the end of the month in which the child reached twenty-six (26) years of age and who lives with the **employee**, is unmarried, incapable of self-sustaining employment and dependent upon the **employee** for support due to a mental and/or physical disability, will remain eligible for coverage under the **Plan** beyond the date coverage would otherwise terminate.

Proof of incapacitation for such **dependent** child who reaches age twenty-six (26) after the **effective date** shown on the first page of this **Plan** document must be provided within thirty-one (31) days of the date the coverage would otherwise terminate.

Proof of incapacitation for any **dependent** child after age twenty-six (26) may be requested by the **employer** or **claims processor**, but not more than once every two (2) years. Eligibility may not be continued beyond the earliest of the following:

- a. Cessation of the mental and/or physical disability;
- b. Failure to furnish any required proof of mental and/or physical disability or to submit to any required examination.

Every eligible **employee** may enroll eligible **dependents**. However, if both the **employee** and their spouse are **employees**, they may choose to have one covered as the **employee**, and the spouse covered as the **dependent** of the **employee**, or they may choose to have both covered as **employees**. Eligible children may be enrolled as **dependents** of one spouse, but not both.

## ***DEPENDENT ENROLLMENT***

An **employee** must file a written application (or electronic, if applicable) with the **employer** for coverage hereunder for the **employee's** eligible **dependents** within thirty-one (31) days of becoming eligible for coverage; and within thirty-one (31) days of marriage or the acquiring of children or birth of a child. The **employee** shall have the responsibility of timely forwarding to the **employer** all applications for enrollment hereunder. If the **employee** failed to make timely enrollment for the **employee's** eligible **dependents**, the **dependents** are considered **late enrollees** and not eligible for coverage under the **Plan** until the next open enrollment period, unless the **dependent** otherwise qualifies for a special enrollment during the plan year.

1. The date the ***employee's*** coverage becomes effective.
2. The date the ***dependent*** is acquired, provided the ***employee*** has applied for ***dependent*** coverage within thirty-one (31) days of the date acquired.
3. Newborn children will be considered a ***dependent*** under the ***Plan*** for thirty (30) days immediately following birth. For coverage under the ***Plan*** for the newborn beyond that date, the ***employee*** must submit an application for enrollment within thirty-one (31) days of birth.
4. Coverage for a newly adopted or to be adopted child shall be effective on the date the child is ***placed for adoption***, provided the ***employee*** has applied for ***dependent*** coverage within thirty-one (31) days of the date the child is ***placed for adoption***.

## ***SPECIAL ENROLLMENT PERIOD (OTHER COVERAGE)***

An ***employee*** or ***dependent*** who did not enroll for coverage under this ***Plan*** because the ***employee*** or ***dependent*** was covered under other group coverage or had health insurance coverage at the time the ***employee*** or ***dependent*** was initially eligible for coverage under this ***Plan***, may request a special enrollment period if the ***employee*** or ***dependent*** is no longer eligible for the other coverage. Special enrollment periods will be granted if the individual's loss of eligibility is due to:

1. Termination of the other coverage (including exhaustion of COBRA benefits).
2. Cessation of employer contributions toward the other coverage.
3. Legal separation or divorce.
4. Termination of other employment or reduction in number of hours of other employment.
5. Death of ***dependent*** or spouse.
6. Cessation of other coverage because ***employee*** or ***dependent*** no longer resides or works in the service area and no other benefit package is available to the individual.
7. Cessation of ***dependent*** status under other coverage and ***dependent*** is otherwise eligible under ***employee's Plan***.

Notwithstanding any provision of the ***Plan*** to the contrary, all benefits received by an individual under any benefit option, package or coverage under the ***Plan*** shall be applied toward any applicable ***maximum benefit*** paid by the ***Plan*** for any one ***covered person*** for such option, package or coverage under the ***Plan***, and also toward any applicable ***maximum benefit*** under any other options, packages or coverages under the ***Plan*** in which the individual may participate in the future.

The end of any extended benefits period, which has been provided due to any of the above, will also be considered a loss of eligibility.

However, loss of eligibility does not include a loss due to failure of the individual to pay premiums or contributions on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the other coverage).

The *employee* or *dependent* must request the special enrollment and enroll no later than thirty-one (31) days from the date of loss of other coverage.

The *effective date* of coverage as the result of a special enrollment shall be the date of loss of other coverage provided the enrollment form is received by the *plan administrator* within thirty-one (31) days from the date of loss of other coverage.

### ***SPECIAL ENROLLMENT PERIOD (DEPENDENT ACQUISITION)***

An *employee* who is currently covered or not covered under the *Plan*, but who acquires a new *dependent* may request a special enrollment period for that *employee*, if applicable, the *employee's* newly acquired *dependent* and spouse, if not already covered under the *Plan* and otherwise eligible for coverage.

For the purposes of this provision, the acquisition of a new *dependent* includes:

- marriage
- birth of a *dependent* child
- adoption or *placement for adoption* of a *dependent* child
- legal guardianship of a *dependent* child
- a *foster child* being placed with the *employee*

The *employee* must request the special enrollment within thirty-one (31) days of the acquisition of the *dependent*.

The *effective date* of coverage as the result of a special enrollment shall be:

1. in the case of marriage, the first day of the first calendar month following the date of such marriage;
2. in the case of a *dependent's* birth, the date of such birth;
3. in the case of adoption or *placement for adoption*, the date of such adoption or *placement for adoption*;
4. in the case of legal guardianship, the date on which such child is placed in the covered *employee's* home pursuant to a court order appointing the covered *employee* as legal guardian for the child;
5. in the case of a *foster child* being placed with the *employee*, on the date on which such child is placed with the *employee* by an authorized placement agency or by judgment, decree or other order of a court of competent jurisdiction.

### ***SPECIAL ENROLLMENT PERIOD (CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP) REAUTHORIZATION ACT OF 2009)***

The *Plan* intends to comply with the Children's Health Insurance Program Reauthorization Act of 2009.

An *employee* who is currently covered or not covered under the *Plan* may request a special enrollment period for that *employee*, if applicable, and such *employee's dependent*. Special enrollment periods will be granted if:

1. the individual's loss of eligibility is due to termination of coverage under a state children's health insurance program or Medicaid; or,
2. the individual is eligible for any applicable premium assistance under a state children's health insurance program or Medicaid.

The *employee* or *dependent* must request the special enrollment and enroll no later than sixty (60) days from the date of loss of other coverage or from the date the individual becomes eligible for any applicable premium assistance.

## ***OPEN ENROLLMENT***

Open enrollment is the period designated by the **employer** during which the **employee** may change benefit plans or enroll in the **Plan** if the **employee** did not do so when first eligible or does not qualify for a special enrollment period. An open enrollment will be permitted once in each plan year as designated by the **employer**.

During this open enrollment period, an **employee** and the **employee's dependents** who are covered under the **Plan** or covered under any **employer** sponsored health plan may elect coverage or change coverage under the **Plan**. An **employee** must make written application (or electronic, if applicable) as provided by the **employer** during the open enrollment period to change benefit plans.

Except for a status change listed below, the open enrollment period is the only time an **employee** may change benefit options or modify enrollment. Status changes include:

1. Change in family status. A change in family status shall include only:
  - a. Change in **employee's** legal marital status;
  - b. Change in number of **dependents**;
  - c. Termination or commencement of employment by the **employee**, spouse or **dependent**;
  - d. Change in work schedule;
  - e. **Dependent** satisfies (or ceases to satisfy) **dependent** eligibility requirements;
  - f. Change in residence or worksite of **employee**, spouse or **dependent**.
2. Significant change in the cost of coverage under the **employer's** group medical plan.
3. Cessation of required contributions.
4. Taking or returning from a **leave of absence** under the Family and Medical Leave Act of 1993.
5. Significant change in the health coverage of the **employee** or spouse attributable to the spouse's employment.
6. A Special Enrollment Period as mandated by the Health Insurance Portability and Accountability Act of 1996.
7. A court order, judgment or decree.
8. Entitlement to **Medicare** or Medicaid, or enrollment in a state child health insurance program (CHIP).
9. A COBRA qualifying event.

## TERMINATION OF COVERAGE

Except as provided in the *Plan's Continuation of Coverage* (COBRA) or *Extension of Benefits* provision, coverage will terminate on the earliest of the following dates:

### ***TERMINATION OF EMPLOYEE COVERAGE***

1. The date the *employer* terminates the *Plan* and offers no other group health plan.
2. The last day of the month in which the *employee* ceases to meet the eligibility requirements of the *Plan*.
3. The last day of the month in which employment terminates, as defined by the *employer's* personnel policies.
4. The date the *employee* becomes a full-time, active duty member of the armed forces of any country.
5. The date the *employee* ceases to make any required contributions.

If an *employee* elects to become covered under another *employer*-sponsored health plan, coverage under this *Plan* will terminate on the day before the *effective date* of the other coverage. Any provisions which would extend or continue benefits beyond that date will not apply.

### ***TERMINATION OF DEPENDENT(S) COVERAGE***

1. The date the *employer* terminates the *Plan* and offers no other group health plan.
2. The date the *employee's* coverage terminates.
3. The date such person ceases to meet the eligibility requirements of the *Plan*, except that for a *dependent* child, termination shall be the last day of the month in which the *dependent* child reaches age twenty-six (26).
4. The date the *employee* ceases to make any required contributions on the *dependent's* behalf.
5. The date the *employee's dependent* spouse becomes a full-time, active duty member of the armed forces of any country.
6. The date the *Plan* discontinues *dependent* coverage for any and all *dependents*.
7. The date the *employee's dependent* spouse becomes eligible as an *employee*.

### ***EXTENSION OF BENEFITS DURING TEMPORARY DISABILITY***

Coverage may be continued for a limited time, contingent upon payment of any required contributions for *employees* and/or *dependents*, when the *employee* is on an authorized *leave of absence* from the *employer* for a temporary disability. If the *employee* is eligible for paid *leave of absence*, the *employee* will be responsible for their usual contribution amount for coverage. The *Plan* requires that *covered persons* pay the entire costs of their continuation coverage during any unpaid leave.

