

Education Committee Meeting

Math Model Lessons

November 14, 2024

New Math Program and Curriculum

- Illustrative Mathematics (IM), the new math program, began implementation in September for grades K-8.
- A new curriculum was developed to align to the 2023 New Jersey Student Learning Standards.
- To assist the teachers with implementation of the new program and curriculum, the district Instructional Coaches led model lessons.

IM Model Lessons K-8

- IM model lessons began on October 8th.
- Instructional Coaches conducted a model lesson for each teacher grades K-5.
- Instructional Coaches are in the process of conducting model lessons for each teacher grades 6-8.
- Coaches modeled how to pace an IM lesson using the Newline Board.
- Coaches taught the lessons using methods aligned with IM and the curriculum.
- Teachers observed the lesson to gain insight on the best practices of facilitating an IM lesson.
