## FROM THE SUPERINTENDENT

Congratulations to the Washingtonville High School graduates who earned their diplomas Tuesday night. The Washingtonville Central School District is very proud of all of the accomplishments you have achieved during your time here. We are immensely joyful for this occasion, as it is a monumental moment that you all have worked hard towards. Your dedication, passion and attentiveness to your studies does not go unnoticed. I hope you carry the skills and commitment you've developed in school with you along your journey through future endeavors. I know you all will go on and do great things in this world. Once again, congratulations on your graduation!

Thank you District voters for voting to approve the 2024-2025 budget and our capital project. You continue to show your support of our annual budget with strong voter turnout and results. In addition to the annual budget, your support for our capital project was outstanding. This project will allow us to further enhance the safety of our environment by improving and repairing our facilities. Not only this, but we can provide new playground equipment and deliver much-needed and overdue improvements to our fields for our athletes as well. I look forward to seeing these developments in our District and enhancing the infrastructures of our schools. [You can read more about official budget vote results and capital projects here](#).

Without you, we would not be able to expand our programs that make Washingtonville a successful school District. These programs aim to equip our students with the skills and knowledge they need to confidently navigate the world while carrying the essence of the Wizard Nation Spirit into their future.

The Washingtonville Central School District would like to extend to everyone a relaxing and healthy summer vacation. I look forward to seeing our students excited and ready to learn this fall!

Sincerely,  
Dr. Larry Washington  
Superintendent of Schools
