## MUSD PROP 488 PASSES

Dear MUSD Parents,

Prop 488 has passed, and the Maricopa community has paved the way for growth! With this approval, we can move forward with plans to build schools and add classrooms providing our students the space and resources they deserve.

Thank you to each of you who cast your vote, shared information, and helped the community understand the importance of this measure. Thank you to the volunteers in the Yes for MUSD PAC for your leadership and dedication.

Now, with the community's support behind us, let's build the future!

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
