

11/8/24

Dear Wyoming Families,

It was wonderful seeing so many families signed up for evening conferences on Thursday. If you were unable to participate, please reach out to your student's teachers if you have any questions. We're always ready and willing to help however we can.

The second quarter always goes so fast. We have 12 instructional days until Thanksgiving Break and the halfway mark in the second quarter. Then, when we return, there will be 11 instructional days until first semester exams. With this in mind, please continue to talk with your students about the importance of focusing in class and being prepared. The third quarter will be upon us in a blink. Please let us know what we can do to assist you as you have these conversations. When students see that everyone at home and school are on the same page it helps with consistency and reminds students that we're doing everything we can to help them succeed. Thank you for your support and we wish you a wonderful weekend!

Snow Days

Calamity Days may be called for a number of reasons. Most often, a calamity day is due to hazardous road/sidewalk conditions due to inclement weather. More information about school closures and delays can be found here.

Calamity day information is shared with families through the use of our SchoolMessenger notification system. More information about SchoolMessenger, including how to make changes to your contact information, is available here.

Our annual Superintendent Thanksgiving Message serves as a test of our SchoolMessenger phone call system. This year's Superintendent Thanksgiving Message is scheduled for Tuesday, November 26. If you do not receive the phone call on November 26 or would like to make changes to the phone number used for the message, please follow these instructions or send your request by email to info@wyomingcityschools.org

Wyoming High School and Hamilton County ESC have partnered to introduce LinkedUp Connect – a new online platform that connects students with real-life work-based learning opportunities. Through LinkedUp Connect, students can explore pre-apprenticeships, internships, job shadowing, community service, and more, all tailored to their interests.

These experiences not only prepare students for the workforce but also play a key role in meeting Ohio's graduation requirements. Encourage your student to take advantage of this innovative tool and explore the opportunities waiting for them with LinkedUp Connect!

This year's program is only open to juniors and seniors. If you would like to have access to the opportunities available through LinkedUp Connect please complete the [LinkedUp Connect Parent Consent Form](#).
