Piano and ukulele - grades K-5

Guitar - Grades 2-5

About the teacher: Scott Adams has been teaching music to children for 20+ years at CHA both as a classroom music teacher and private lesson teacher. He teaches instrumental technique and how music works: reading, improvising, and most importantly to love playing. Pedagogical materials for piano, guitar and ukulele are used, but there is no formula. I meet your child where they are, with what they know and what they're curious about.