In no event will coverage continue for more than six (6) months after the *employee's* active service ends. Extension of benefits during temporary disability runs concurrently with leave taken under the Family Medical Leave Act. Once the *leave of absence* for temporary disability is exhausted, the *employee* and their *dependent(s)*, if applicable, may be eligible for *Continuation of Coverage* (COBRA).

### ***LEAVE OF ABSENCE***

Coverage may be continued for a limited time, contingent upon payment of any required contributions for *employees* and/or *dependents*, when the *employee* is on an authorized *leave of absence* from the *employer*. In no event will

coverage continue for more than sixty (60) days after the *employee's* active service ends for family medical leave or one hundred eighty (180) days for temporary disability leave.

## ***FAMILY AND MEDICAL LEAVE ACT (FMLA)***

### *Eligible Leave*

An *employee* who is eligible for unpaid leave and benefits under the terms of the Family and Medical Leave Act of 1993 (FMLA), as amended, has the right to continue coverage under the *Plan* for up to sixty (60) working days, or (twenty-six (26) weeks in certain circumstances). *Employees* should contact the *employer* to determine whether they are eligible under FMLA.

### *Contributions*

During this leave, the *employer* will continue to pay the same portion of the *employee's* contribution for the *Plan*. The *employee* shall be responsible to continue payment for eligible *dependent's* coverage and any remaining *employee* contributions. If the covered *employee* fails to make the required contribution during a FMLA leave within thirty (30) days after the date the contribution was due, the coverage will terminate effective on the date the contribution was due.

### *Reinstatement*

If coverage under the *Plan* was terminated during an approved FMLA leave, and the *employee* returns to active work immediately upon completion of that leave, *Plan* coverage will be reinstated on the date the *employee* returns to active work as if coverage had not terminated, provided the *employee* makes any necessary contributions and enrolls for coverage within thirty-one (31) days of his return to active work.

### *Repayment Requirement*

The *employer* may require *employees* who fail to return from a leave under FMLA to repay any contributions paid by the *employer* on the *employee's* behalf during an unpaid leave. This repayment will be required only if the *employee's* failure to return from such leave is not related to a "serious health condition," as defined in FMLA, or events beyond the *employee's* control.

## ***EMPLOYEE REINSTATEMENT***

*Employees* and eligible *dependents* who lost coverage due to an approved *leave of absence, layoff*, or termination of employment with the *employer* are eligible for reinstatement of coverage as follows:

1. Reinstatement of coverage is available to *employees* and *dependents* who were previously covered under the *Plan*.
2. Rehire or return to active service must occur within twenty-six (26) weeks of the last day worked.
3. The *employee* must submit the completed application for enrollment to the *employer* within thirty-one (31) days of rehire or return to work.
4. Coverage shall be effective from the date of rehire or return to work. Prior benefits and limitations, such as deductible, *Essential Health Benefits/non-Essential Health Benefits maximum benefit* shall be applied with no break in coverage.

If the provisions of (1) through (3) above are not met, the *Plan's* provisions for eligibility and application for enrollment shall apply.

An *employee* who returns to work more than twenty-six (26) weeks following an approved *leave of absence, layoff*, or termination of employment will be considered a new *employee* for purposes of eligibility and will be subject to all eligibility requirements, including all requirements relating to the *effective date* of coverage.

## ***EXTENSION OF BENEFITS DURING TEMPORARY DISABILITY***

If on the date coverage terminates an *employee* or *dependent* is *totally disabled*, benefits will be extended only for the condition causing such *total disability* and only during the uninterrupted continuance of that disability. This extended benefit will terminate on the earlier of the following:

1. The date the person is no longer *totally disabled*;
2. The date the person becomes eligible for *Medicare*;
3. Upon eligibility for coverage in any other group health plan that does not limit coverage for the disabling condition;
4. The date the *Essential Health Benefits*/non-*Essential Health Benefits maximum benefit* under the *Plan* have been paid on the person's behalf;
5. Six (6) months following the date coverage terminated;
6. The date the *Plan* terminates.

If COBRA continuation coverage is elected by the *covered person*, this provision for coverage shall apply after the COBRA continuation coverage period ends.

## CONTINUATION OF COVERAGE

In order to comply with federal regulations, the *Plan* includes a continuation of coverage option for certain individuals whose coverage would otherwise terminate. The following is intended to comply with the Public Health Services Act. This continuation of coverage may be commonly referred to as "COBRA coverage" or "continuation coverage."

The coverage which may be continued under this provision consists of health coverage. It does not include life insurance benefits, accidental death and dismemberment benefits, or income replacement benefits. Health coverage includes: medical and prescription drug benefits as provided under the *Plan*.

### ***QUALIFYING EVENTS***

Qualifying events are any one of the following events that would cause a *covered person* to lose coverage under the *Plan* or cause an increase in required contributions, even if such loss of coverage or increase in required contributions does not take effect immediately, and allow such person to continue coverage beyond the date described in *Termination of Coverage*:

1. Death of the *employee*.
2. The *employee's* termination of employment (other than termination for gross misconduct), or reduction in work hours to less than the minimum required for coverage under the *Plan*. This event is referred to below as an "18-Month Qualifying Event."
3. Divorce or legal separation from the *employee*.
4. The *employee's* entitlement to *Medicare* benefits under Title XVIII of the Social Security Act, if it results in the loss of coverage under this *Plan*.
5. A *dependent* child no longer meets the eligibility requirements of the *Plan*.

### ***NOTIFICATION REQUIREMENTS***

1. When eligibility for continuation of coverage results from a spouse being divorced or legally separated from a covered *employee*, or a child's loss of *dependent* status, the *employee* or *dependent* must submit a completed Qualifying Event Notification form to the *plan administrator* (or its designee) within sixty (60) days of the latest of:
  - a. The date of the event;
  - b. The date on which coverage under the *Plan* is or would be lost as a result of that event; or
  - c. The date on which the *employee* or *dependent* is furnished with a copy of this Plan Document.

A copy of the Qualifying Event Notification form is available from the *plan administrator* (or its designee). In addition, the *employee* or *dependent* may be required to promptly provide any supporting documentation as may be reasonably requested for purposes of verification. Failure to provide such notice and any requested supporting documentation will result in the person forfeiting their rights to continuation of coverage under this provision.

Within fourteen (14) days of the receipt of a properly completed Qualifying Event Notification, the *plan administrator* (or its designee) will notify the *employee* or *dependent* of that *employee* or *dependent's* rights to continuation of coverage, and what process is required to elect continuation of coverage. This notice is referred to below as "Election Notice."

2. When eligibility for continuation of coverage results from any qualifying event under the *Plan* other than the ones described in Paragraph 1 above, the *plan administrator* (or its designee) will furnish an Election Notice

to the *employee* or *dependent* not later than forty-four (44) days after the date on which the *employee* or *dependent* loses coverage under the *Plan* due to the qualifying event.

3. In the event it is determined that an individual seeking continuation of coverage (or extension of continuation coverage) is not entitled to such coverage, the *plan administrator* (or its designee) will provide to such individual an explanation as to why the individual is not entitled to continuation coverage. This notice is referred to here as the "Non-Eligibility Notice." The Non-Eligibility Notice will be furnished in accordance with the same time frame as applicable to the furnishing of the Election Notice.
4. In the event an Election Notice is furnished, the eligible *employee* or *dependent* has sixty (60) days to decide whether to elect continued coverage. Each person who is described in the Election Notice and was covered under the *Plan* on the day before the qualifying event has the right to elect continuation of coverage on an individual basis, regardless of family enrollment. If the *employee* or *dependent* chooses to have continuation coverage, the *employee* or *dependent* must advise the *plan administrator* (or its designee) of this choice by returning to the *plan administrator* (or its designee) a properly completed Election Notice not later than the last day of the sixty (60) day period. If the Election Notice is mailed to the *plan administrator* (or its designee), it must be postmarked on or before the last day of the sixty (60) day period. This sixty (60) day period begins on the later of the following:
  - a. The date coverage under the *Plan* would otherwise end; or
  - b. The date the person receives the Election Notice from the *plan administrator* (or its designee).
5. Within forty-five (45) days after the date the person notifies the *plan administrator* (or its designee) that the person or designee has chosen to continue coverage, the person must make the initial payment. The initial payment will be the amount needed to provide coverage from the date continued benefits begin, through the last day of the month in which the initial payment is made. Thereafter, payments for the continuation coverage are to be made monthly, and are due in advance, on the first day each month.

## ***COST OF COVERAGE***

1. The *Plan* requires that *covered persons* pay the entire costs of their continuation coverage, plus a two percent (2%) administrative fee. Except for the initial payment (see above), payments must be remitted to the *plan administrator* (or its designee) by or before the first day of each month during the continuation period. The payment must be remitted on a timely basis in order to maintain the coverage in force.
2. For a person originally covered as an *employee* or as a spouse, the cost of coverage is the amount applicable to an *employee* if coverage is continued for that *employee* alone. For a person originally covered as a child and continuing coverage independent of the family unit, the cost of coverage is the amount applicable to an *employee*.

## ***WHEN CONTINUATION COVERAGE BEGINS***

When continuation coverage is elected and the initial payment is made within the time period required, coverage is reinstated back to the date of the loss of coverage, so that no break in coverage occurs. Coverage for *dependents* acquired and properly enrolled during the continuation period begins in accordance with the enrollment provisions of the *Plan*.

## ***FAMILY MEMBERS ACQUIRED DURING CONTINUATION***

A spouse or *dependent* child newly acquired during continuation coverage is eligible to be enrolled as a *dependent*. The standard enrollment provision of the *Plan* applies to enrollees during continuation coverage. A *dependent* acquired and enrolled after the original qualifying event, other than a child born to or *placed for adoption* with a covered *employee* during a period of COBRA continuation coverage, is not eligible for a separate continuation if a subsequent event results in the person's loss of coverage.

