

November 18, 2024

Dear Fairport Harbor Community,

We are excited to share an update regarding the plans for capital improvements to our athletic stadium. It is important to note that these improvements are not part of the OFCC (Ohio Facilities Construction Commission) construction project, as OFCC funds cannot be utilized for stadium-related projects.

To make this vision a reality, the district will be utilizing funds from our existing capital improvement fund, which has been specifically set aside for facility-related projects. This approach ensures that no new levies or bonds will be requested from Fairport taxpayers. We are currently working on developing plans and gathering pricing estimates to assess what the district can allocate toward this capital improvement project.

The capital improvement fund is a dedicated resource. Expenditures from this fund are strictly board-approved and aligned with the needs of our district's facilities.

We are thrilled to enhance our athletic spaces, which play a vital role in fostering school spirit and community engagement, while maintaining our commitment to fiscal responsibility.

Thank you for your continued support of Fairport Harbor Schools.

Sincerely,  
Mr. Bill Billington, Superintendent  
Mrs. Sherry Williamson, Treasurer
