School Counseling

Welcome to the THS Counseling Department

The School Counseling Department is integral to the Student Support Services at Tenafly High School and is comprised of a group of dedicated, empathetic and student-centered professionals, who work to ensure that students are reaching their full potential in and out of the classroom.

Each School Counselor is assigned to guide and assist students through their four years of high school, where they help individuals plan academically and professionally, explore their passions and overcome life's inevitable challenges.

What We Do

Academic Counseling

Social/Emotional Counseling

College Counseling

School Counselors work with students and families to address academic concerns. Discussions pertaining to study habits, learning styles, executive functioning and motivation highlight this particular mode of support. Counselors monitor student progress and collaborate with teachers to help students reach their full potential in the classroom. Students who are struggling may be referred to the Intervention & Referral Services (I&RS) Committee, where an action plan can be created to help break down academic and other barriers. Our partnership with CarePlus NJ (CPNJ), a community agency, affords our students access to groups pertaining to executive functioning. School Counselors monitor graduation requirements and advise students accordingly regarding these NJ state mandates.

Rubrics - Grades K through 5

Curriculum & Instruction

Welcome to Tenafly Public Schools Curriculum

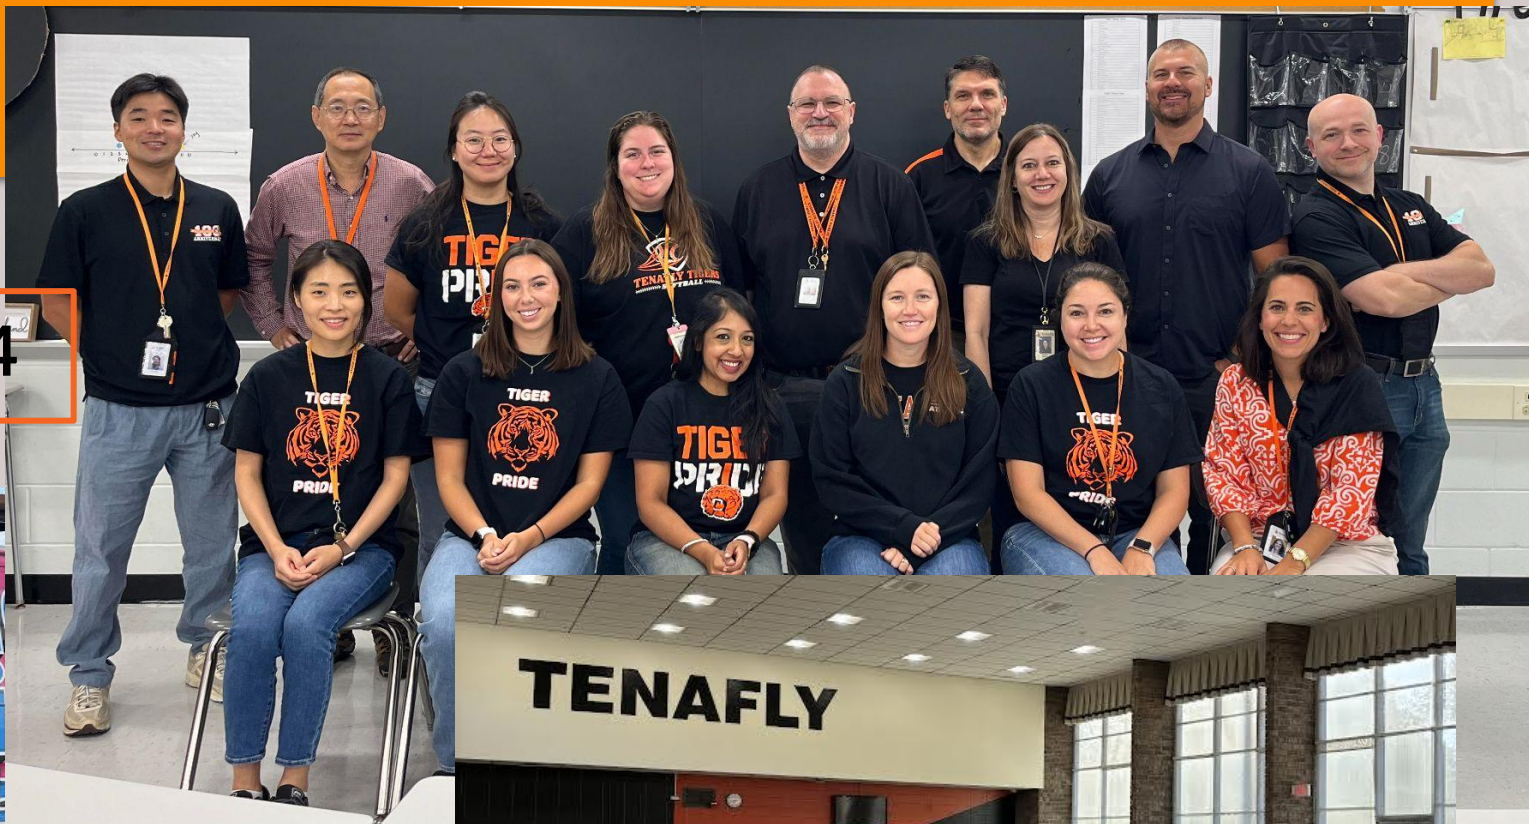

