

Texas State SEED Scholarship

Scholars of Excellence in Engineering Design

The Scholars of Excellence in Engineering Design (SEED) will support talented, Pell Grant-eligible, incoming freshmen, domestic Texas State University engineering students with unmet financial needs by providing them scholarships, individual mentoring by a faculty member in their chosen major and a suite of academic enrichment, career engagement, and talent development activities.

- Awards up to \$15,000/year for four years based upon need
- Application and more information at SEED.wp.txstate.edu
- Accepting Applications Oct. 28th, 2024 - Mar. 3rd, 2025
- Priority registration for the Engineering Living Learning Community
