

GISD SAFETY AND SECURITY COMMITTEE

January 18, 2024

AGENDA

OPEN SESSION

- Introductions and Good Things
- Full Solar Eclipse
- Raptor Alert Update

CLOSED SESSION

- Intruder Audit
Detection Report
Findings and Staff
Training Plan
- Psychological First Aid
Training Update

GOOD THINGS/AND OR

What are you looking forward to the
most in 2024?

The background features a repeating pattern of overlapping circles in various shades of blue and teal, with thin, gold-colored, branch-like lines crisscrossing over them.

1. **FULL SOLAR ECLIPSE**

Total Solar Eclipse of April 8, 2024

Time of Eclipse

12:40 pm MDT

1:40 pm CDT

2:40 pm EDT

3:40 pm ADT

4:10 pm NDT

Speed of Moon's Shadow

1,651 miles per hour

Duration of Totality

4 minutes, 23 seconds

*The 7 million people of the
Dallas / Fort Worth metro
area will be in full shadow*

FULL SOLAR ECLIPSE - APRIL 8, 2024

- Visible in North America for the first time since 2017 (before that was 1979!)
- Can be seen in Williamson County between 12:18 pm to 2:58 pm with maximum totality at 1:37 pm

TIMING DETAILS

Duration: 2hr, 40m, 44s

Maximum: 1:37 pm

Duration of totality: 3m, 6s

Full ends: 1:39 pm

Partial begins: 12:18 pm

Partial ends: 2:58 pm

Full begins: 1:36 pm

WILCO - CONCEPT OF OPERATIONS

- Prevention and mitigation of threats to property and life, safety for responders, citizens and guests during the solar eclipse event.
- Prepare for known and unknown hazards before, during, and after the event.
- Response and resource requests shall be coordinated through the EOC, which will be activated throughout the event.

WILCO - PREPAREDNESS

- Multiple meetings with stakeholders, state and local authorities.
- Extensive discussions with experts regarding threats and hazards that are already present.
- Monitoring media for alternative threats/hazards (other pre-planned events, media's narrative).

WILCO - HAZARD ANALYSIS

- Due to a possible surge in population, Williamson County could see the potential for emergency situations arising in transportation, communication, public safety and other sectors.
- There could be a high influx of visitors and overwhelm our resources and infrastructure.

SOLAR ECLIPSE PLANNING IN GISD

- Coordinate and plan with city, county and state entities.
- Solar eclipse glasses available for all staff and students.
- Great learning opportunities!

The background of the slide is a repeating pattern of antlers in a golden-brown color, set against a dark teal background with large, overlapping, lighter teal circular shapes. A white rectangular box with a thin gold border is centered on the slide.

2. RAPTOR ALERT UPDATE

- **Training Plan**
- **Implementation Timeline**
