October 2024 Edition

CELEBRATING MANUFACTURING MONTH IN OCTOBER

**ATECH**  
is sparking a  
passion for  
career  
pathways in  
manufacturing

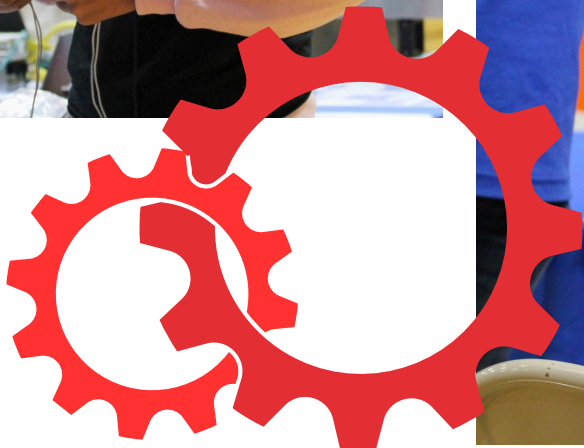

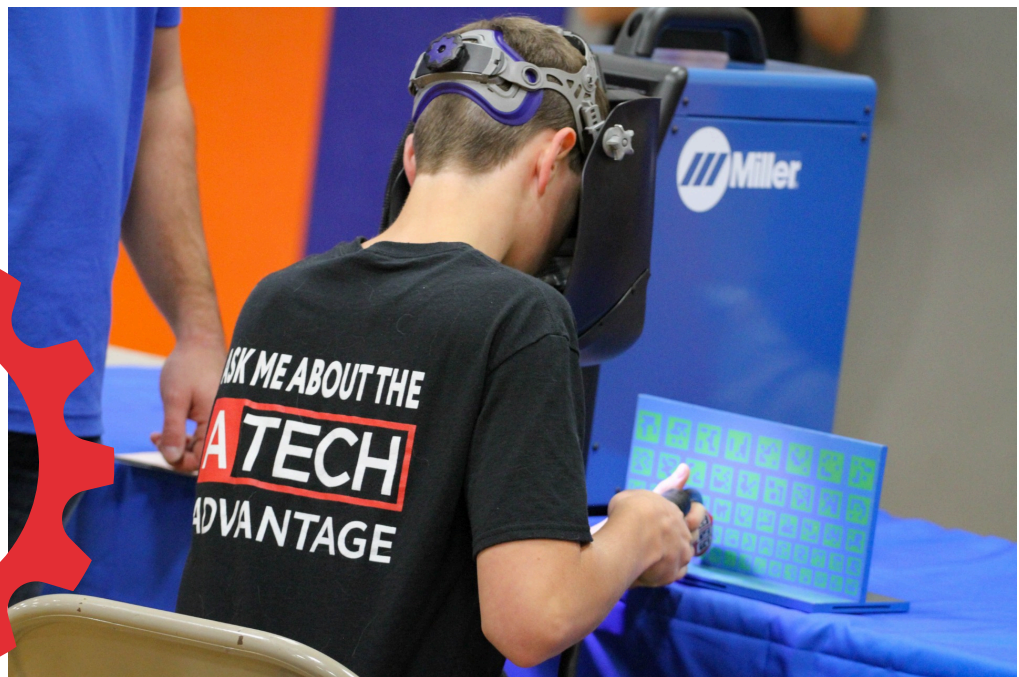

# SECOND ANNUAL MANUFACTURING INSPIRATIONS EXPO

**Rolling into October, students across our school district were anxiously awaiting October 16th. Why? The Appleton Technical Academy hosted over 1,500 students inside our field house for our second annual manufacturing expo. Students from grades 6-12 were able to interact with 26 local manufacturers and related businesses.**

**These employers brought hands-on activities for students to learn about career opportunities in manufacturing and ignite a possible future passion for them to explore career pathways in manufacturing in our high schools.**

