THIS MONTH IN MTSS AT DADE MIDDLE SCHOOL

This Month's High Leverage Practice focus will be active engagement. The leadership team will focus the walkthroughs on seeing students actively engaged in your classroom. What does active engagement among students look like? Are you asking open-ended questions, incorporating group activities, connecting learning to "real-life" situations, encouraging student presentations, utilizing technology, implementing gamification, providing regular feedback, facilitating collaboration, or tailoring learning to different student learning styles?

ATTENDANCE MATTERS

By 6th grade, chronic absence becomes a leading indicator that a student will drop out of high school

When students improve their attendance rates, they improve their academic prospects and chances for graduating.

24% of Dade Middle School Students have missed more than 10% of the days for the 2024-2025 School Year.