## ***EXTENSION OF CONTINUATION COVERAGE***

1. In the event any of the following events occur during the period of continuation coverage resulting from an 18-Month Qualifying Event, it is possible for a *dependent's* continuation coverage to be extended:
  - a. Death of the *employee*.
  - b. Divorce or legal separation from the *employee*.
  - c. The child's loss of *dependent* status.

Written notice of such event must be provided by submitting a completed Additional Extension Event Notification form to the *plan administrator* (or its designee) within sixty (60) days of the latest of:

- (i.) The date of that event;
- (ii.) The date on which coverage under the *Plan* would be lost as a result of that event if the first qualifying event had not occurred; or
- (iii.) The date on which the *employee* or *dependent* is furnished with a copy of the Plan Document.

A copy of the Additional Extension Event Notification form is available from the *plan administrator* (or its designee). In addition, the *dependent* may be required to promptly provide any supporting documentation as may be reasonably required for purposes of verification. Failure to properly provide the Additional Extension Event Notification and any requested supporting documentation will result in the person forfeiting their rights to extend continuation coverage under this provision. In no event will any extension of continuation coverage extend beyond thirty-six (36) months from the later of the date of the first qualifying event or the date as of which continuation coverage began.

Only a person covered prior to the original qualifying event or a child born to or *placed for adoption* with a covered *employee* during a period of COBRA coverage may be eligible to continue coverage through an extension of continuation coverage as described above. Any other *dependent* acquired during continuation coverage is not eligible to extend continuation coverage as described above.

2. A person who loses coverage on account of an 18-Month Qualifying Event may extend the maximum period of continuation coverage from eighteen (18) months to up to twenty-nine (29) months in the event both of the following occur:
  - a. That person (or another person who is entitled to continuation coverage on account of the same 18-Month Qualifying Event) is determined by the Social Security Administration, under Title II or Title XVI of the Social Security Act, to have been disabled before the sixtieth (60<sup>th</sup>) day of continuation coverage; and
  - b. The disability status, as determined by the Social Security Administration, lasts at least until the end of the initial eighteen (18) month period of continuation coverage.

The disabled person (or the disabled person's representative) must submit written proof of the Social Security Administration's disability determination to the *plan administrator* (or its designee) within the initial eighteen (18) month period of continuation coverage and no later than sixty (60) days after the latest of:

- (i.) The date of the disability determination by the Social Security Administration;
- (ii.) The date of the 18-Month Qualifying Event;
- (iii.) The date on which the person loses (or would lose) coverage under the *Plan* as a result of the 18-Month Qualifying Event; or
- (iv.) The date on which the person is furnished with a copy of the Plan Document.

Should the disabled person fail to notify the *plan administrator* (or its designee) in writing within the time frame described above, the disabled person (and others entitled to disability extension on account of that person) will then be entitled to whatever period of continuation the disabled person or (others entitled to disability extension on account of that person) would otherwise be entitled to, if any. The *Plan* may require that the individual pay one hundred and fifty percent (150%) of the cost of continuation coverage during the additional eleven (11) months of continuation coverage. In the event the Social Security Administration makes a final determination that the individual is no longer disabled, the individual must provide notice of that final determination no later than thirty (30) days after the later of:

- (A.) The date of the final determination by the Social Security Administration; or
- (B.) The date on which the individual is furnished with a copy of the Plan Document.

## ***END OF CONTINUATION***

Continuation of coverage under this provision will end on the earliest of the following dates:

1. Eighteen (18) months (or twenty-nine (29) months if continuation coverage is extended due to certain disability status as described above) from the date continuation began because of an 18-Month Qualifying Event or the last day of leave under the Family and Medical Leave Act of 1993.
2. Twenty-four (24) months from the date continuation began because of the call-up to military duty.
3. Thirty-six (36) months from the date continuation began for *dependents* whose coverage ended because of the death of the *employee*, divorce or legal separation from the *employee*, or the child's loss of *dependent* status.
4. The end of the period for which contributions are paid if the *covered person* fails to make a payment by the date specified by the *plan administrator* (or its designee). In the event continuation coverage is terminated for this reason, the individual will receive a notice describing the reason for the termination of coverage, the effective date of termination, and any rights the individual may have under the *Plan* or under applicable law to elect an alternative group or individual coverage, such as a conversion right. This notice is referred to below as an "Early Termination Notice."
5. The date coverage under the *Plan* ends and the *employer* offers no other group health benefit plan. In the event continuation coverage is terminated for this reason, the individual will receive an Early Termination Notice.
6. The date the *covered person* first becomes entitled, after the date of the *covered person's* original election of continuation coverage, to *Medicare* benefits under Title XVIII of the Social Security Act. In the event continuation coverage is terminated for this reason, the individual will receive an Early Termination Notice.
7. The date the *covered person* first becomes covered under any other employer's group health plan after the original date of the *covered person's* election of continuation coverage.
8. For the spouse or *dependent* child of a covered *employee* who becomes entitled to *Medicare* prior to the spouse's or *dependent's* election for continuation coverage, thirty-six (36) months from the date the covered *employee* becomes entitled to *Medicare*.

## ***SPECIAL RULES REGARDING NOTICES***

1. Any notice required in connection with continuation coverage under the *Plan* must, at minimum, contain sufficient information so that the *plan administrator* (or its designee) is able to determine from such notice the *employee* and *dependent(s)* (if any), the qualifying event or disability, and the date on which the qualifying event occurred.
2. In connection with continuation coverage under the *Plan*, any notice required to be provided by any individual who is either the *employee* or a *dependent* with respect to the qualifying event may be provided by a

## BlueCross BlueShield of Illinois

representative acting on behalf of the *employee* or the *dependent*, and the provision of the notice by one individual shall satisfy any responsibility to provide notice on behalf of all related eligible individuals with respect to the qualifying event.

3. As to an Election Notice, Non-Eligibility Notice or Early Termination Notice:
  - a. A single notice addressed to both the *employee* and the spouse will be sufficient as to both individuals if, on the basis of the most recent information available to the *Plan*, the spouse resides at the same location as the *employee*; and
  - b. A single notice addressed to the *employee* or the spouse will be sufficient as to each *dependent* child of the *employee* if, on the basis of the most recent information available to the *Plan*, the *dependent* child resides at the same location as the individual to whom such notice is provided.

### ***MILITARY MOBILIZATION***

If an *employee* is called for active duty by the United States Armed Services (including the Coast Guard, the National Guard or the Public Health Service), the *employee* and the *employee's dependent* may continue their health coverages, pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA).

When the leave is less than thirty-one (31) days, the *employee* and the *employee's dependent* may not be required to pay more than the *employee's* share, if any, applicable to that coverage. If the leave is thirty-one (31) days or longer, then the *plan administrator* (or its designee) may require the *employee* and the *employee's dependent* to pay no more than one hundred and two percent (102%) of the full contribution.

The maximum length of the continuation coverage required under the Uniformed Services Employment and Reemployment Rights Act (USERRA) is the lesser of:

1. Twenty-four (24) months beginning on the day that the leave commences, or
2. A period beginning on the day that the leave began and ending on the day after the *employee* fails to return to employment within the time allowed.

The period of continuation coverage under USERRA will be counted toward any continuation coverage period concurrently available under COBRA. Upon return from active duty, the *employee* and the *employee's dependent* will be reinstated without a waiting period, regardless of their election of COBRA continuation coverage.

### ***PLAN CONTACT INFORMATION***

Questions concerning the *Plan*, including any available continuation coverage, can be directed to the *plan administrator* (or its designee).

### ***ADDRESS CHANGES***

In order to help ensure the appropriate protection of rights and benefits under the *Plan*, *covered persons* should keep the *plan administrator* (or its designee) informed of any changes to their current addresses.

## CLAIM FILING PROCEDURE

A “pre-service claim” is a claim for a *Plan* benefit that is subject to the pre-certification rules, as described in the section, *Pre-Service Claim Procedure*. All other claims for *Plan* benefits are “post-service claims” and are subject to the rules described in the section, *Post-Service Claim Procedure*.

Notice given by or on behalf of a *covered person* or the *covered person's* beneficiary, if any, to the *plan administrator* or to any authorized agent of the *Plan*, with information sufficient to identify the *covered person*, shall be deemed notice of claim.

### ***TIME FRAME FOR BENEFIT DETERMINATION***

After a completed claim has been submitted to the *claims processor*, and no additional information is required, the *claims processor* will generally complete its determination of the claim within thirty (30) calendar days of receipt of the completed claim unless an extension is necessary due to circumstances beyond the *Plan's* control.

After a completed claim has been submitted to the *claims processor*, and if additional information is needed for determination of the claim, the *claims processor* will provide the *covered person* (or authorized representative) with a notice detailing information needed. The notice will be provided within thirty (30) calendar days of receipt of the completed claim and will state the date as of which the *Plan* expects to make a decision. The *covered person* will have forty-five (45) calendar days to provide the information requested, and the *Plan* will complete its determination of the claim within fifteen (15) calendar days of receipt by the *claims processor* of the requested information. Failure to respond in a timely and complete manner will result in an *adverse benefit determination*.

### ***NOTICE OF ADVERSE BENEFIT DETERMINATION***

If the claim for benefits is denied, the *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written Notice of Adverse Benefit Determination within the time frames described immediately above.