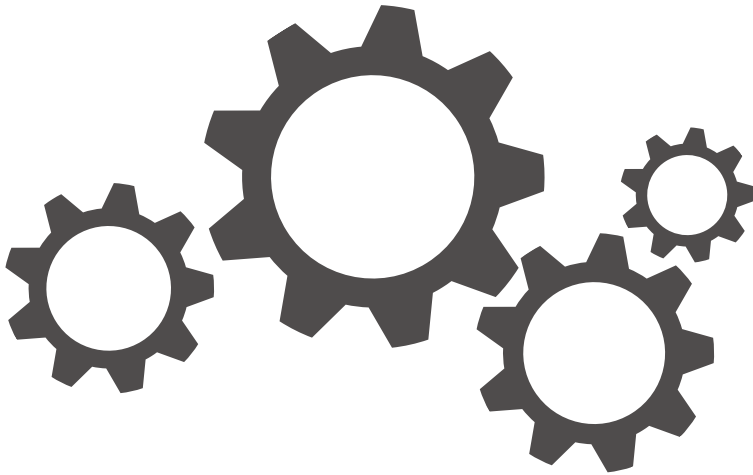

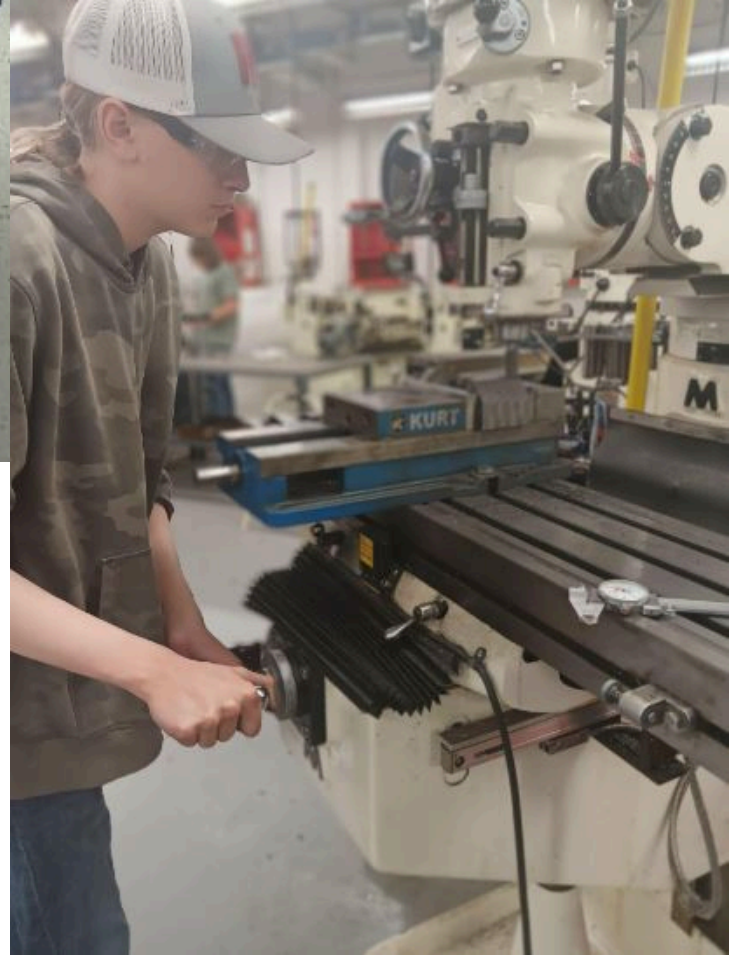

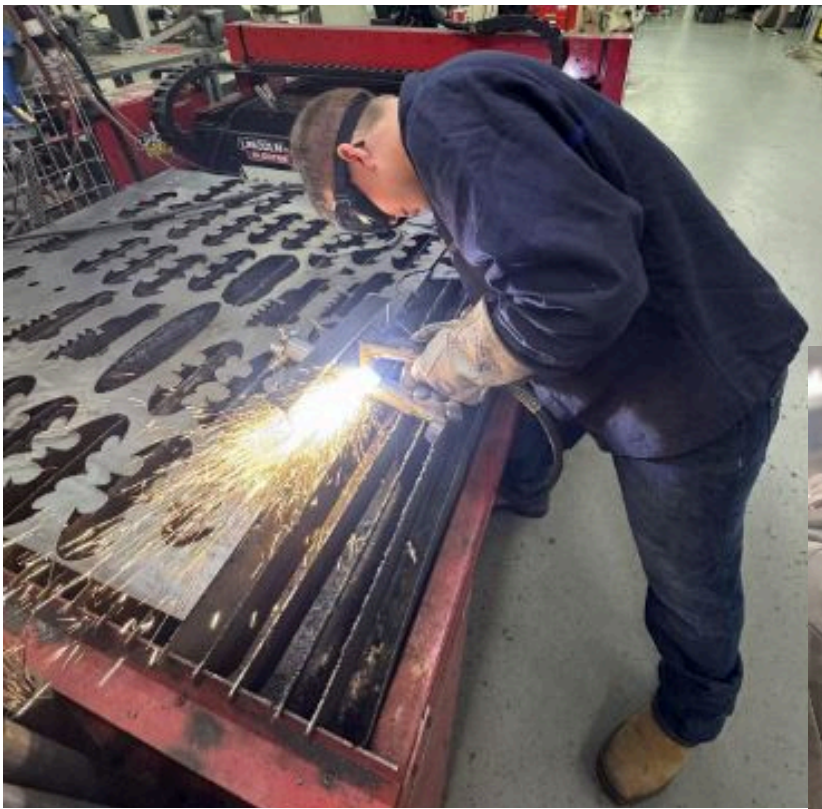

**We continue to hope to grow this event. If you are a business owner and would like to join us for next year's event, please contact Lead Teacher Paul Endter for more information.**

## **ATECH'S DUAL CREDIT COURSEWORK**

**Our junior and senior students are earning Fox Valley Technical College courses in high school. Our students are working towards credits that will directly apply towards: certifications, technical diplomas, or associate degrees in machining, welding, mechanical design, and automation.**

## MIRON CONSTRUCTION CONSTRUCTION SHOWCASE

**ATECH students were able to explore construction first hand at the ongoing construction site with the renovations to Appleton East HS. Students learned about masonry, carpentry, virtual construction and site layout. ATECH thanks Miron for providing additional opportunities for our students to learn about career opportunities in the construction trades.**
