### Empowering Tomorrow's Tech Leaders Today

Are you a high school student passionate about technology and eager to learn more about the industry? The Minnesota Aspirations in Computing (MnAIC) program is your chance to gain recognition for your computing achievements, develop your skills, and immerse yourself in the tech industry.

**Program Overview:** The Minnesota Aspirations in Computing (MnAIC) program is dedicated to inspiring high school students in grades 9-12 who identify as women, trans women, genderqueer, or nonbinary. Each year, we honor over 70+ exceptional students at our spring Top-Tier and Rising Star ceremonies in collaboration with our corporate, community, and educational partners.

Our awards celebrate students' computing achievements, enthusiasm for technology, leadership, community involvement, and resilience. This recognition not only acknowledges their accomplishments but also fuels their ongoing engagement in STEM, enhances their confidence, and advances diversity in the tech industry.

Beyond the accolades, MnAIC provides a range of impactful opportunities throughout the year. Our program offers hands-on tech experiences, career exploration and job shadowing, personalized mentorship, professional development, college scholarships, and paid internships. By combining recognition with these valuable resources, we are committed to supporting our honorees as they continue their journey in STEM education and pursue successful careers in technology.

### IMPACT

- 1400 students honored and supported since 2012
- 370 Top State Honorees
- 465 Rising Star Honorees
- 80 National Winners
- 122 Paid Summer Internships
- 260 Job Shadow Matches
- 151 Mentor Matches
- 28 College Scholarships

**WHY APPLY? ▶**

### WHY APPLY?

- **Get Recognized:** Be honored at the Top-Tier and Rising Star ceremonies in Spring 2025 as one of the 70+ recipients.
- **Explore Your Path:** Access hands-on tech experiences, job shadowing, and paid internships with leading companies.
- **Grow Your Skills:** Benefit from personalized mentorship and professional development workshops to boost your abilities and confidence.
- **College Scholarships:** Honorees who meet the eligibility requirements can apply for MnAIC college scholarships.
- **Future Opportunities:** Receive ongoing support, even if you're not recognized this year.
- **High Success Rate:** Historically, 80% of applicants receive some form of recognition!

### WHO SHOULD APPLY?

- **Minnesota high school students** in grades 9-12 who identify as women, trans women, genderqueer, or nonbinary.

### KEY DATES:

**APPLICATION DUE:  
NOVEMBER 8TH**

### Ready to take the next step in your tech journey?

Apply now and join a community of peers and mentors committed to helping you succeed.

## Youth OnBoard!

### Connect

Youth OnBoard brings together students who want to make an impact and create representation for young people in their school and community.

### Collaborate

Youth OnBoard helps students build a safe, encouraging and fun space to have meaningful conversations and grow together as team.

### Create Change

Youth OnBoard guides young people to real opportunities with decision-making bodies that impact their lives.
