

College Pathways 2025 State Assessment Schedule

for Full-Time students and Part-Time students

Please make every effort to attend the testing session for your grade level listed below. Should you have a conflict with your scheduled time, please contact Mrs. Steiner (psteiner@asd20.org) to arrange for make-up testing. Make-up testing is available for every assessment.

College Pathways has made every effort to streamline testing sessions. To accommodate the various schedules of state tests, College Pathways has planned a non-Instruction week during our testing week:

April 14-18 = primary testing week for all CP 7-11 grade students

This is a non-instruction week: no regularly scheduled CP coursework, no on-campus CP classes
