

A decorative graphic in the top-left corner consisting of a network of grey nodes connected by thin lines, with several nodes highlighted in blue.

GISD SAFETY AND SECURITY COMMITTEE

November 1, 2022

A decorative graphic in the bottom-right corner consisting of a network of grey nodes connected by thin lines, with several nodes highlighted in blue.

AGENDA

- ⦿ Introductions and Good Things
- ⦿ Drug Awareness & Substance Use - Mindy Petty
- ⦿ Vaping Action Team
- ⦿ Reunification Exercise
- ⦿ Safety Audit – Spring Timeline
- ⦿ Intruder Audits
- ⦿ EOP Addition - Active Shooter Appendix
- ⦿ CLOSED SESSION

Welcome!

**Name & Role AND Good
Thing or...**

**The holidays are coming up
soon...what is your favorite
holiday tradition?**

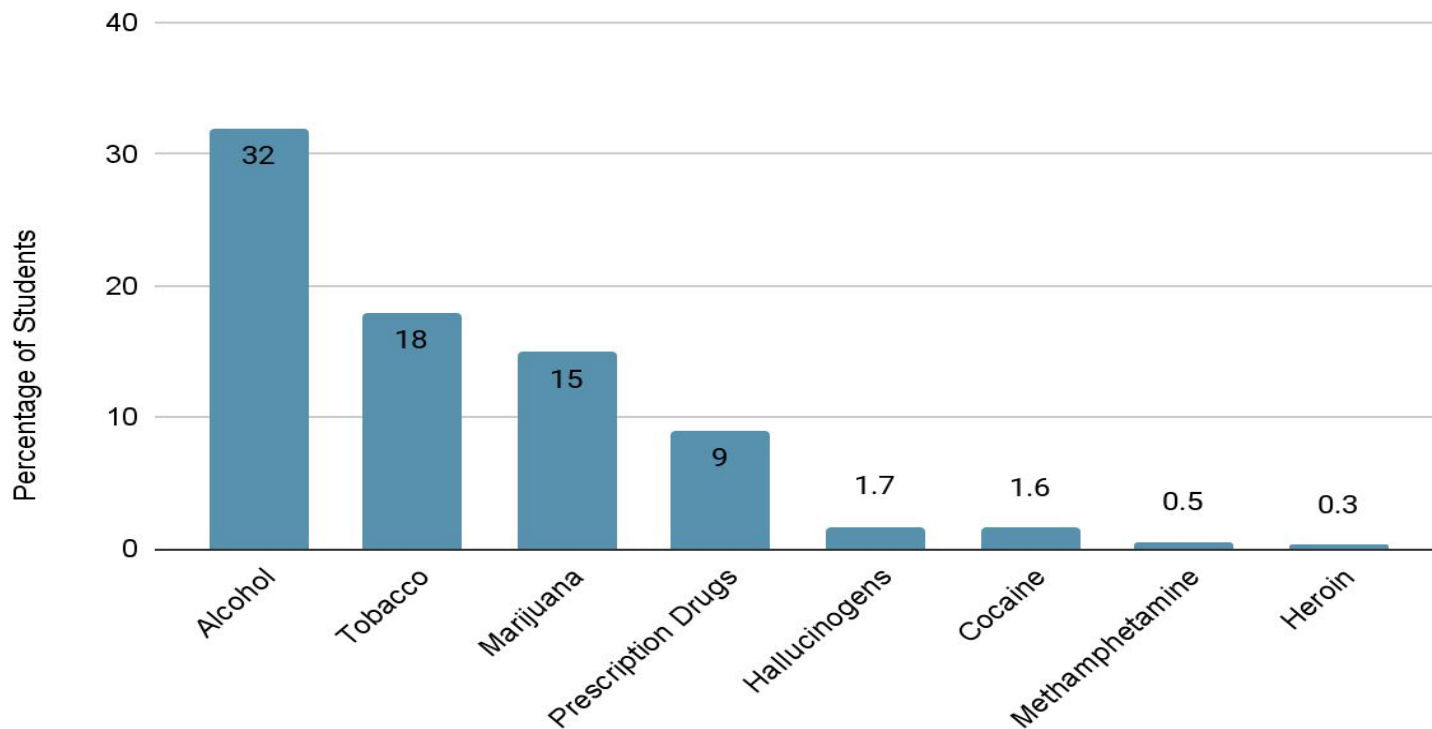

A decorative network diagram in the top-left corner, featuring a complex web of interconnected nodes and lines, with some nodes highlighted in blue and others in grey.

1.

DRUG AWARENESS AND SUBSTANCE ABUSE

Percentage of Past Year Substance Use Among Texas Student in Grades 7-12: 2020

What is Fentanyl?

- ⦿ Synthetic opioid
- ⦿ About 50x stronger than heroin
- ⦿ Used in a clinical setting since the 1960s (surgery and pain management)
- ⦿ Illegally manufactured fentanyl is a powder
- ⦿ Can be used alone or combined with other drugs

Reverse Opioid Overdose with Naloxone

Naloxone a.k.a NARCAN

- No psychoactive properties or harmful effects
- Can be administered by anyone
- Only works if opioids are in a person's system - does not work for alcohol poisoning or other drugs
- Effects wear off in 20 -90 minutes
- **Stay with the person until help arrives or at least 4 hours to make sure their breathing stays normal**

What is GISD doing to help educate parents on substance abuse?