This section offers an overview of our district curriculum, Kindergarten through Grade 12. Placing our curriculum online enables us to share our instructional program with the entire school community, and provides up-to-date information on our course documents as they evolve. The written curriculum provides a guide for our teachers and is designed to be fluid and adaptable to the needs of their students. Curriculum is regularly reviewed to allow for teacher creativity and to ensure that students are meeting the highest academic standards and are gaining the skills they need to thrive in the 21st century.

The Tenafly Public Schools curriculum guides are in compliance with the New Jersey Student Learning Standards: [New Jersey Student Learning Standards](#)

Curriculum that is available on-line, can be accessed using the link to Rubicon Atlas below:

AMC10/12 2024

Mathematics

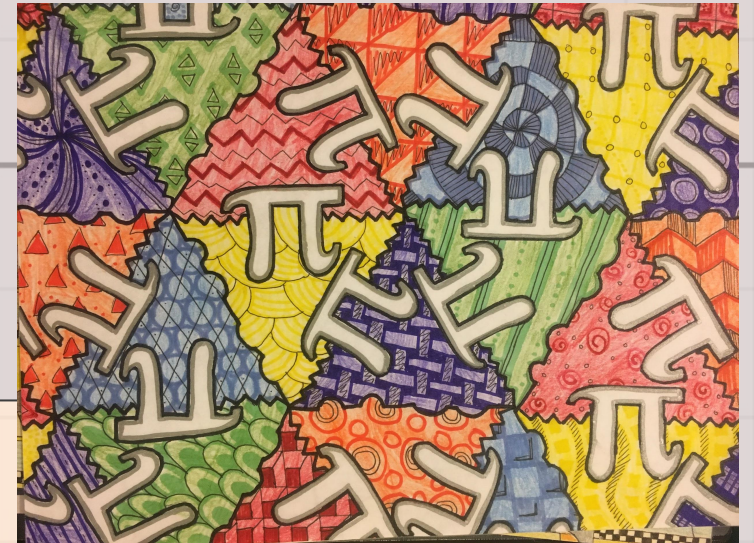

- **Our Philosophy of Math Education:**

*All students can grow their abilities and find joy and success in mathematics.
It is critical to balance conceptual with procedural understandings.*

- NJSLS Math Content & Math Practices

- **Traditional Sequence of Courses:**

- Algebra 1 → Geometry* → Algebra 2
- Beyond Algebra 2: Trigonometry → Statistics
Precalculus → Calculus

- **Elective Courses:** *Programming in Python, Cybersecurity,
Mobile Apps / Web Design, Data Science / AI*
AP Computer Science A, AP Computer Science Principles

- **Extracurricular Opportunities:** Math Club
Competitions & Events: BCML, AMTNJ, AMC 10/12

Amelia Bowers, K-12 District Math Supervisor

Science: Overview & 9th grade

Overview

- **Learn science by doing science** (scientific inquiry & collaboration)!
- 3 years of lab science courses required for graduation (1 year of **Biology**)