The Notice of Adverse Benefit Determination shall include an explanation of the denial, including:

1. Information sufficient to identify the claim involved.
2. The specific reasons for the *adverse benefit determination*, to include:
  - a. The denial code and its specific meaning, and
  - b. A description of the *Plan's* standards, if any, used when denying the claim.
3. Reference to the *Plan* provisions on which the *adverse benefit determination* is based.
4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
5. A description of the *Plan's* claim appeal procedure and applicable time limits.
6. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination will contain either:
  - a. A copy of that criterion, or
  - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
7. If the *adverse benefit determination* was based on *medical necessity*, *experimental/investigational* treatment or similar exclusion or limit, the *plan administrator* (or its designee) will supply either:
  - a. An explanation of the scientific or clinical judgment, applying the terms of the *Plan* to the *covered person's* medical circumstances, or
  - b. A statement that such explanation will be supplied free of charge, upon request.

### ***APPEALING AN ADVERSE BENEFIT DETERMINATION ON A POST-SERVICE CLAIM***

A *covered person*, or the *covered person's* authorized representative, may request a review of an *adverse benefit determination* on a Post-Service claim by making written request to the *claims processor* within one hundred eighty (180) calendar days from receipt of notification of the *adverse benefit determination* and stating the reasons the *covered person* feels the claim should not have been denied.

The following describes the review process and rights of the *covered person* for a full and fair review:

1. The *covered person* has the right to submit documents, information and comments and to present evidence and testimony.
2. The *covered person* has the right to access, free of charge, *relevant information* to the claim for benefits.
3. Before a final *adverse benefit determination* on appeal is rendered, the *covered person* will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the *Plan* in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of *final internal adverse benefit determination*. However there could be circumstances where the new or additional evidence or rationale could be received so late that it would be impossible to provide to the *covered person* in time to have a reasonable opportunity to respond. In these circumstances, the period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
  - a. The date the *covered person* responds to the new or additional rationale or evidence; or
  - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the *covered person*.
4. The review takes into account all information submitted by the *covered person*, even if it was not considered in the initial benefit determination.
5. The review by the *claims processor* will not afford deference to the original *adverse benefit determination*.
6. The *claims processor* will not be:
  - a. The individual who originally denied the claim, nor
  - b. Subordinate to the individual who originally denied the claim.
7. If the original *adverse benefit determination* was, in whole or in part, based on medical judgment:
  - a. The *claims processor* will consult with a *professional provider* who has appropriate training and experience in the field involving the medical judgment; and
  - b. The *professional provider* utilized by the *claims processor* will be neither:
    - (i.) An individual who was consulted in connection with the original *adverse benefit determination*, nor
    - (ii.) A subordinate of any other *professional provider* who was consulted in connection with the original *adverse benefit determination*.
8. If requested, the *claims processor* will identify the medical or vocational expert(s) who gave advice in connection with the original *adverse benefit determination*, whether or not the advice was relied upon.

## ***NOTICE OF BENEFIT DETERMINATION ON APPEAL***

The *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written notice of the appeal decision within sixty (60) calendar days of receipt of a written request for the appeal.

If the appeal is denied, the Notice of Appeal Decision will contain an explanation of the Decision, including:

1. The specific reasons for the *adverse benefit determination*.
2. Reference to specific *Plan* provisions on which the *adverse benefit determination* is based.
3. A statement that the *covered person* has the right to access, free of charge, *relevant information* to the claim for benefits.
4. A statement of the *covered person's* right to request an external review and a description of the process for requesting such a review.
5. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Appeal Decision will contain either:
  - a. A copy of that criterion, or
  - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
6. If the *adverse benefit determination* was based on *medical necessity*, *experimental/investigational* treatment or similar exclusion or limit, the *plan administrator* (or its designee) will supply either:
  - a. An explanation of the scientific or clinical judgment, applying the terms of the *Plan* to the claimant's medical circumstances, or
  - b. A statement that such explanation will be supplied free of charge, upon request.

## ***FOREIGN CLAIMS***

In the event a *covered person* incurs a *covered expense* in a foreign country, the *covered person* shall be responsible for submitting the claim form, provider invoice and any documentation required to process the claim in the English language to the *claims processor* before payment of any benefits due are payable.

When a **covered person** (or authorized representative) calls the **Health Care Management Organization**, the **covered person** (or authorized representative) should be prepared to provide all of the following information:

1. **Employee's** name, address, phone number and Member Identification Number.
2. **Employer's** name.
3. If not the **employee**, the patient's name, address, phone number.

4. Admitting *physician's* name and phone number.
5. Name of *facility* or *home health care agency*.
6. Date of admission or proposed date of admission.
7. Condition for which patient is being admitted.

Group health plans generally may not, under federal law, restrict benefits for any **hospital** length of stay in connection with childbirth for the birth parent or newborn child to less than forty-eight (48) hours following a normal vaginal delivery, or less than ninety-six (96) hours following a cesarean section. However, federal law generally does not prohibit the birth parent's or newborn's attending provider, after consulting with the birth parent, from discharging the birth parent or newborn earlier than forty-eight (48) hours (or ninety-six (96) hours as applicable). In any case, plans may not, under federal law, require that a provider obtain authorization from the **Plan** for prescribing a length of stay not in excess of the above periods.

However, **hospital** maternity stays in excess of forty-eight (48) or ninety-six (96) hours as specified above must be pre-certified.

If the **covered person** (or authorized representative) fails to contact the **Health Care Management Organization** prior to the hospitalization or **outpatient** surgery and within the timelines detailed above, the amount of benefits payable for **covered expenses incurred** by a **nonpreferred provider** shall be reduced by \$250 for the purpose of determining benefits payable. This reduction shall not apply when the agreement between a **preferred provider** and **preferred provider organization** prohibits a reduction in benefits for failure to pre-certify.

If the **Health Care Management Organization** declines to grant the full pre-certification requested, benefits for days not certified as **medically necessary** by the **Health Care Management Organization** shall be denied. (Refer to *Post-Service Claim Procedure* discussion above.)

## ***FILING A PRE-CERTIFICATION CLAIM FOR SPECIALTY DRUGS***

All specialty drugs dispensed by a **facility** or **professional provider** listed under the URL, shown below, under Specialty Drugs are to be certified by Archimedes, LLC.

***Covered persons shall contact Archimedes, LLC by calling the phone number for precertification found on the back of the covered person's ID card***

*Specialty Drugs*

<https://www.luminarehealth.com/What-We-Do/Networks-and-Administrative-Solutions/Archimedes-Drug-List-ON>

Any non-oncology specialty drugs that are not provided through the site of care required during the pre-certification process by Archimedes, LLC are not covered. See *Medical Exclusions* section.

## ***NOTIFICATION REQUIREMENT***

Notification is required within forty-eight (48) hours or the next business day of an **emergency medical condition** admission by the calling the number on the **covered person's** ID card.

## ***NOTICE OF AUTHORIZED REPRESENTATIVE***

The **covered person** may provide the **plan administrator** (or its designee) with a written authorization for an authorized representative to represent and act on behalf of a **covered person** and consent to release of information related to the **covered person** to the authorized representative with respect to a claim for benefits or an appeal. Authorization forms may be obtained from the Human Resources Department. Notwithstanding the foregoing, requests for pre-certification and other pre-service claims or requests by a person or entity other than the **covered person** may be processed without a written authorization if the request or claim appears to the **plan administrator** (or its designee) to come from a reasonably appropriate and reliable source (e.g., **physician's** office, individuals identifying themselves as immediate relatives, etc.).

## ***TIME FRAME FOR PRE-SERVICE CLAIM DETERMINATION***

1. In the event the ***Plan*** receives from the ***covered person*** (or authorized representative) a communication that fails to follow the pre-certification procedure as described above but communicates at least the name of the ***covered person***, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the ***covered person*** (or the authorized representative) will be orally notified (and in writing if requested), within five (5) calendar days of the failure of the proper procedure to be followed.
2. After a completed pre-certification request for non-***urgent care*** has been submitted to the ***Plan***, and if no additional information is required, the ***Plan*** will generally complete its determination of the claim within a reasonable period of time, but no later than fifteen (15) calendar days from receipt of the request.
3. After a pre-certification request for non-***urgent care*** has been submitted to the ***Plan***, and if an extension of time to make a decision is necessary due to circumstances beyond the control of the ***Plan***, the ***Plan*** will, within fifteen (15) calendar days from receipt of the request, provide the ***covered person*** (or authorized representative) with a notice detailing the circumstances and the date by which the ***Plan*** expects to render a decision. If the circumstances include a failure to submit necessary information, the notice will specifically describe the needed information. The ***covered person*** will have forty-five (45) calendar days to provide the information requested, and the ***Plan*** will complete its determination of the claim no later than fifteen (15) calendar days after receipt by the ***Plan*** of the requested information. Failure to respond in a timely and complete manner will result in an ***adverse benefit determination***.

## ***CONCURRENT CARE CLAIMS***

If an extension beyond the original certification is required, the ***covered person*** (or authorized representative) shall call the ***Health Care Management Organization*** for continuation of certification.

If a ***covered person*** (or authorized representative) requests to extend a previously approved hospitalization or an ongoing course of treatment, and;

- a. The request involves non-***urgent care***, then the extension request must be processed within fifteen (15) calendar days after the request was received.
- b. The ***inpatient*** admission or ongoing course of treatment involves ***urgent care***, and
  - (i.) The request is received at least twenty-four (24) hours before the scheduled end of a hospitalization or course of treatment, then the request must be ruled upon and the ***covered person*** (or authorized representative) notified as soon as possible taking into consideration medical exigencies but no later than twenty-four (24) hours after the request was received; or
  - (ii.) The request is received less than twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment, then the request must be ruled upon and the ***covered person*** (or authorized representative) notified as soon as possible but no later than seventy-two (72) hours after the request was received; or
  - (iii.) The request is received less than twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment and additional information is required, the ***covered person*** (or authorized representative) will be notified within twenty-four (24) hours of the additional information required. The ***covered person*** (or authorized representative) has forty-eight (48) hours to provide such information (may be oral unless written is requested). Upon timely response, the ***covered person*** (or authorized representative) will be notified as soon as possible but no later than forty-eight (48) hours after receipt of additional information. Failure to submit requested information timely will result in an ***adverse benefit determination*** of such request.

