Subject: Future board meetings

To: info@fifeschools.com <info@fifeschools.com>

Good afternoon!

As we start to transition into hybrid learning, I was not sure how that would affect future board meetings. If it means that there will start to be in person meetings, can I suggest you keep zoom as an option for people to attend? I find myself listening in more then I would actually attend in person. Life is busy for everyone and I believe this gives more people an opportunity to still get stuff done at home and be involved with the district instead of choosing one over the other.

Also side note what is the status of the sinks at Endeavour? The water pressure (or lack of)at the bathroom sinks was/is unacceptable on any regular day but during a pandemic is beyond unacceptable. Hoping that is fixed prior to children entering the buildings.