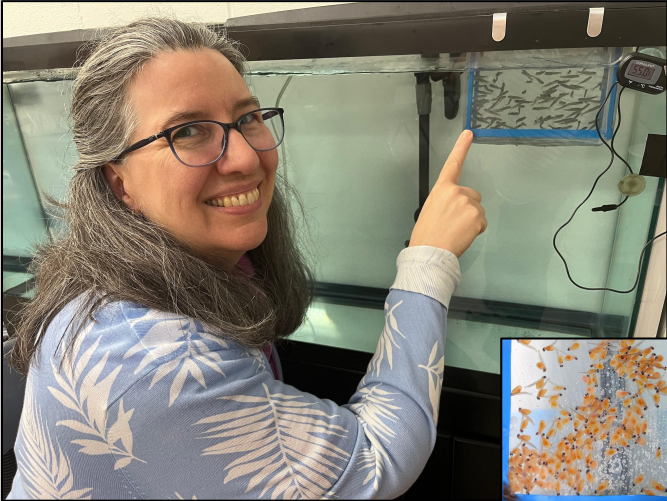

9th Grade

8th grade Math/ Science courses/ performance determine placement

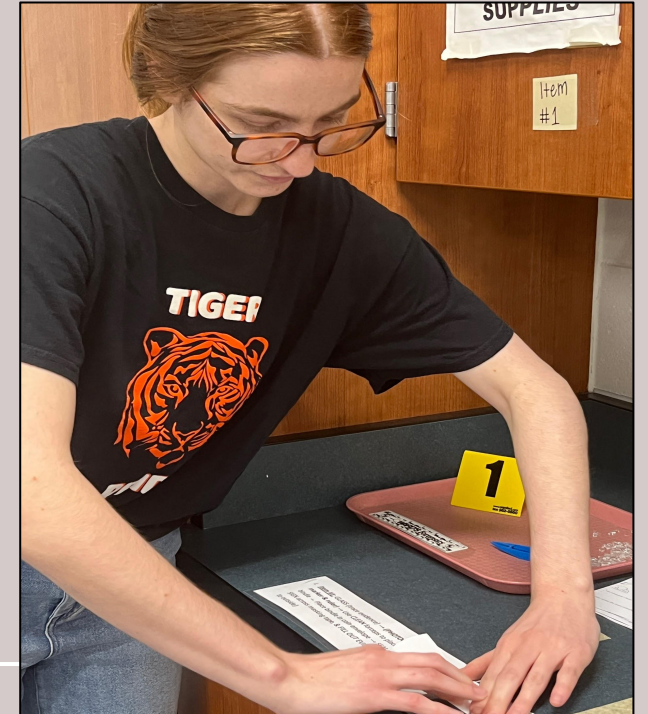

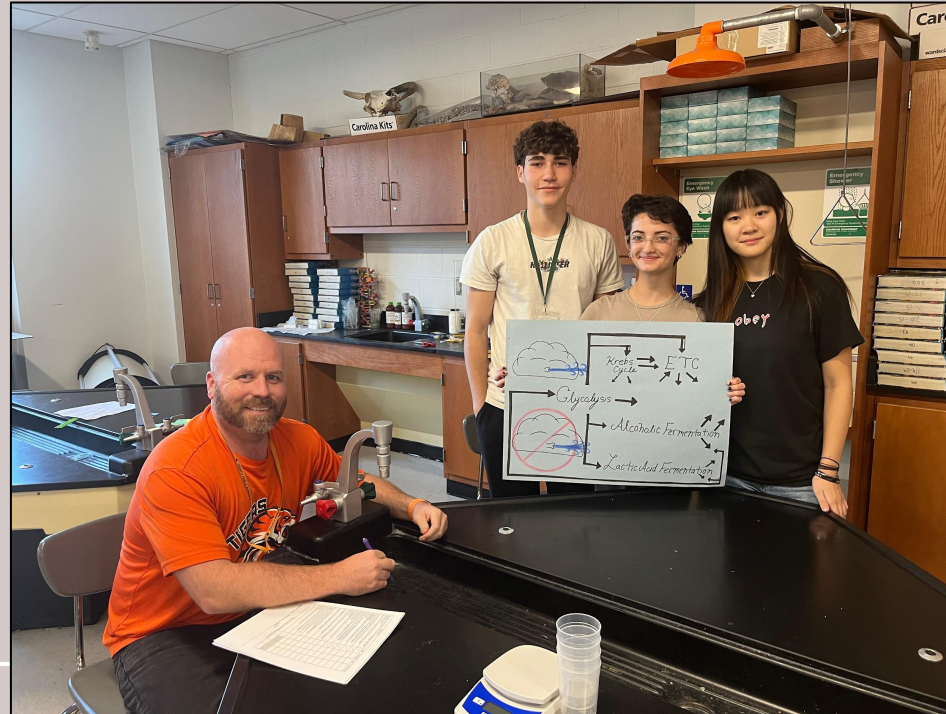

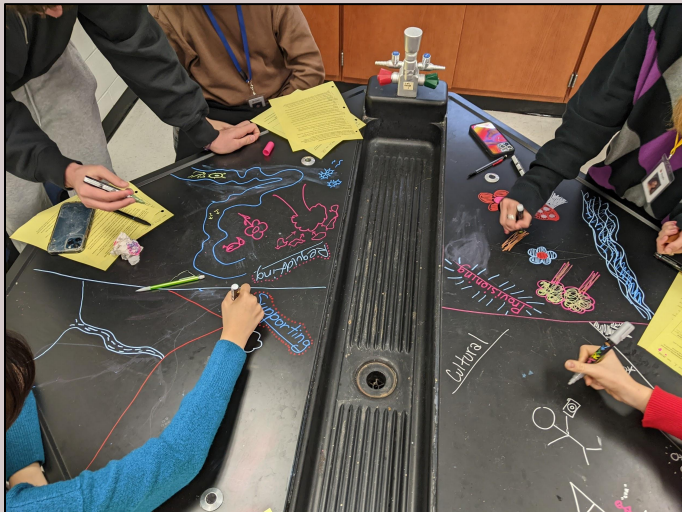

- **Physical Science CP or Honors**
- **Biology Honors:** *double science option, no lab period included*