If the ***Health Care Management Organization*** determines that the ***hospital*** stay or course of treatment should be decreased or terminated before the end of the fixed number of days and/or treatments, or the fixed time period that was previously approved, then the ***Health Care Management Organization*** shall:

1. Notify the *covered person* of the proposed change, and
2. Allow the *covered person* to file an appeal and obtain a decision, before the end of the fixed number of days and/or treatments, or the fixed time period that was previously approved.

If, at the end of a previously approved hospitalization or course of treatment, the *Health Care Management Organization* determines that continued *confinement* is no longer *medically necessary*, additional days will not be certified. (Refer to *Appealing an Adverse Benefit Determination of a Pre-Service Claim* discussion below.)

## ***NOTICE OF ADVERSE BENEFIT DETERMINATION ON A PRE-SERVICE CLAIM***

If a pre-certification request is denied in whole or in part, the *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written Notice of an Adverse Benefit Determination on a Pre-Service Claim within the time frames above.

The Notice of Adverse Benefit Determination on a Pre-Service Claim shall include an explanation of the denial, including:

1. Information sufficient to identify the claim involved.
2. The specific reasons for the denial, to include:
  - a. The denial code and its specific meaning, and
  - b. A description of the *Plan's* standards, if any, used when denying the claim.
3. Reference to the *Plan* provisions on which the *adverse benefit determination* is based.
4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
5. A description of the *Plan's* claim appeal procedure and applicable time limits.
6. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination on a Pre-Service Claim will contain either:
  - a. A copy of that criterion, or
  - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
7. If the *adverse benefit determination* was based on *medical necessity*, *experimental/investigational* treatment or similar exclusion or limit, the *plan administrator* (or its designee) will supply either:
  - a. An explanation of the scientific or clinical judgment, applying the terms of the *Plan* to the *covered person's* medical circumstances, or
  - b. A statement that such explanation will be supplied free of charge, upon request.

## ***NOTICE OF ADVERSE BENEFIT DETERMINATION ON A PRE-SERVICE CLAIM FOR SPECIALTY DRUGS***

If a pre-certification request is denied in whole or in part, the *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written Notice of an Adverse Benefit Determination on a Pre-Service Claim within the time frames above.

The Notice of Adverse Benefit Determination on a Pre-Service Claim shall include an explanation of the denial, including:

1. Information sufficient to identify the claim involved.

4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
5. A description of the *Plan's* claim appeal procedure and applicable time limits.

6. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination on a Pre-Service Claim will contain either:
  - a. A copy of that criterion, or
  - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
7. If the **adverse benefit determination** was based on **medical necessity**, **experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:
  - a. An explanation of the scientific or clinical judgment, applying the terms of the **Plan** to the **covered person's** medical circumstances, or
  - b. A statement that such explanation will be supplied free of charge, upon request.

### ***APPEALING AN ADVERSE BENEFIT DETERMINATION OF A DENIED PRE-SERVICE CLAIM***

A **covered person** (or authorized representative) may request a review of an **adverse benefit determination** of a pre-service claim by making a verbal or written request to the **claims processor** within one hundred eighty (180) calendar days from receipt of notification of the **adverse benefit determination** and stating the reasons the **covered person** feels the claim should not have been denied. If the **covered person** (or authorized representative) wishes to appeal the **adverse benefit determination** when the services in question have already been rendered, such an appeal will be considered as a separate post-service claim. (Refer to *Post-Service Claim Procedure* discussion above.)

The following describes the review process and rights of the **covered person** for a full and fair review:

1. The **covered person** has the right to submit documents, information and comments and to present testimony.
2. The **covered person** has the right to access, free of charge, **relevant information** to the claim for benefits.
3. Before a final determination on appeal is rendered, the **covered person** will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the **Plan** in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of final internal determination to give the **covered person** an opportunity to respond. The period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
  - a. The date the **covered person** responds to the new or additional rationale or evidence; or
  - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the **covered person**.
4. The review takes into account all information submitted by the **covered person**, even if it was not considered in the initial benefit determination.
5. The review by the **claims processor** will not afford deference to the original **adverse benefit determination**.
6. The **claims processor** will not be:
  - a. The individual who originally denied the claim, nor
  - b. Subordinate to the individual who originally denied the claim.
7. If the original **adverse benefit determination** was, in whole or in part, based on medical judgment:
  - a. The **claims processor** will consult with a **professional provider** who has appropriate training and experience in the field involving the medical judgment.
  - b. The **professional provider** utilized by the **claims processor** will be neither:
    - (i.) An individual who was consulted in connection with the original **adverse benefit determination**, nor
    - (ii.) A subordinate of any other **professional provider** who was consulted in connection with the original **adverse benefit determination**.
8. If requested, the **claims processor** will identify the medical or vocational expert(s) who gave advice in connection with the original **adverse benefit determination**, whether or not the advice was relied upon.

### ***APPEALING AN ADVERSE BENEFIT DETERMINATION OF A DENIED PRE-SERVICE CLAIM FOR SPECIALTY DRUGS***

A **covered person** (or authorized representative) may request a review of an Adverse Benefit Determination of a Pre-Service claim by making a verbal or written request to the **named fiduciary** within one hundred eighty (180) calendar days from receipt of notification of the **adverse benefit determination** and stating the reasons the **covered person** feels

the claim should not have been denied. If the **covered person** (or authorized representative) wishes to appeal the **adverse benefit determination** when the services in question have already been rendered, such an appeal will be considered as a separate post-service claim. (Refer to *Post-Service Claim Procedure* discussion above.)

The following describes the review process and rights of the **covered person** for a full and fair review:

1. The **covered person** has the right to submit documents, information and comments and to present testimony.
2. The **covered person** has the right to access, free of charge, **relevant information** to the claim for benefits.
3. Before a final determination on appeal is rendered, the **covered person** will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the **Plan** in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of final internal determination to give the **covered person** an opportunity to respond. The period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
  - a. The date the **covered person** responds to the new or additional rationale or evidence; or
  - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the **covered person**.
4. The review takes into account all information submitted by the **covered person**, even if it was not considered in the initial benefit determination.
5. The review by the **claims processor** will not afford deference to the original **adverse benefit determination**.
6. The **claims processor** will not be:
  - a. The individual who originally denied the claim, nor
  - b. Subordinate to the individual who originally denied the claim.
7. If the original **adverse benefit determination** was, in whole or in part, based on medical judgment:
  - a. The **claims processor** will consult with a **professional provider** who has appropriate training and experience in the field involving the medical judgment.
  - b. The **professional provider** utilized by the **claims processor** will be neither:
    - (i) An individual who was consulted in connection with the original **adverse benefit determination**, nor
    - (ii) A subordinate of any other **professional provider** who was consulted in connection with the original **adverse benefit determination**.
8. If requested, the **claims processor** will identify the medical or vocational expert(s) who gave advice in connection with the original **adverse benefit determination**, whether or not the advice was relied upon.

## ***NOTICE OF PRE-SERVICE DETERMINATION ON APPEAL***

The **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) with a written Notice of Appeal Decision as soon as possible, but not later than thirty (30) calendar days from receipt of the appeal (not applicable to **urgent care** claims).

If the appeal is denied, the Notice of Appeal Decision will contain an explanation of the decision, including:

1. The specific reasons for the **adverse benefit determination**.
2. Reference to specific **Plan** provisions on which the **adverse benefit determination** is based.
3. A statement that the **covered person** has the right to access, free of charge, **relevant information** to the claim for benefits.
4. A statement of the **covered person's** right to request an external review and a description of the process for requesting such a review.
5. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Appeal Decision will contain either:
  - a. A copy of that criterion, or
  - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
6. If the **adverse benefit determination** was based on **medical necessity**, **experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:
  - a. An explanation of the scientific or clinical judgment, applying the terms of the **Plan** to the claimant's medical circumstances, or
  - b. A statement that such explanation will be supplied free of charge, upon request.

## ***CASE MANAGEMENT***

In cases where the *covered person's* condition is expected to be or is of a serious nature, the *Health Care Management Organization* may arrange for review and/or case management services from a professional qualified to perform such services. The *plan administrator* shall have the right to alter or waive the normal provisions of the *Plan* when it is reasonable to expect a cost-effective result without a sacrifice to the quality of care.

In addition, the *Health Care Management Organization* may recommend (or change) alternative:

- methods of medical care or treatment;
- equipment; or
- supplies;

that differ from the medical care or treatment, equipment or supplies that are considered *covered expenses* under the *Plan*.

The recommended alternatives will be considered as *covered expenses* under the *Plan* provided the expenses can be shown to be viable, *medically necessary*, and are included in a written case management report or treatment plan proposed by the *Health Care Management Organization*.

Case management will be determined on the merits of each individual case, and any care or treatment provided will not be considered as setting any precedent or creating any future liability with respect to that *covered person* or any other *covered person*.

## ***POST-SERVICE AND PRE-SERVICE CLAIM EXTERNAL APPEALS PROCEDURE***

### ***EXTERNAL APPEAL***

A *covered person*, or the *covered person's* authorized representative, may request a review of an *adverse benefit determination* appeal if the claim determination involves medical judgment; whether items or services are subject to the requirements specified in numbers 1. through 6. in the subsection *Nonpreferred Provider*, under the section, *Preferred Provider or Nonpreferred Preferred Provider*; or a rescission by making written request to the *claims processor* within four (4) months of receipt of notification of the *final internal adverse benefit determination*. Medical judgment includes, but is not limited to:

1. *Medical necessity*;
2. Appropriateness;
3. *Experimental or investigational* treatment;
4. Health care setting;
5. Level of care; and
6. Effectiveness of a *covered expense*.

