EARLY CHILDHOOD

Serving children up to 5 years old, Rosarian follows the Montessori philosophy of learning through all five senses. Children move at their own pace, as opposed to the traditional group pace. Under the guidance of highly trained Montessori-certified teachers, children choose concrete lessons according to their own abilities and interests. As a member of the American Montessori Society, the Early Childhood program nurtures the development of a strong sense of self-discipline, motivation, empathy, and a love of learning.

- Authentic Montessori, multi-age environment offering a full range of lessons that exceed the national standards for Early Childhood Education
- Experienced Montessori-certified teachers
- Enriched curriculum with co-curricular classes in physical education, art, music, and Spanish
- Early-intervention assessment in speech, language, and physical development
- Extracurricular opportunities for children 3 to 5 years old in dance, karate, and STEM

LOWER SCHOOL

Wonder and joy in learning characterizes Rosarian Academy's Lower School (grades K – 4th), where hands-on, open-ended activities develop children's curiosity and problem-solving skills. Instruction is carefully sequenced to encourage skill consolidation and cross-curricular connections. Throughout the program, students reflect upon and explain their thought processes and gain confidence in oral and written expression. Small classes in literacy and mathematics are enhanced by a respect for diverse learning styles. Integrated lessons in Spanish enrich the program. In labs and studios, science, art, engineering, and coding generate dynamic, authentic inquiry and understanding. Traditional Dominican values of community, prayer, study, service, empathy, and grace permeate the culture. Reference to national standards of best practices in teaching and learning afford Rosarian the opportunity to consistently monitor, analyze, and refine all aspects of the students' experience within the Lower School community.

MIDDLE SCHOOL

A beacon of comprehensive education, Rosarian Academy's Middle School, catering to grades 5 through 8, is designed to accelerate intellectual, spiritual, and social growth, building upon the strong foundation established in the Lower School. At this crucial stage, education becomes departmentalized, offering students an in-depth learning experience across various disciplines. The curriculum covers religion, literature, language arts, mathematics, science, social studies, and Spanish, ensuring a broad and balanced educational experience.

GUIDANCE

Rosarian Academy offers a comprehensive guidance program that is centered around the Adrian Dominican Sisters' vision to seek truth, make peace, and reverence life, and also around the four pillars of Dominican life: study, prayer, community, and preaching/ministry. Through the guidance program, students grow an understanding and value for God's unique design and plan for their lives as expressed through their own special gifts/talents, abilities and goals. Rosarian also teaches students to see the dignity and value in all people and to treat others as they would like to be treated, with empathy and respect.

ATHLETICS

Rosarian Academy provides its students with a variety of intramural and interscholastic athletic opportunities. The sports program seeks to align itself with the school's philosophy and mission. Coaches and student-athletes are prepared to work to the best of their abilities and are gracious competitors who embrace challenges, enjoy the process, win with humility, handle defeat with dignity, and are positive role models. Rosarian Academy competes in the Palm Beach Independent School Athletic Conference. Recognizing the value of athletics in student development, Rosarian Academy remains dedicated to expanding opportunities in this area to enhance the overall student experience.

COMMUNITY SERVICE

The Rosarian Academy community lives out its faith in service to others. Through our partnership with Fresh Rx, lower school students learn organic gardening skills and promote caring for the earth, sustainability, and service, as the produce helps feed the members of the community. School-wide service opportunities, open to families and friends, occur periodically throughout the school year and include gleaning crops for local food banks, beach cleanups, and meal prep for the homeless. In middle school, completing service hours is a part of the Religion curriculum. Through their actions, students realize that their own well-being is strengthened by service to others and the wider community. Opportunities to engage in service include:

- Organizing food, toy, and clothing drives
- Leading holiday-themed parties and activities for the disadvantaged children at The Lord's Place family campus and PediKidz
- Joining beach clean-up efforts at local beaches
- Volunteering with Dare 2 Care, Shower the People, to provide meals, showers, and laundry services for the homeless