Grace Woleslagle, K-12 District Science Supervisor

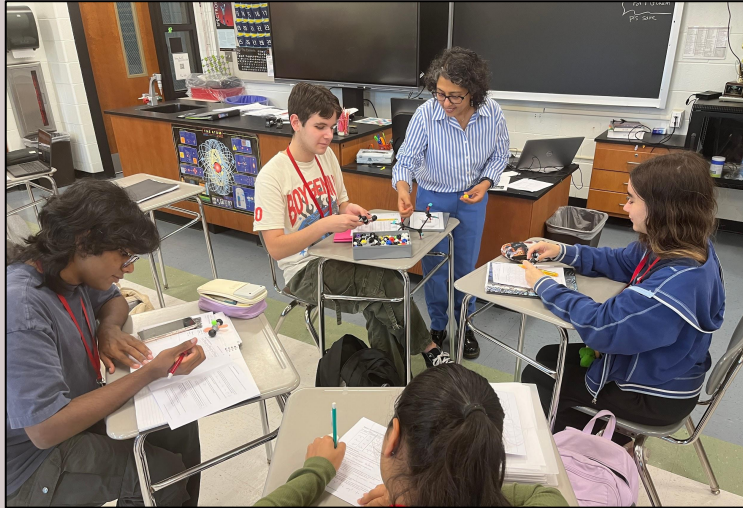

Science Highlights

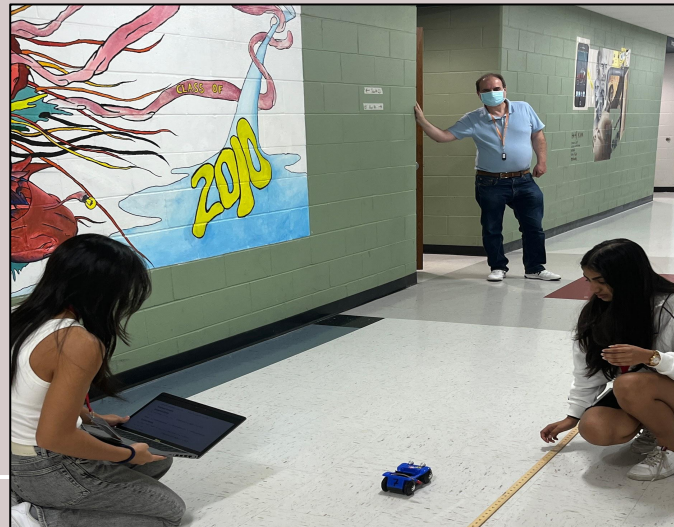

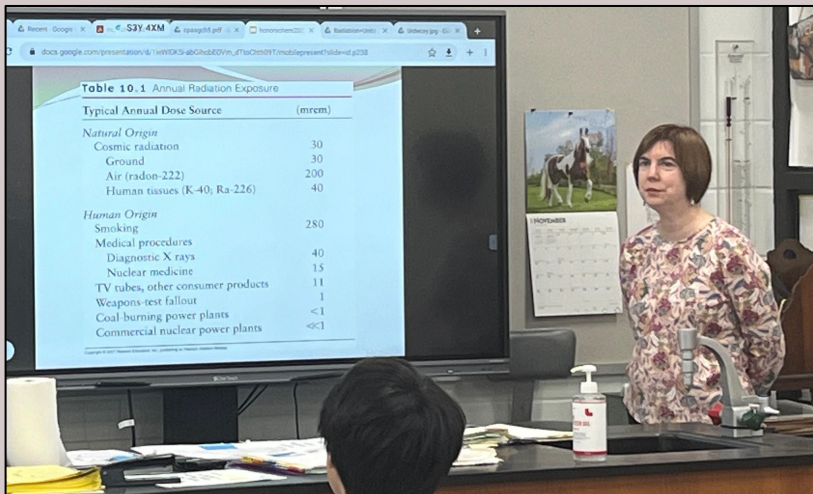

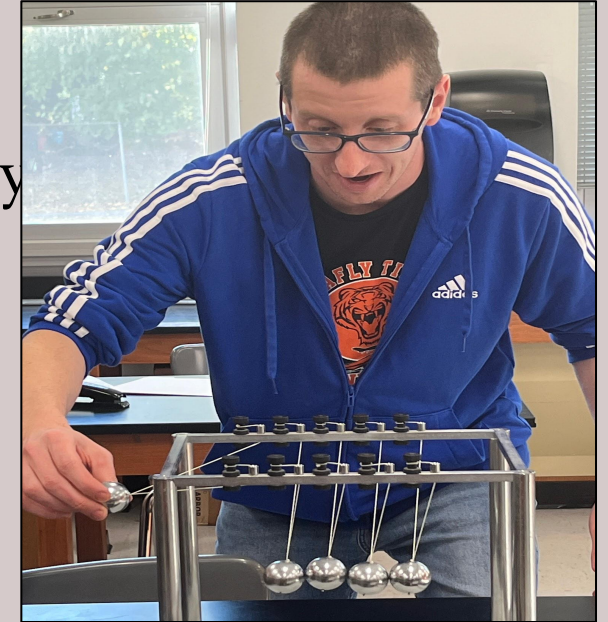

- NJ DEP “Trout in the Classroom” (Thank you, TEF!)
- Cellular Respiration in AP Bio
- Illustrating ecosystem services in AP EnvSci
- Making bindles in Forensic Science CP

Science Highlights

- Molecular modeling, nuclear radiation lecture, exploding Halloween pumpkins in Chemistry
- Newton's cradle, battery-race cars to explore motion & Newton's laws in Physics

Science Highlights

- 2024 Regeneron International Science & Engineering Fair (ISEF), *3rd place Grand Award*
- 2024 Science Olympiad NJ State Finals, *4th place*
- Terra NJ STEM Fair (TNJSF),
- NJ Academy of Science Symposium

Science: Courses & Clubs

Lab Courses:

- Biology CP or Honors
- Chemistry CPB or CP or Honors

Multilingual Learner Program

Tenaflly High School – 40 ML students

→ High Intensity ML program

- ◆ 2 courses of ML instruction daily: Language Arts and Communication in English
- ◆ In Class Support in Science (Physical Science, Biology) and Social Studies (American Cultures course)
- ◆ **Social Studies ML Sequence: American Cultures I/II (Beginner, Intermediate, Advanced)**