Parent Presentation

Dr. Jessica Cance oversees the analysis and dissemination of health information available at the Texas Department of State Health Services and other Texas agencies. Immediately prior to her current position, she served as the Interim Prevention Lead for the Texas Targeted Opioid Response project at the Texas Health and Human Services Commission (HHSC). Jessica joined HHSC after working six years as an assistant professor at the University of Texas at Austin.

Dr. Cance has nearly 20 years of experience working in adolescent and young adult health promotion, including epidemiological research, program implementation, coalition building, and national evaluation projects.

Presentation date: TBA

What is GISD doing to help educate students on substance abuse?

Student Presentation

P.E. teachers in elementary are delivering substance abuse lessons

Health teachers are delivering substance abuse lessons at the secondary level.

Sgt Heather Vargas from the Organized Crime/Narcotics Unit at the Williamson County Sheriff's Office. Her unit has partnered with the National Guard Counterdrug Unit to give fentanyl education to high school kids.

Presentation date: TBA

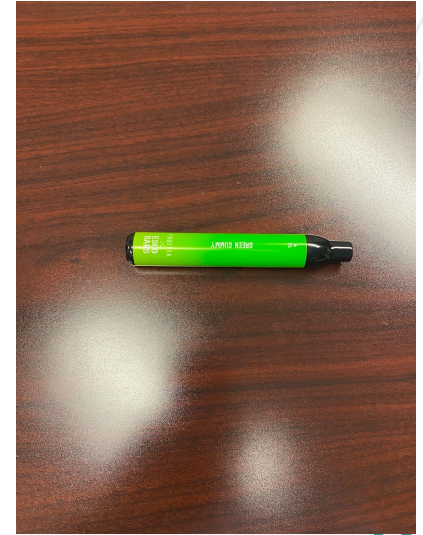

A decorative graphic in the top-left corner consisting of a network of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, suggesting a hierarchical or complex structure. The lines are thin and gray, connecting the nodes in a web-like pattern.

2.

VAPING ACTION TEAM

A decorative graphic in the bottom-right corner, similar to the one in the top-left, featuring a network of interconnected nodes and lines. The nodes are small circles, some with concentric circles, connected by thin gray lines.

INITIAL MEETING AND NEXT STEPS

A decorative network diagram in the top-left corner, featuring a complex web of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, suggesting a hierarchical or multi-layered structure. The lines are thin and gray, connecting the nodes in a non-linear fashion.

3.

REUNIFICATION EXERCISE

A decorative network diagram in the bottom-right corner, similar to the one in the top-left. It shows a cluster of nodes connected by lines, with some nodes being larger and having concentric circles, indicating a similar hierarchical or multi-layered structure.

GISD Reunification Exercise - October 31, 2022

**STANDARDTM
REUNIFICATION METHOD**

A decorative network diagram in the top-left corner, featuring a complex web of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, while others are smaller. The lines are thin and gray, connecting the nodes in a non-linear fashion. The overall style is technical and modern.

4.

SAFETY AUDIT TIMELINE

A decorative network diagram in the bottom-right corner, similar to the one in the top-left. It shows a cluster of nodes connected by lines, with some nodes being larger and more prominent than others. The lines are thin and gray, creating a web-like structure.

District Safety Audit - Proposed Timeline

- ◎ February 3 - Begin paperwork
- ◎ February 22 - Begin onsite audits
- ◎ March 10 - Onsite audits complete
- ◎ March 31 - Review draft report
- ◎ April 12- Complete final report for submission

A decorative network diagram in the top-left corner, featuring a complex web of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, suggesting different levels of connectivity or importance. The lines are thin and gray, creating a mesh-like structure.

5. **INTRUDER AUDITS**

A decorative network diagram in the bottom-right corner, similar to the one in the top-left, featuring a complex web of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, suggesting different levels of connectivity or importance. The lines are thin and gray, creating a mesh-like structure.

A decorative network diagram in the top-left corner, featuring a complex web of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, suggesting different levels of connectivity or importance. The lines are thin and gray, creating a mesh-like structure.

6.

EOP ADDITION - ACTIVE SHOOTER APPENDIX

A decorative network diagram in the bottom-right corner, similar to the one in the top-left, showing a complex web of interconnected nodes and lines. The nodes are represented by small circles, some of which are larger and have concentric circles, suggesting different levels of connectivity or importance. The lines are thin and gray, creating a mesh-like structure.

**Thank you for
your feedback
on our EOP!!!**

**Our EOP was
submitted to
TEA on
October 12.**

Active Shooter Appendix Feedback Protocol

ACTIVE SHOOTER APPENDIX FEEDBACK PROTOCOL

Warm Feedback (What did you like?)	Cool Feedback ("I wonder...")	Clarifying Questions

CLOSED SESSION

Meeting will resume after a 5 min break
