We are based in 20 jurisdictions around the world, with 6 within the Middle East (Abu Dhabi, Dubai, Qatar, Bahrain, Oman and Saudi Arabia).

We provide simple, a cost-effective occupational pension and savings plan that allow employers to deliver on their duty of care and to attract and retain quality people. Employers can ease cashflow by saving regularly for end of service benefit and also provide either sign on or contract completion bonuses or enhanced contributions levels for leadership or long-service.

As an international plan, it can incorporate several schools/countries so employers gain economies of scale and efficiency, and employees can move around a Group but keep a consistent benefit.

We also include an award-winning financial wellness portal as part of our service to increase broader financial literacy.

Within the plan for no extra cost, employees can save easily via payroll for life events such as marriage, house purchase, children's education or retirement.

Fees are simple and transparent, with access to Vanguard, Fidelity, Blackrock and Shariah funds.

Service is paperless, so employees can self-serve and its low impact on payroll/HR.