If there is no corresponding date four (4) months after the date of receipt of such a notice, then the request must be made by the first day of the fifth month following the receipt of the notice of *final internal adverse benefit determination*. {Note: If the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1, or the next day if March 1<sup>st</sup> falls on a Saturday, Sunday or Federal holiday.}

### ***RIGHT TO EXTERNAL APPEAL***

Within five (5) business days of receipt of the request, the *claims processor* will perform a preliminary review of the request to determine if the request is eligible for external review, based on confirmation that the *final internal adverse benefit determination* was the result of:

1. Medical judgment;

2. Whether items or services are subject to the requirements specified in numbers 1. through 6. in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section; or
3. Rescission of coverage under this *Plan*.

### ***NOTICE OF RIGHT TO EXTERNAL APPEAL***

The *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written notice of the decision as to whether the claim is eligible for external review within one (1) business day after completion of the preliminary review.

The Notice of Right to External Appeal shall include the following:

1. The reason for ineligibility and the availability of the Employee Benefits Security Administration at 1-866-444-3272, if the request is complete but not eligible for external review.
2. If the request is incomplete, the information or materials necessary to make the request complete and the opportunity for the *covered person* to perfect the external review request by the later of the following:
  - a. The four (4) month filing period; or
  - b. Within the forty-eight (48) hour time period following the *covered person's* receipt of notification.

### ***INDEPENDENT REVIEW ORGANIZATION***

For external reviews by an Independent Review Organization (IRO), such IRO shall be accredited by URAC or a similar nationally recognized accrediting organization and shall be assigned to conduct the external review. The assigned IRO will timely notify the *covered person* in writing of the request's eligibility and acceptance for external review.

### ***NOTICE OF EXTERNAL REVIEW DETERMINATION***

The assigned IRO shall provide the *plan administrator* (or its designee) and the *covered person* (or authorized representative) with a written notice of the final external review decision within forty-five (45) days after receipt of the external review request.

The Notice of Final External Review Decision from the IRO is binding on the *covered person*, the *Plan* and *claims processor*, except to the extent that other remedies may be available under State or Federal law.

### ***EXPEDITED EXTERNAL REVIEW***

The *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) the right to request an expedited external review upon the *covered person's* receipt of either of the following:

1. An *adverse benefit determination* involving a medical condition for which the timeframe noted above for completion of an internal appeal would seriously jeopardize the health or life of the *covered person* or the *covered person's* ability to regain maximum function and the *covered person* has filed an internal appeal request.
2. A *final internal adverse benefit determination* involving a medical condition for which the timeframe for completion of a standard external review would seriously jeopardize the health or life of the *covered person* or the *covered person's* ability to regain maximum function or if the *final internal adverse benefit determination* involves any of the following:
  - a. An admission,
  - b. Availability of care,

## BlueCross BlueShield of Illinois

- c. Continued stay, or
- d. A health care item or service for which the **covered person** received **emergency services**, but has not yet been discharged from a **facility**.

Immediately upon receipt of the request for *Expedited External Review*, the **Plan** will do all of the following:

1. Perform a preliminary review to determine whether the request meets the requirements in the subsection, *Right to External Appeal*.
2. Send notice of the **Plan's** decision, as described in the subsection, *Notice of Right to External Appeal*.

Upon determination that a request is eligible for external review, the **Plan** will do all of the following:

1. Assign an IRO as described in the subsection, *Independent Review Organization*.
2. Provide all necessary documents or information used to make the **adverse benefit determination** or final **adverse benefit determination** to the IRO either by telephone, facsimile, electronically or other expeditious method.

The assigned IRO will provide notice of final external review decision as expeditiously as the **covered person's** medical condition or circumstances require, but in no event more than seventy-two (72) hours after receipt of the expedited external review request. The notice shall follow the requirements in the subsection, *Notice of External Review Determination*. If the notice of the expedited external review determination was not in writing, the assigned IRO shall provide the **plan administrator** (or its designee) and the **covered person** (or authorized representative) written confirmation of its decision within forty-eight (48) hours after the date of providing that notice.

## COORDINATION OF BENEFITS

The *Coordination of Benefits* provision is intended to prevent duplication of benefits. It applies when the **covered person** is also covered by any Other Plan(s). When more than one coverage exists, one plan normally pays its benefits in full, referred to as the primary plan. The Other Plan(s), referred to as secondary plan, pays a reduced benefit. When coordination of benefits occurs, the total benefit payable by all plans will not exceed one hundred percent (100%) of "allowable expenses." Only the amount paid by this **Plan** will be charged against the **Essential Health Benefits/non-Essential Health Benefits maximum benefit**.

The *Coordination of Benefits* provision applies whether or not a claim is filed under the Other Plan(s). If another plan provides benefits in the form of services rather than cash, the reasonable value of the service rendered shall be deemed the benefit paid.

### ***DEFINITIONS APPLICABLE TO THIS PROVISION***

"Allowable Expenses" means any reasonable, necessary, and customary expenses **incurred** while covered under this **Plan**, part or all of which would be covered under this **Plan**. Allowable Expenses do not include expenses contained in the "Exclusions" sections of this **Plan**.

When this **Plan** is secondary, "Allowable Expense" will include any deductible or **coinsurance** amounts not paid by the Other Plan(s).

This **Plan** is not eligible to be elected as primary coverage in lieu of automobile benefits. Payments from automobile insurance will always be primary and this **Plan** shall be secondary only.

When this **Plan** is secondary, "Allowable Expense" shall **not** include any amount that is not payable under the primary plan as a result of a contract between the primary plan and a provider of service in which such provider agrees to accept a reduced payment and not to bill the **covered person** for the difference between the provider's contracted amount and the provider's regular billed charge.

"Other Plan" means any plan, policy or coverage providing benefits or services for, or by reason of medical, dental or vision care. Such Other Plan(s) do not include flexible spending accounts (FSA), health reimbursement accounts (HRA), health savings accounts (HSA), or individual medical, dental or vision insurance policies. "Other Plan" also does not include Tricare, **Medicare**, Medicaid or a state child health insurance program (CHIP). Such Other Plan(s) may include, without limitation:

1. Group insurance or any other arrangement for coverage for **covered persons** in a group, whether on an insured or uninsured basis, including, but not limited to, **hospital** indemnity benefits and **hospital** reimbursement-type plans;
2. **Hospital** or medical service organization on a group basis, group practice, and other group prepayment plans or on an individual basis having a provision similar in effect to this provision;
3. A licensed Health Maintenance Organization (HMO);
4. Any coverage for students which is sponsored by, or provided through, a school or other educational institution;
5. Any coverage under a government program and any coverage required or provided by any statute;
6. Group automobile insurance;
7. Individual automobile insurance coverage;
8. Individual automobile insurance coverage based upon the principles of "No-fault" coverage;

9. Any plan or policies funded in whole or in part by an employer, or deductions made by an employer from a person's compensation or retirement benefits;
10. Labor/management trustee, union welfare, employer organization, or employee benefit organization plans.

"This *Plan*" shall mean that portion of the *employer's Plan* which provides benefits that are subject to this provision.

"Claim Determination Period" means a plan year or that portion of a plan year during which the *covered person* for whom a claim is made has been covered under this *Plan*.

### ***EFFECT ON BENEFITS***

This provision shall apply in determining the benefits for a *covered person* for each claim determination period for the Allowable Expenses. If this *Plan* is secondary, the benefits paid under this *Plan* may be reduced so that the sum of benefits paid by all plans does not exceed 100% of total Allowable Expenses.

If the rules set forth below would require this *Plan* to determine its benefits before such Other Plan, then the benefits of such Other Plan will be ignored for the purposes of determining the benefits under this *Plan*.

### ***ORDER OF BENEFIT DETERMINATION***

Except as provided below in *Coordination with Medicare*, each plan will make its claim payment according to the first applicable provision in the following list of provisions which determine the order of benefit payment:

1. No Coordination of Benefits Provision

If the Other Plan contains no provisions for coordination of benefits, then its benefits shall be paid before all Other Plan(s).

2. Member/Dependent

The plan which covers the claimant directly pays before a plan that covers the claimant as a dependent.

3. Dependent Children of Parents not Separated or Divorced

The plan covering the parent whose birthday (month and day) occurs earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. If both parents have the same birthday, the plan that covered a parent longer pays first. A parent's year of birth is not relevant in applying this rule.

4. Dependent Children of Separated or Divorced Parents

When parents are separated or divorced, the birthday rule does not apply, instead:

- a. If a court decree has given one parent financial responsibility for the child's health care, the plan of that parent pays first. The plan of the stepparent married to that parent, if any, pays second. The plan of the other natural parent pays third. The plan of the spouse of the other natural parent, if any, pays fourth.

- b. In the absence of such a court decree, the plan of the parent with custody pays first. The plan of the stepparent married to the parent with custody, if any, pays second. The plan of the parent without custody pays third. The plan of the spouse of the parent without custody, if any, pays fourth.

5. Active/Inactive

The plan covering a person as an active (not laid off or retired) employee or as that person's dependent pays first. The plan covering that person as a laid off or retired employee, or as that person's dependent pays second.

6. Longer/Shorter Length of Coverage

If none of the above rules determine the order of benefits, the plan covering a person longer pays first. The plan covering that person for a shorter time pays second.

## ***COORDINATION WITH MEDICARE***

Individuals may be eligible for **Medicare** Part A at no cost if they: (i) are age 65 or older, (ii) have been determined by the Social Security Administration to be disabled, or (iii) have end stage renal disease. Participation in **Medicare** Part B and D is available to all individuals who make application and pay the full cost of the coverage.