Seal of Biliteracy

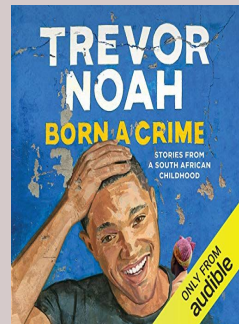

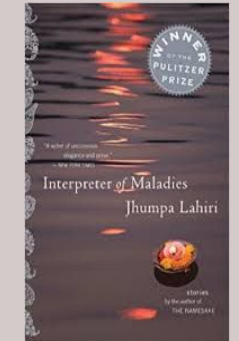

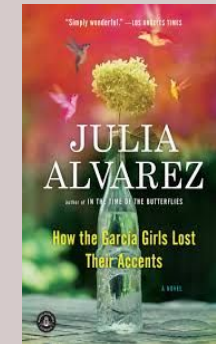

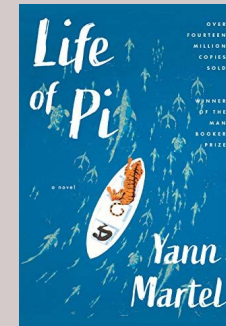

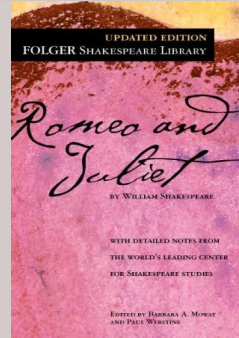

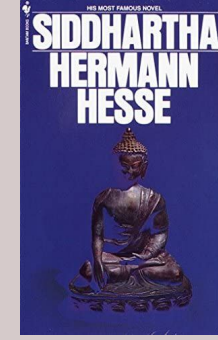

Elizabeth Giblin, Ed.D. Supervisor

English Language Arts 9th Grade

High school language arts is a comprehensive program designed to enhance students' reading, writing, and critical thinking skills.

- The curriculum includes a diverse range of literature across different genres allowing students to deeply understand how historical and cultural contexts shape literary works.

What can global literature teach us about ourselves, our culture and our identity, and our world?

Lisa Castelluber, Ph.D., Supervisor

English Language Arts 9th Grade

In grades 9 through 11, much of the English curriculum parallels the topical emphases of the social studies program. Field trips to theaters and museums in the metropolitan area may be included in the program.

Course offerings:

World Literature

AP Seminar

American Literature

AP Language and Composition

AP Literature and Composition

Psych and Literature

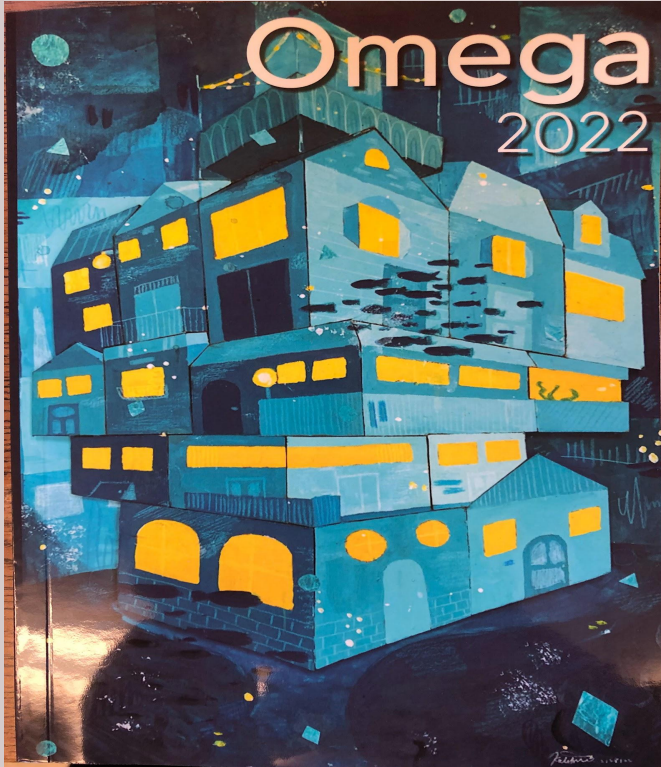

Dystopian Literature

The Self in Literature Today

The Shocking Results of the 39th Annual School Olympics

Jason Brancato, Staff Writer
March 14, 2018 • (Edit)
Filed under Showcase, Student Life

It's 4:15 on Friday, March 2nd, most students have headed home after finishing up a day full of cheering, posing for pictures, and competing in Olympic events. However, the great majority of one class had stayed past all the others and stuck through to the end to deliver its victory song. That class was none other than... the freshman? That's right, the winners of the 39th annual school Olympics were the Fresh-men of Bel Air! With the senior class leading the whole way through, it seemed like another Olympics as usual. But the freshmen kept the score tight, tailing closely behind the seniors until they overcame the deficit and won by a score of 407.5 to 397. They achieved what no other freshman class has done in the history of the Olympics and claimed the
