

# TECHNOLOGY NEWS

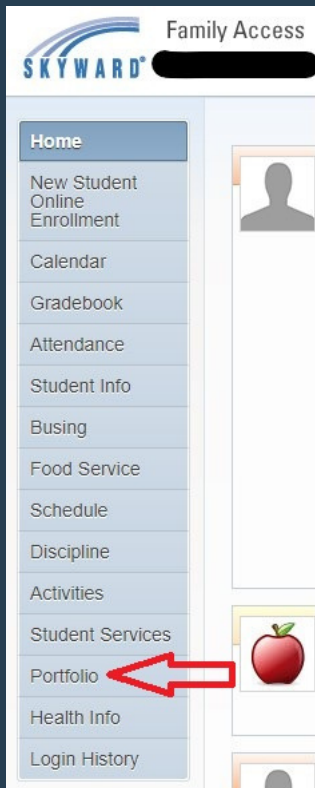

QUARTERLY TECH UPDATES FROM WILSON AREA SCHOOL DISTRICT

## THIS ISSUE'S FEATURED ARTICLES:

Skyward Report Cards  
WASD App  
Online Safety

## SKYWARD - REPORT CARDS

**Skyward Family Access** is where parents and guardians are able to access grades. Once logged in, click on **Portfolio** from the options on the left of the screen. See image for reference.

If you are experiencing an issue logging in to Skyward, please contact the secretary at your child's building.

## NEED TECH SUPPORT?

If you are experiencing issues with your school-issued device, please contact the support line at 484-373-6018 or email [support@wilsonareasd.org](mailto:support@wilsonareasd.org). Support is available Monday through Friday 7 AM - 3 PM.

## Check out our NEW App!

- Search Wilson Area School District App in the Apple Store or Google Play Store.
- Download and access the App for updates on WASD happenings.

## ONLINE SAFETY

As technology continues to play an increasingly important role in our children's education, it is essential to ensure their safety and well-being while online. We want to provide you with information about the steps we take to create a secure digital environment for your child at school.

### Our Commitment to Online Safety:

- **Technology Monitoring:** We regularly monitor and update our network security systems to protect against cyber threats.
- **Digital Citizenship Education:** Our curriculum incorporates lessons on digital citizenship, teaching students how to use technology responsibly and safely.
- **Filtering and Blocking:** We have implemented filtering and blocking software to restrict access to inappropriate or harmful content.
- **Parent-Teacher Communication:** We encourage open communication between parents and teachers to address any concerns related to online safety.

### How You Can Help:

- **Talk to Your Child:** Discuss the importance of online safety and encourage them to be mindful of what they share online.
- **Set Limits:** Establish clear guidelines for your child's online activities, including screen time and appropriate websites.
- **Monitor Activity:** Be aware of your child's online habits and consider using parental control tools.
- **Report Concerns:** If you have any concerns about your child's online safety, please don't hesitate to contact your child's teacher or the school administration.

By working together, we can create a safe and positive online learning environment for all students.

**PBS Kids** - is a site that assists parents/guardians of children ages 2-8 in finding activities that support topics including academic content as well as emotions and self-awareness, social skills, and character. PBS Kids connects shows to learning opportunities like crafts, experiments, recipes, and more!