1. When an **employee** becomes entitled to **Medicare** coverage (due to age or disability) and is still actively at work, the **employee** may continue health coverage under this **Plan** at the same level of benefits and contribution rate that applied before reaching **Medicare** entitlement.
2. When a **dependent** becomes entitled to **Medicare** coverage (due to age or disability) and the **employee** is still actively at work, the **dependent** may continue health coverage under this **Plan** at the same level of benefits and contribution rate that applied before reaching **Medicare** entitlement.
3. If the **employee** and/or **dependent** are also enrolled in **Medicare** (due to age or disability), this **Plan** shall pay as the primary plan. If, however, the **Medicare** enrollment is due to end stage renal disease, the **Plan's** primary payment obligation will end at the end of the thirty (30) month "coordination period" as provided in **Medicare** law and regulations. If the **employee** and/or **dependent** does not elect **Medicare**, but is otherwise eligible due to end stage renal disease, benefits will be paid as if **Medicare** has been elected and this **Plan** will pay secondary benefits upon completion of the thirty (30) month "coordination period."
4. Notwithstanding Paragraphs 1 to 3 above, if the **employer** (including certain affiliated entities that are considered the same employer for this purpose) has fewer than one hundred (100) **employees**, when a covered **dependent** becomes entitled to **Medicare** coverage due to **total disability**, as determined by the Social Security Administration, and the **employee** is actively-at-work, **Medicare** will pay as the primary payer for claims of the **dependent** and this **Plan** will pay secondary.
5. If the **employee** and/or **dependent** elect to discontinue health coverage under this **Plan** and enroll under the **Medicare** program, no benefits will be paid under this **Plan**. **Medicare** will be the only payor.

This section is subject to the terms of the **Medicare** laws and regulations. Any changes in these related laws and regulations will apply to the provisions of this section.

## ***LIMITATIONS ON PAYMENTS***

In no event shall the **covered person** recover under this **Plan** and all Other Plan(s) combined more than the total Allowable Expenses offered by this **Plan** and the Other Plan(s). Nothing contained in this section shall entitle the **covered person** to benefits in excess of the total **Essential Health Benefits/non-Essential Health Benefits maximum benefit** of this **Plan** during the claim determination period. The **covered person** shall refund to the **employer** any excess it may have paid.

## ***RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION***

For the purposes of determining the applicability of and implementing the terms of this *Coordination of Benefits* provision, the **Plan** may, without the consent of or notice to any person, release to or obtain from any insurance company or any other organization any information, regarding other insurance, with respect to any **covered person**. Any person claiming benefits under this **Plan** shall furnish to the **employer** such information as may be necessary to implement the *Coordination of Benefits* provision.

## ***FACILITY OF BENEFIT PAYMENT***

Whenever payments which should have been made under this **Plan** in accordance with this provision have been made under any Other Plan, the **employer** shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Amounts so paid shall be deemed to be benefits paid under this **Plan** and, to the extent of such payments, the **employer** shall be fully discharged from liability.

## ***AUTOMOBILE ACCIDENT BENEFITS***

The **Plan's** liability for expenses arising out of an automobile accident shall always be secondary to any automobile insurance, irrespective of the type of automobile insurance law that is in effect in the **covered person's** state of residence. Currently, there are three (3) types of state automobile insurance laws.

1. No-fault automobile insurance laws
2. Financial responsibility laws
3. Other automobile liability insurance laws

No Fault Automobile Insurance Laws. In no event will the **Plan** pay any claim presented by or on behalf of a **covered person** for medical benefits that would have been payable under an automobile insurance policy but for an election made by the principal named insured under the automobile policy that reduced covered levels and/or subsequent premium. This is intended to exclude, as a **covered expense**, a **covered person's** medical expenses arising from an automobile accident that are payable under an automobile insurance policy or that would have been payable under an automobile insurance policy but for such an election.

1. In the event a **covered person** incurs medical expenses as a result of **injuries** sustained in an automobile accident while “covered by an automobile insurance policy,” as an operator of the vehicle, as a passenger, or as a pedestrian, benefits will be further limited to medical expenses, that would in no event be payable under the automobile insurance.
2. For the purposes of this section the following people are deemed “covered by an automobile insurance policy.”
  - a. An owner or principal named insured individual under such policy.
  - b. A family member of an insured person for whom coverage is provided under the terms and conditions of the automobile insurance policy.
  - c. Any other person who, except for the existence of the **Plan**, would be eligible for medical expense benefits under an automobile insurance policy.

Financial Responsibility Laws. The **Plan** will be secondary to any potentially applicable automobile insurance even if the state's “financial responsibility law” does not allow the **Plan** to be secondary.

Other Automobile Liability Insurance. If the state does not have a no-fault automobile insurance law or a “financial responsibility” law, the **Plan** is secondary to automobile insurance coverage or to any other person or entity who caused the **accident** or who may be liable for the **covered person's** medical expenses pursuant to the general rule for *Subrogation/Reimbursement*.

## SUBROGATION/REIMBURSEMENT

The **Plan** is designed to only pay **covered expenses** for which payment is not available from anyone else, including any insurance company or another health plan. In order to help a **covered person** in a time of need, however, the **Plan** may pay **covered expenses** that may be or become the responsibility of another person, provided that the **Plan** later receives reimbursement for those payments (hereinafter called “Reimbursable Payments”).

Therefore, by enrolling in the **Plan**, as well as by applying for payment of **covered expenses**, a **covered person** is subject to, and agrees to, the following terms and conditions with respect to the amount of **covered expenses** paid by the **Plan**:

1. Assignment of Rights (Subrogation). The **covered person** automatically assigns to the **Plan** any rights the **covered person** may have to recover all or part of the same **covered expenses** from any party, including an insurer or another group health program (except flexible spending accounts, health reimbursement accounts and health savings accounts), but limited to the amount of Reimbursable Payments made by the **Plan**. This assignment includes, without limitation, the assignment of a right to any funds paid by a third party to a **covered person** or paid to another for the benefit of the **covered person**. This assignment applies on a first-dollar basis (*i.e.*, has priority over other rights), applies whether the funds paid to (or for the benefit of) the **covered person** constitute a full or a partial recovery, and even applies to funds actually or allegedly paid for non-medical or dental charges, attorney fees, or other costs and expenses. This assignment also allows the **Plan** to pursue any claim that the **covered person** may have, whether or not the **covered person** chooses to pursue that claim. By this assignment, the **Plan’s** right to recover from insurers includes, without limitation, such recovery rights against no-fault auto insurance carriers in a situation where no third party may be liable, and from any uninsured or underinsured motorist coverage.
2. Equitable Lien and other Equitable Remedies. The **Plan** shall have an equitable lien against any rights the **covered person** may have to recover the same **covered expenses** from any party, including an insurer or another group health program, but limited to the amount of Reimbursable Payments made by the **Plan**. The equitable lien also attaches to any right to payment from workers’ compensation, whether by judgment or settlement, where the **Plan** has paid **covered expenses** prior to a determination that the **covered expenses** arose out of and in the course of employment. Payment by workers’ compensation insurers or the employer will be deemed to mean that such a determination has been made.

This equitable lien shall also attach to any money or property that is obtained by anybody (including, but not limited to, the **covered person**, the **covered person’s** attorney, and/or a trust) as a result of an exercise of the **covered person’s** rights of recovery (sometimes referred to as “proceeds”). The **Plan** shall also be entitled to seek any other equitable remedy against any party possessing or controlling such proceeds. At the discretion of the **plan administrator**, the **Plan** may reduce any future **covered expenses** otherwise available to the **covered person** under the **Plan** by an amount up to the total amount of Reimbursable Payments made by the **Plan** that is subject to the equitable lien.

This and any other provisions of the **Plan** concerning equitable liens and other equitable remedies are intended to meet the standards for enforcement under ERISA that were enunciated in the United States Supreme Court’s decision entitled, Great-West Life & Annuity Insurance Co. v. Knudson, 534 US 204 (2002). The provisions of the **Plan** concerning subrogation, equitable liens and other equitable remedies are also intended to supercede the applicability of the federal common law doctrines commonly referred to as the “make whole” rule and the “common fund” rule.

3. Assisting in **Plan’s** Reimbursement Activities. The **covered person** has an obligation to assist the **Plan** to obtain reimbursement of the Reimbursable Payments that it has made on behalf of the **covered person**, and to provide the **Plan** with any information concerning the **covered person’s** other insurance coverage (whether through automobile insurance, other group health program, or otherwise) and any other person or entity (including their insurer(s)) that may be obligated to provide payments or benefits to or for the benefit of the **covered person**. The **covered person** is required to (a) cooperate fully in the **Plan’s** (or any **Plan** fiduciary’s) enforcement of the terms of the **Plan**, including the exercise of the **Plan’s** right to subrogation and reimbursement, whether against the **covered person** or any third party, (b) not do anything to prejudice those

enforcement efforts or rights (such as settling a claim against another party without including the *Plan* as a co-payee for the amount of the Reimbursable Payments and notifying the *Plan*), (c) sign any document deemed by the *plan administrator* to be relevant to protecting the *Plan's* subrogation, reimbursement or other rights, and (d) provide relevant information when requested. The term “information” includes any documents, insurance policies, police reports, or any reasonable request by the *plan administrator* or *claims processor* to enforce the *Plan's* rights.

The *plan administrator* has delegated to the *claims processor* for medical claims the right to perform ministerial functions required to assert the *Plan's* rights with regard to such claims and benefits; however, the *plan administrator* shall retain discretionary authority with regard to asserting the *Plan's* recovery rights.

# GENERAL PROVISIONS

## ***ADMINISTRATION OF THE PLAN***

The **Plan** is administered through the Human Resources Department of the **employer**. The **employer** is the **plan administrator**. The **plan administrator** shall have full charge of the operation and management of the **Plan**. The **employer** has retained the services of an independent **claims processor** experienced in claims review.

The **employer** is the sponsor of the **Plan**. The **employer** maintains authority to review all denied claims under appeal for benefits under the **Plan**. The **employer** maintains authority to interpret the terms of the **Plan**, including but not limited to, determination of eligibility for and entitlement to **Plan** benefits in accordance with the terms of the **Plan**; any interpretation or determination made pursuant to such authority shall be given full force and effect, unless it can be shown that the interpretation or determination was arbitrary and capricious.

