Resources on NeedyMeds

Patient Assistance Programs

(PAPs) Programs which provide medicine at no cost or at a discount to people who qualify.

Free/Low Cost Clinics

This is a database of clinics that offer healthcare at no cost, for a small fee, or on a sliding scale.

Disease-Based Assistance

Programs that help with the costs of specific diseases and conditions, including some insurance co-pays and premiums.

State Programs

Programs offering various types of assistance with healthcare costs for residents of specific states.

The Free NeedyMeds Drug Discount Card

Save up to 75% on prescriptions

- *No fees or registration*
- *No financial, age, or residency restrictions*
- *Cannot be used with insurance*
- *Go to www.needymeds.org*
- *Download, print, clip and save*

Plastic cards are available. Check the website for details.

How to find no-cost/low-cost medicine on the website:

1. Look for Patient Assistance Programs by looking up the name of your medicine.
2. Click Brand Name Drugs in the menu, on the left side of the page, and follow the directions.
3. If you can't find your medicine on this list, click on the Generic Name Drugs on the left and repeat the process.
4. If your medicine is not on either list, assistance is not currently available through a program.

Tips for applying to Patient Assistance Programs:

- Always call the program if you have questions.
- Look for programs for all your medications.
- Programs change – check back regularly.
- Don't leave blank spaces on the application – write N/A if the question doesn't apply to you.

Look for other types of assistance on NeedyMeds:

- Click on Disease-Based Assistance, also in the menu on the left, and follow the directions.
- Repeat the same process with Free/Low Cost Clinics or State Programs.

Talk to your doctor if you cannot afford your medicine. There may be a less expensive medication or a different one, available on a program, that will work for you.
