NEW ADULT TITLES!

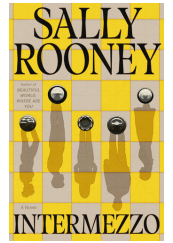

The Message by Ta-Nehisi Coates
Originally, Coates set out to write a book about writing, but found himself grappling with deeper questions about how our stories expose and distort our realities.

As we live in such a dramatic moment in life, this book from one of the country's most important writers is about the urgent need to untangle ourselves from myths that shape the world in which we live.

Intermezzo by Sally Rooney

"Aside from the fact they are brothers, Peter and Ivan Koubek seem to have little in common. Peter is a Dublin Lawyer in his thirties- successful, competent, and apparently unassailable... Ivan is a twenty-two-year-old competitive chess player." Following the death of their father the two brothers find themselves in a sort of interlude- a chance to find out how much one life might hold inside itself without breaking.