## ***APPLICABLE LAW***

Except to the extent preempted by federal law, all provisions of the **Plan** shall be construed and administered in a manner consistent with the requirements under the laws of the State of Texas.

## ***ASSIGNMENT***

Coverage and the **covered person's** rights under this **Plan** may not be assigned. A direction to pay a provider is not an assignment of any right under this **Plan** or of any legal or equitable right to institute any court proceeding.

### *Payment of Benefits*

Benefits will be processed as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits. All covered health benefits are payable to the **covered person**. However, the **Plan** has the right to pay any health benefits to the service provider. This will be done unless the **covered person** has told the **claims processor** otherwise by the time the **covered person** files the claim and a reasonable amount of time for the **claims processor** to process the **covered person's** request.

**Preferred providers** normally bill the **Plan** directly. If services, supplies or treatments have been received from such a provider, benefits are automatically paid to that provider. The **covered person's** portion of the **negotiated rate**, after the **Plan's** payment, will then be billed to the **covered person** by the **preferred provider**.

The **Plan** will pay benefits to the responsible party of an **alternate recipient** as designated in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN).

### *Additional Provisions*

The **Plan's**, **Plan Sponsor's**, or **claim processor's** failure to implement or insist upon compliance with any provision of this **Plan** at any given time or times, shall not constitute a waiver of the right to implement or insist upon compliance with that provision at any other time or times.

## ***BENEFITS NOT TRANSFERABLE***

Except as otherwise stated herein, no person other than an eligible **covered person** is entitled to receive benefits under the **Plan**. Such right to benefits is not transferable.

## ***CLAIM EDITS***

Such services shall be considered ***custodial care*** without regard to the provider by whom or by which they are prescribed, recommended or performed.

***Room and board*** and skilled nursing services are not, however, considered ***custodial care*** (1) if provided during ***confinement*** in an institution for which coverage is available under the ***Plan***, and (2) if combined with other ***medically necessary*** therapeutic services, under accepted medical standards, which can reasonably be expected to substantially improve the ***covered person's*** medical condition.

### ***Customary and Reasonable Amount***

The ***customary and reasonable amount*** will be (a) in the case of a health care provider, other than a ***professional provider***, which does not have a written agreement with the claim administrator or another Blue Cross and/or Blue Shield Plan to provide care to participants in the benefit program, or is not designated as a ***preferred provider*** by any Blue Cross and/or Blue Shield Plan at the time covered services are rendered, the following amount:

- (i) the lesser of (unless otherwise required by applicable law or arrangement with the ***nonpreferred provider***) (a) the provider's billed charges, and (b) an amount determined by the claim administrator to be approximately 100% of the base ***Medicare*** reimbursement rate, excluding any ***Medicare*** adjustment(s) which is/are based on information on the claim; or
- (ii) if there is no base ***Medicare*** reimbursement rate available for a particular covered service, or if the base ***Medicare*** reimbursement amount cannot otherwise be determined under subsection (i) above based upon the information submitted on the claim, the lesser of (unless otherwise required by applicable law or arrangement with the ***nonpreferred provider***) (a) the provider's billed charges and (b) an amount determined by the claim administrator to be 150% of the ***negotiated rate*** that would apply if the services were rendered by a preferred ***professional provider*** on the date of service; or
- (iii) if the base ***Medicare*** reimbursement amount and the ***customary and reasonable amount*** cannot be determined under subsections (i) or (ii) above, based upon the information submitted on the claim, then the amount will be 50% of the provider's billed charges (unless otherwise required by applicable law or arrangement with the ***nonpreferred provider***), provided, however, that the claim administrator may limit such amount to the lowest contracted rate that the claim administrator has with a ***preferred provider*** for the same or similar services based upon the type of provider and the information submitted on the claim, as of January 1 of the same year that the covered services are rendered to you.

The claim administrator will utilize the same claim processing rules, edits or methodologies that it utilizes in processing *preferred provider* claims for processing claims submitted by *nonpreferred providers* which may also alter the *customary and reasonable amount* for a particular service. In the event the claim administrator does not have any claim edits, rules or methodologies, the claim administrator may utilize the *Medicare* claim rules or edits that are used by *Medicare* in processing the claims. The *customary and reasonable amount* will not include any additional payments that may be permitted under the *Medicare* laws or regulations which are not directly attributable to a specific claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the *customary and reasonable amount* does not equate to the *nonpreferred provider's* claim charge, you will be responsible for the difference between such amount and the claim charge, along with any applicable *copay*, *coinsurance* and deductible amount(s).

Any change to the *Medicare* reimbursement amount will be implemented by the claim administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and *Medicare* Services, or its successor.

The *customary and reasonable amount* will be (b) in the case of nonpreferred *professional providers*, the lesser of (unless otherwise required by applicable law or arrangement with *nonpreferred providers*):

- (i) the provider's claim charge, or;
- (ii) the claim administrator's *customary and reasonable amount*. Except as otherwise provided in this section, the *customary and reasonable amount* is developed from base *Medicare* reimbursements and represents approximately 100% of the base *Medicare* reimbursement rate and will exclude any *Medicare* adjustment(s) which is/are based on information on the claim. Notwithstanding the preceding sentence, (1) the *customary and reasonable amount* for home health care covered services will be 50% of the nonpreferred *professional provider's* standard claim charge for such covered services, (2) the *customary and reasonable amount* for ambulance services provided by providers (other than providers that bill through a *preferred provider*, which use a *negotiated rate*) will be such provider's billed charge, and (3) the *customary and reasonable amount* for other unsolicited providers will be the same as the *negotiated rate*.

When a *Medicare* reimbursement rate is not available for a covered service or is unable to be determined based on the information submitted on the claim, the *customary and reasonable amount* for nonpreferred *professional providers* will be 100% of the claim administrator's rate for such covered services according to its current schedule of maximum allowances. If there is no rate according to the schedule of maximum allowances, then the *customary and reasonable amount* will be 25% of claim charges.

The claim administrator will utilize the same claim processing rules, edits or methodologies that it utilizes in processing preferred *professional provider* claims for processing claims submitted by nonpreferred *professional providers* which may also alter the *customary and reasonable amount* for a particular covered service. In the event the claim administrator does not have any claim edits, rules or methodologies, the claim administrator may utilize the *Medicare* claim rules or edits that are used by *Medicare* in processing such claims. The *customary and reasonable amount* will not include any additional payments that may be permitted under the *Medicare* laws or regulations which are not directly attributable to a specific claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the *customary and reasonable amount* does not equate to the nonpreferred *professional provider's* claim charge, you will be responsible for the difference between such amount and the claim charge, along with any applicable *copay*, *coinsurance* and deductible amount(s).

Any change to the *Medicare* reimbursement amount will be implemented by the claim administrator within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and *Medicare* Services, or its successor.

*Covered expenses* provided by a *nonpreferred provider* subject to the requirements specified in numbers 1., 2., or 3. in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section, are not subject to the *customary and reasonable amount*, but instead are subject to the lesser of the *qualifying payment amount* or the *nonpreferred provider's* actual charge.

***Qualified Prescriber***

***Qualifying Payment Amount***

- a. For items or services furnished during 2022, the **median contracted rate** on January 31, 2019;
- b. For items or services furnished after 2022, the **median contracted rate** in the immediately preceding year;
- c. For items or services for which there is insufficient information to calculate the **median contracted rate**, the **qualifying payment amount** will be calculated by identifying the rate that is equal to the median of the **negotiated rates** for the same or similar item or service provided in the geographic region in the year immediately preceding the year in which the item or service is furnished determined through the use of any eligible database;

The amount in a., b., or c. above is increased for inflation in accordance with the CPI-U published by the Bureau of Labor Statistics of the Department of Labor.

- d. For items or services furnished during 2022 and billed under a new service code where there is insufficient information to calculate the **median contracted rates**, a reasonably related service code that existed in the immediately preceding year will be identified.
  - i. If the Centers for Medicare & Medicaid Services has established a **Medicare** payment rate for the item or service billed under the new service code, the **qualifying payment amount** will be calculated by first calculating the ratio of the rate that **Medicare** pays for the new service code compared to the rate that **Medicare** pays for the related service code. This ratio is then multiplied by the **qualifying payment amount** for the related service code for the year in which the item or service is furnished.
  - ii. If the Centers for Medicare & Medicaid Services has not established a **Medicare** payment rate for the item or service billed under the new service code, the **qualifying payment amount** will be calculated by first calculating the ratio of the rate that this **Plan** reimburses for the new service code compared to the rate this **Plan** reimburses for the related service code. This ratio is then multiplied by the **qualifying payment amount** for the related service code.
- e. For items or services furnished after 2022 and billed under a new service code, the **qualifying payment amount** described in letter d. above will be increased for inflation in accordance with the percentage increase in the CPI-U published by federal regulators.
- f. For anesthesia services furnished during 2022, the **median contracted rate** for the **anesthesia conversion factor** on January 31, 2019 increased for inflation in accordance with the increase in the CPI-U published by federal regulators (referred to as the indexed **median contracted rate** for the **anesthesia conversion factor**), multiplied by the sum of the **base unit**, time unit (measured in 15-minute increments or a fraction thereof), and **physical status modifier** unit. For anesthesia services furnished during 2023 or later, the indexed **median contracted rate** for the **anesthesia conversion factor** will be based on the same or similar item or service in the immediately preceding year.
- g. For air ambulance services billed using air mileage service codes (A0435 and A0436), the **median contracted rate** increased for inflation in accordance with the increase in the CPI-U published by federal regulators (referred to as the indexed median **air mileage rate**), multiplied by the number of loaded miles (the number of miles a patient is transported in the air ambulance vehicle). The **qualifying payment amount** for other service codes associated with air ambulance services is calculated consistent with a. through e above.
- h. For any other items or services where payment is determined by multiplying a **contracted rate** by another unit value, the **qualifying payment amount** for such items or services will be based on a calculation methodology similar to f. and g. above.
